Will people never learn is a provide the second liver and stomach neces- sarily disease the satisfies the plainest Principles of common sense teach this and re- there are hundreds who ridicities the idea, and continue in the course which almost insertably prings them permaturely to the grave. Living as the majority of the people do, at complete vari- ance with the laws of nature, it must be apparent to all that, sconer or later, nature will reverge hereoil. Hence we find that persons who indulgs to excess in the use of very rich or indigestible food or intexicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered and refuess to act; the liver tails to perform its functions, dyspepsia and its attendant evils follow, and still the suffering individuals per- sist in elinging to the thoroughly exploded ideas of the past. Dr. Schenek's medicines are recom- mended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every alling man or woman in the land is a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to periodice them against these now eciebrated remedies for Consumption, discard their prejudices, and be governed by the princi- ples of reason and common sense.
