HARPER'S MAGAZINE

No more delightful travale are printed in the English language than appear perpetually in harper's Manarine. They are read with equal interest and satisfaction by boys of every gradient from eighteen to eighty. In scientific papers, while sufficiently profound to demand the attention of the learned, are yet admirably adapted to the popular understanding, and designed as much to distuse correct information concerning current scientific discovery as it could be if it was the organ of the "inclest," for the "first was the organ of the "inclest," for the "inclest," or the "inclest," or the "inclest," or the "inclest, or the "incles
