A dressing which is at once agreeable, healthy, and ctual for preserving the hair. Faded or gray hair soon restored to its original color and the gloss and reshness of youth. Thin hair is thickened, falling hair checked, and baidness often, though not always cured by its use. Nothing can restore the hair where GROCERIES, NOTIONS, the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for r ness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorerninggray or falling off, and consequently prevent aldness. Free from those deleterious substance which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but no armit. It wanted merely for a
