DR. JOHNSTON, Physician of this celebrated Institution, has d covered the most Certain, Speedy, Pleasant a Effectual Remedy in the World for all DISEASES OF IMPRUDENCE. Weakness of the Back, or Limbs, Strictures, Affections of the Kidneys, or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspesia, Languor, Low Spirits, Contusion of Ideas, Palpitation of the heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from Solitary Habits of Youth—Scener and solitary practices, more latal to their victims, than the songs of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes, or anticipations, rendering marriage, &c., impossible.

Medical.

YOUNG MEN especially, who have become the Victims of Soil-tary Vice, that dreadful and destructive habit which ainually sweeps to an untimely grave thousands of young men of the most exalted tal-cuts and-brillent intellect, who might otherwise have entranced listening Senates with the shund-ers of eloquence, or waked to ecstacy the living lyre, may call with full-confidence, MARBIAGE.

Married persons or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency,) Nervous Excitability. Palpitation, Organic Weakness, Nervous Debility, or any other disqualification, speedily relieved.

ORGANIC WEAKNESS. IMPOTENCY, LOSS OF POWER.

Immediately Cured, and Pull Vigor Restored.

This distressing affection—which renders is miserable and marriage impossible—is the penalipaid by the victims of improper Indulgences. Young persons are too apt to commit excess, from not being aware of the dreadful consequences that may ensue. Now, who that understand the subject will pretend to deny, that the power of procreation is lost sooner by those falling into improper habits, than by the prudent! Beside being deprived of the pleasures of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weak, ened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Pulpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Cough, Consumption, Decay and Death. DISEASE OF IMPRUDENCE

Disease with our own.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-limed sense of shame or dread of discovery deters him from applying to those who, from education and respectability, can alone betriend him, delaying till the constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremittes, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful sufferings, by sending him to that undiscovered country, "from whence no traveler returns."

It is a melancholy fact, that thousands DIE victims to this terrible disease, through fulling into the hands of Jenorant or Unakilful PRETEND.
