J. E. WIBLE.

dessor, he was called—was an eccentric man of science. With the exception of a few students to whom he gave private lessons, he received no visitors, and had no as he received no visitors, and had no as-

sociates. His daughter Mary, it was universally agreed, was an angel, and a very arch one

The Professor heard my proposal with a serious look. "Have you the means to support a wife? he inquired.

tingent.

you an answer; till then, let the subject be I felt the force of the Professor's reason My resolution was taken. I bade fare-

At the end of two years-two years o toil and adventure in the wild and newly liscovered gold regions of Australia-I reurned rich, and more than rich enough to justify me in demanding the Professor's

spathetic than usual. Indeed the news seemed to quite interest him, "But your treasure-in what shape have you brought it nome?" he asked. "In good bank-notes," I answered, giving my breast pocket a slap. "I have them

"A very careless way of carrying so much noney," he remarked. "I know it," I said; "but I found it difficult to buy exchange at the little seaport where I landed, and so, for convenience sake, ful but harmless sleeping potion, and the whole truth. And what did his father and told him by the merchant why he staid behind to there'll be but little risk till then."

under the pillow. It was broad daylight when I awoke .-

but too evident I had been robbed during my sleep. A skeleton key still remained in the lock, but no other trace of the criminal was left. I at once called on the Professor. The old man received me cordially. He listened to my story with a grave face, and was very particular in his inquiries touching the companions I had spent the previous evening with, and who had knowledge of my being in possession of a sum so con-

ised two years ago. Call at eight o'clock lised two years ago. Call at eight occock tween me and the devil, brother, and you we trust." After mentioning several sorip. We had from the beginning, that we love perhaps ex well that he died ex he did.— "But Mary," I mustered courage to ask- won't get hurt." "could I see her a moment?" "She has gone out for the 'day," he answared; "but you shall see her this eye- road ride in a novel way some days ago. It propriate would be: "Bilver and gold have swared; - and you shad no her talk eye road the mark as the train came I none; but such as I have give I thee!" ground, and said to him; Why have I into wasse it is vice as it in the regular of the police, put along, and the "cowcatcher" - a premature The project was abandoned. Lieptineset's town grace in thine eyes, seeing I am a literia aw his name was annitable joke up ning, or at furthest to-morrow."

he latter, addressing himself to me. In answer to my look of inquiry, he pr "This gentleman," with a gesture ward my friend, "has just honored me with an important proposal—no less indeed, than an offer for my daughter's hand. Bêing a

> "And is it you, wretch!" I exclaimed, casting a furious look at Max, "that have dared to take advantage of my misfortune to supplant me in that wherein you had my confidence, and wherein I had a right to count on your aid and sympathy?" Hot words followed, ending in a chal

"Come, gentlemen," said the old Professor, "I have a proposition to make," and presed into an adjoining apartment. After a brief absence he returned, bearing a salver, on which were a couple of a asses partially

"There," he continued, 1 cing the salve on a table, "are two glass of wine. Ir one of them is a subtle and tastless poison. He who drinks it will exp nience no pain, but will, within an hour's time, sink into a calm and peaceful slumber,; from which there will be no waking. I would bestow We shall fill the places which they now my daughter on no man not ready to peril his life for her sake. Your readiness to do this I propose a more rational mode of testing, than the senseless combat in which you survivor, I pledge the gift of my daughter's hand. All traces of the other's remains

ly destroying, and the secret of his disappearance need never be known." "Heavens! how weird the old man look ed! Could it be that he was really insane? Let us clasp hands closer as down ward or was there more in the popular surperstition with regard to him than was common-

ly accredited? My mind shrank from the idea of suicide. "But, after all," I reflected, "what differ There is at least as favorable a chance of rescuing from a villain's hands an innocent

My purpose was formed "I accept the test!" I exclaimed. Max hesitated.

"Why not settle our difference in t isnal mode?" he expostulated. "Cowards may fight duels," I replied "confiding in superior skill, or schooled by word. "What does the fellow say, Jim- thorough-bread bug, but his breeding and t that. I am not going to tell you how custom. To face death in a new and un-

glasses. I was Max's friend! I believe he was no ing step he approached the table, and with

The Professor at once conducted us to separate chambers; remarking, as he did so, that an hour would tell the tale. Left to myself, I began closely to study my sensations. For a time, I was consciwere mainly prospective and wholly con- ous of nothing unusual. At length a feeling of drowningness began to steal the small annuity which barely suffices, more probably, the natural re-action after a with such additions as I am able to make to day of excitement. But no; it was beit, for present needs, will and with my life. coming too marked for that. Besides, I tune, which renders it all the more impor- preternaturally heavy. I was certain I had closed and locked it hefore retiring. My first thought was of my money. Heavens! it was gone! It was

"It is a hard case," he added. "I am not quite prepared to return the answer I prom-

miss any hope of success.

At the appointed hose I was minered into
the Professor's study. To my surprise, matter with a noted lady in the following

She was a magnificent looking woman in the drawing-room. Her stately and Junolike figure to vered above the rest of the ladies. When she found a timid young girl, she would attend to her most assiduously, conduct her to the piano, and remain with litening, and az full ov melancholly az the her till she became more at her ease. At toothacke.

one of her receptions, a tall, dangling youth, fresh from the back-woods, made his awl ov their differences ov opinyun by letappearance, and took his stand against a ting their javelin fly, and are az certain to partition wall. He stood in that position hit az a mule is. like a figure for half an hour, and finally This testy critter lives in congregations ventured to take :: cup of coffee, which it numbering about one hundred souls, but was then the custom to hand around. Mrs. Madison's keen eye had noticed his embarassment, and she wished to relieve it. She or whether they are Mormons, and a good walked up and addressed him. The poor many of them kling together and keep one youth, astounded, dropped the saucer on husband to save expense, I don't kno nor the floor, and unconsciously thrust the cup | don't kare.

into his breeches pocket. "The crowd is so great"-remarked the gentle lady-"hat no one can avoid being jostled. The servant will bring you another cup of coffee. Pray, take a noshun to, and seldom are disturbed, how did you leave your excellent mother? I had once the honor of knowing her, but I nets and hav the one-hundredeth hit his have not seen her for some years." Thus and are about to engage. Let each drink the be were in the company of an old acquaint. she continued till the poor youth felt as if ance. He took care, secretly and soon, to dislodge the protuberance in his pocket. ETIQUETTE UNDER OLD HICKORY. According to Baillie Peyton, when Mc-

Lane was Secretary of State, a new minis-

ter arrived from Lisbon, and a day was ap-

pointed for him to be presented to the Pres-

ident. The hour was set, and McLene expected the minister to call at the State Department; but the Portuguese had misunderstood Mr. McLane's French, and he proceeded alone to the White House. He rang must be good for something, but I kant ence is there in principle between staking Irish porter, Jimmy O'Neil. "Je suis my life on such a hazard, and the more un- venu voir Monsicur le President," said nor one that want a good job, there iz even the minister. "What the deuce does he lots ov humen men loafing around black mean!" muttered Jimmy. "He says Pres. emith shops, and cider mills, all over the ident, though, and I suppose he wants to see the General." "Oui, Oui," said the anything but to beg plug tobacco and swear, Portuguese, bowing. Jimmy ushered him dan steal watermellons, but yu let the cholera into the green room, where the General was break onst, and then yn will see the wisdom smoking his corn-cob pipe with great com- ov having just such men laying around; posure. The minister made his bow to the President, and addressed him in French, of

body's though I then thought differently.— a trembling hand took up one of the glasses. Wants." The cook was hurried from the git, generally outlives all his nabers. the carving-knife in his hand. The minister seeing this formidable apparition, and him, let him hit you once with his javelin, They said nothin, but paid the fine tor him doubting he was in the presence of the Head and you will be willing to testify in court that and hurried him away. "I am already old," he continued, "and over me. Still, it might be only fancy, or, bis character. At this juncture McLane came in, and the minister was presented in due form. It is said General Jackson always resented allusion to this incident.

> "it is time for you to go the pasture and drive Johnny was playing at ball, and the pasture was a long way off; he was accustomed to obey, so off he started without a word, said: "Can't take him; places all full; beas fast as his legs would carry him. he only let down the bars, and then hurried faithful." There was a twinkle in the boy's the cattle through, and one fine cow, in eyes, which made the merchant think again. broke her leg.
