Schenck's Mandrake Pills act upon the liver, removing all obstructions, relax the ducts of the gall-bladder, the bile starts freely, and the liver is soon reliewed; the stow will show what the Pills can do; nothing has ever been invented accept calomel (a deadly poleon while well accept and the liver like Schenck's deawed it was the prescriptions of the liver like Schenck's Mandrake Pills.

Liver Complaint is one of the most prominent causes of Consumption.

Schenck's deawed Toule is a gentle stimulant and alterative, and the alkall in the Seawed, which this preparation is made of, assists the stomach to throw out the geatric juice to dissolve the food with the Pulmonic Syrup, and it is made into good blood without farmentation or souring in the stomach.

The great reason why physicians do not cure consumption is, they try to do too much; they give medicine to stop the cough, to stop chills, to stop night sweats, hectic faver, and by so doing they derange the whole digestive powers, locking up the secretions, and sweatship the patient sinks and dies.

Dr. Schenck, in his treatment, dose not try to stop a cough, night aweats, chills, or fever. Remove the cause, and they will all stop of their own accord—No one can be cared of Consumption, Liver Complaint, Dyspepsis, Catarrh, Canker, Ulcerated Throat, unless the liver and stomach are made healthy.

If a person has consumption, of course the lungs are a mass of inflammation and isset decaying. In such cases what must be done? It is not only the lungs that are wasting, but it is the whole body. The stomach, the patient will begin to want food, it will digest easily and make good blood; then the patient begins to gain in flesh, and as soon as the body begins to grow, the lungs commence to heal up, and the patient gets fleshy and well. This is the only way to cure Consumption.
