The Presifully, made up his mind to re-cast the city, but instead of consulting the contesting factions, used his own discretion. According on Saturday he sent a batch of nominations to the Senate, among them that of Hon, Thomas Murphy, to be Collector of Customs at New York, vice Moses H. Grinnell, who takes the place of Naval Officer, made vacant by the resignation of Mr. A. B. Cornell. General Thomas Hillhouse was also nominated as Assistant Treasurer at New York, in the place of Judge Folger, resigned; and Hon. Noah H. Davis, member of the present House of Repre-

Senator Fenton is understood to be hostile to Murphy and will try to prevent a confirmation, while Sentor Conkling endorses and will urge approval. Under the rule recognized at Harrisburg, by which all local legislation is turned over to the member from the county affected by it, the Republicans of the minority counties have no hearing, although generally representing the wealth, intelligence and business enterprise of their respective localities. We have frequently protested against a continuance of this pernicious rule.— All legislation should stand on its esadopting or rejecting local bills on the simple recommendation of local representatives, irrespective of their merit, has worked not only unjustly, but most mischievously, Under this rule frequently the most flagitious legislation is enacted into law.
