JUDGMENTS AND MORTGAGES.—In 1868 the legislature, in view of the difficulty which was encountered in borrowing money at six per cent. in competition with the United States bonds—which were free of tax and producing a much larger interest—passed a law exempting mortgages and judgments not given by corporations from all taxation except that by the State. The county of Lancaster accordingly, in obedience to the law, levied no taxes last year on judgments and mortgages. The city of Lancaster, however, construed the law as applying only to mortgages and judgments for purchase money, and therefore insisted on taxing all other judgments and mortgages. The question has been brought to a legal test before the court of the county, and it has been decided that judgments and mortgages of no kind are liable to taxation, whether held as security for purchase money or by parties at second hand as a safe investment of their spare capital. This decision will be read with great interest in all parts of the State, and will have a tendency to induce men of means to invest in this class of securities.

DODGE'S PATENT REAPER AND MOWER

AND SELF RAKER.

THIS machine has met with the most complete success. In every section where it has been introduced, it has taken precedence over those machines which have heretofore ranked as first-class. It is a perfect self-raker and a superior Mower.

A careful examination will convince any one of its superior merits over all others, in simplicity, strength and durability. As a self-raking Reaper it has no equal to *our knowledge.*

The Dodge rake is attached to no other machine in the United States, except to this machine—Built by the DODGE & STEVENSON Manufacturing Co., Auburn, New York.

MOSES A. DODGE, President.

We have that confidence in this machine that we are willing to let those who purchase it test it with any other raseline they may wish, and keep the one that gives the most satisfaction, if commodated.

MANHOOD

IN THE YOUNG AND RISING GENERATION.

The vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. *Consumption* is talked of, and perhaps the youth is removed from school and sent into the country. This is one of the worst movements. Removed from ordinary diversions of the ever-changing scene of the city, the powers of the body, too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation and visiting the cheek with the bloom of health. Alas! increase of appetite has grown by what it fed on: the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain: the parent's heart bleeds in anxiety, and fancies the grave but waiting for its victim.

HELMBOLD'S EXTRACT BUCHU, for Weakness arising from excesses or early indiscretion, attended with the following symptoms: Indisposition to Exertion, Loss of Power, Loss of Memory, Difficulty of Breathing, General Weakness, Horror of Death, Night Sweats, Cold Feet, Wakefulness, Dimness of Vision, Languor, Universal Lassitude of the Muscular System, Often Erroneous Apprehensions, Dyspeptic Symptoms, Flatulency, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots Flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such patients than Solitude, and nothing they more dread, for Fear of Themselves; no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow Loss of Power, Fatuity, and Epileptic Fits, in one of which the patient may expire.

During the Superintendence of Dr. Wilson at the Bloomingdale Asylum, this sad cause referred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases Insanity and Consumption? The records of the Insane Asylums, and the melancholy deaths by Consumption, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sudden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan Despair
Low sullen sounds their grief beguiled."

Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of Chemistry for the removal of the consequences. HELMBOLD'S HIGHLY CONCENTRATED FLUID EXTRACT OF BUCHU. There is no tonic like it. It is an anchor of hope to the surgeon and patient, and this is a testimony of all who have used or prescribed it.

Sold by Druggists and Dealers everywhere.—Price $1.25 per bottle, or six bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

HOW TO CURE

CONSUMPTION!!

THE PHILOSOPHY OF DR. SCHENCK'S GREAT REMEDIES.—Will people never learn to use means to the end level and attack those diseases in the seat where they find it? Does not the entire system? The minutest Principles of common sense teach this, and yet there are multitudes who ridicule the idea, and continue in the course which almost inevitably brings them prematurely to the grave. Living as the majority of the people do, at complete variance with the laws of nature, it must be apparent to all that, sooner or later, nature will revenge herself. Hence we find that persons who indulge to excess in the use of very rich or indigestible food or intoxicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered and refuses to act; the liver fails to perform its functions, dyspepsia and its attendant evils follow, and still the suffering individuals persists in clinging to the thoroughly exploded ideas of the past. Dr. Schenck's medicines are recommended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every living man or woman in the land is a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to prejudice them against these new celebrated remedies for Consumption, discard their prejudices, and be governed by the principles of reason and common sense. If the system is disordered depend upon it, in nine cases out of ten the seat of disorder will be found in the stomach and liver. To cleanse and invigorate the stomach and to stimulate the liver to healthy action use

SCHENCK'S MANDRAKE PILLS.—The daily increasing demand for these pills is the best evidence of their value. Thousands upon thousands of boxes are sold daily. Why? Simply because they act promptly and efficiently. Invalids who may not find it convenient to call on Dr. Schenck in person are informed that full and complete directions for use accompany each package of the

MANDRAKE PILLS, PULMONIC SYRUP AND SEAWEED TONIC.—These medicines will cure consumption unless the lungs are so far gone that the patient is entirely beyond the reach of medical relief.

It may be asked by those who are not familiar with the virtues of these great remedies, "How do Dr. Schenck's medicines effect their wonderful cures of consumption?"

The answer is a simple one. They begin their work of restoration by bringing the stomach, liver and bowels into an active healthy condition. It is food that cures this formidable disease. SCHENCK'S MANDRAKE PILLS act on the liver removing the bile and mine which have accumulated from the inactive or torpid condition of these organs, and of the system generally. This sluggish state of the body, and the consequent accumulation of the unhealthy substances named prevent the proper digestion of food, and, as a natural consequence creates disease, which results in prostration and finally in death.

SCHENCK'S PULMONIC SYRUP AND SEAWEED TONIC, when taken regularly, mingle with the food, and the digestive organs, make good rich blood, and as a natural consequence, give health and strength to the patient. Let the faculty say what it may, this is the only true cure for consumption. Experience has proved it beyond the shadow of a doubt, and thousands are to-day alive and well who a few years since were regarded as hopeless cases, but who were induced to try Dr. Schenck's remedies, and were restored to permanent health by their use.

One of the first steps the physician should take with a consumptive patient is to invigorate the system. Now how is this to be done? Certainly not by giving medicines that exhaust and enervate—medicines that impair instead of improve the functions of the digestive organs. Dr. Schenck's medicines cleanse the stomach and bowels of all substances which are calculated to irritate or weaken them. They create an appetite—promote healthful digestion—make good blood, and, as a consequence, they invigorate and strengthen the entire system, and more especially those parts which are diseased. If this cannot be done, then the case must be regarded as a hopeless one.

If the physician finds it impossible to make a PATIENT FEEL HUNGRY, if the diseased person cannot partake of good nourishing food and properly digest it, it is impossible that he can gain flesh and strength; and it is equally impossible to bring a patient to this condition so long as the liver is burdened with diseased bile, and the stomach laden with unhealthy slime.

Almost the first request made to the physician by a consumptive patient is that he will prescribe medicines that will remove or allay the cough, night sweats and chills, which are the sure attendants on consumption. But this should not be done, as the cough is only an effort of nature to relieve itself, and the night sweats and chills are caused by the diseased lungs. The remedies ordinarily prescribed do more harm than good—They impair the functions of the stomach, impede healthy digestion, and aggravate rather than cure the disease.

There is, after all, nothing like facts with which to substantiate a position, and it is upon facts that Dr. Schenck relies. Nearly all who have used his medicines in accordance with his directions have not only been cured of consumption, but, in consequence of the beneficial effect with which powerful power upon the digestive organs patients thus cured speedily gain flesh. Cleansing the system of all impurities, they lay the foundation for a solid, substantial structure. Restoring these organs to health, they create an appetite. The food is properly assimilated; the quantity of blood is not only increased, but is made rich and the lungs and in the face of such a condition of the system all disease must be banished.

Full directions accompany each of the medicines, so that it is not absolutely necessary that patients should see Dr. Schenck personally, unless they desire to have their lungs examined, for this purpose he is at his principle office, No. 15 North Sixth St., corner of Commerce, Philadelphia, every Saturday, from 9 A. M., until 1 P. M.

Advice is given without charge, but for a thorough examination with the Respirometer the charge is $5.
