Two Democratic aspirants for the Presidency were shelved by the October elections-Packer in Pennsylvania, and Pendleton in Ohio.

In New Jersey the Republicans are confident that they will carry the State this year. The Newark Courier does not believe that the frauds in Hudson county and other portions of the State, which last year cheated General Grapt out of the electoral vote, can be repeated.

THE Republicans of Ohio achieved a signal victory at the October election. defeating Pendleton, the strongest man the Democrats could have put up. and regaining the Legislature. The major ity for Governor Hayes (Republican) is a little over 8,000, the Republicans having 1 majority in the Senate and three in the House. This victory is the more significant, from the fact that it was achieved not only against Pendle ton and his green-back heresy, so popu. lar in the West, but the Legislature will have to pass on the 15th Amendment. The issue was made up fair and square—the Republicans advocating Manhood Suffrage and the Democrats opposing. All honor to the Republicans of the Buckeye State.
