The State election, on the 14th inst. will be one of the most important that has occurred since the formation of the Federal Constitution. Hon. John R. Edic. Last week, we noticed this gentleman but of his acts as a public man, which; of itself, should be sufficient to establish his right to possess the confidence of the community. It is not enough, we apprehend, that because a candidate has been selected by a particular party, for a political office of trust, profit and honor, that that fact alone is sufficient to satisfy the wants of the community. But if we are to judge of the fitness of John R. Edie, for the position of a representative in the Congress of the United States even by this meagre test, we venture the assertion that he will be found wanting in the essential quali-

fications of a partizan of respectability. This man has served in Congress just long enough to show his mental calibre to be of the smallest possible capacity. During his sojourn at Washington, as a representative, we find him pursuing the avocation of a poitical or petty partizan bell man. His exclusive occupation appears to have consisted in making daily announcements of Know Nothing Caucus meetings. John was known to be made known to the body of which he was a member. John, like all such men, who ape greatness without possessing any of the qualities of a noble mind, established for himself at Washington, the reputation of being the bellweather of a flock as docile and put in practice any of their wonderful designs. On the occasion of the passage of the act of Congress by which the members mag-nanimously voted the snug little sum of \$200;-000 of the peoples money into their pockets, we find this pink of patriotism, and pure Americanism, placing himself in the ridiculous position of voting, nay-but at the same time pocketing the sum of \$6,000 for his wondrous services to hisconstituents. We search in vain for any record of his efforts to prevent the perpetration of this bold act of pillage upon the Treasury. On this occasion John was as silent as the grave—all his virtuous indignation had oozed out at his finger ends,—and for this act of treachery and cow-ardice, he impudently asked for a re-nomina-tion, and got it, and now asks for a re-elec-tion to know that our Legislator is "like Cæsar's wife"—over the left shoulder—"above sustion to Congress, that he may be enabled to fleece the people for two years longer.

On the question of appropriating the sup-plies to the army, we find his vote recorded to the last in the negative, whereby the boldest act of revolution that has ever been attempted by any set of men in this government, was sought to be carried out. And for this service, he asks a re-election.

Too weak and imbecile himself to mark out a proper path and pursue it, he blindly the infamous "barking" of the late Whig followed in the wake of the most fanatical party, by the petty and lying tricksters who desperadoes in Congress, and voted on all oc-

He is now before the people of the district, asking them to re-elect him to Congress. Alex. C. Mullin.

Mr. A. C. Mullin, the Know-Nothing candidate for State Senate, seems to be quite an adept in political tricks and turns. He developes, for so young a man, quite an apti-tude for *political merchandizing*. He got his nomination for the State Senate by driving a cute bargain with John Brotherline; but poor John did not receive his quid pro quo. Edie beat John for Congress after all. What was Mullin about? Is it possible that he sold John Brotherline?

The Italians distinguish between "single treason" and "double treason." The latter sort means "cheating all hands." Mullin has not forgotten the sharp dodges he played off three years ago. Although he was the protege and friend of some of the personal enemies of Alax M White wet he was mil enemies of Alex M. White, yet he was willing to desert and sell them as long as he as the political fugleman of a small clique of small fish, in Congress, who, on John's an-nouncement, were notified, daily, that there would be a caucus held in some by-place in the Capitol, where certain things were to be had hopes that White would "pay up." People have not forgotten how Mullin and Albright, editors of the "Alleghenian" tried to negociate for several days and weeks with Mr. White, in order to wax or frighten him done, which were either too insignificant in their character, or too dark and treasonable, which were and the was the regpiece of extortion for Whig editors to be try-ing on ! But "Aleck" was reputed to be rich, and—the "Alleghenian" needed funds ! Nor have the people forgotten how this same A. C. Mullin turned in to beat White, just as soon as he found that White would insignificant as himself, who attempted to not "sock." He made something out of this make a show of their importance, but never operation. For be it known that Mullin is a thrifty fellow, and turns most things into gold. The Whig bolters, who bolted because White was not good enough Whig for their staunch Whig souls, with the aid of some liberal Democrats, who were anxious to beat White, raised about a thousand dollars, and thus, in advance, remunerated Messrs. Mul-lin and Albright for their patriotic Whig-Verily, if A. C. Mullin gets to the Senate,

he will probably be content with three dollars a day. His confiding constituency would feel sure that their immaculate and unsuspected Senator would spurn the venal approaches of Bank Railroad Borers, and genpicion."

Fremont's Religion.

The terrible havoc making by the Fillmore Know Nothings among the ranks of Fremont, (on account of the latter's religious opinions,) is causing Abolitionism to tremble with fear and apprehension. The Gazette, yesterday, gave evident signs of alarm, floundering through a column of editorial to disprove what it alleges no one believes -- that Frement is or ever was a Catholic.

With Fremont's religious opinions we have nothing to do, but we have an account to settle with a set of political rascals who are supporting him, and who but one year ago banled together in a Know Nothing conspiracy to degrade every man who professed the Cath-olic faith. It is with these corrupt and shameless politicians that the Democracy are to settle, and not with John C. Fremont, who is their tool and dupe.

That Col. Fremont was a Catholic, prior to his nomination by the Abolitionists, is just as certain as that he is now a living man.-The evidence upon this point is conclusive and overwhelming. The *Gazette*, and other abolition prints, may bluster as they please in denial of this, but the proofs are conclu-sive against them. We do not object to Col. Fremont on account of his religion, as the Gazette seems to imagine, but we do object to a poor contemptible creature who denies his religion in order to accommodate a party which, but one year ago, proscribed him on account of that religion. The Gazette, we presume, will understand this, and not again repeat the silly falsehood that we object to Fremont on account of his religion. Our principal objection is to the men who are using Fremont, men who one year stoop to flatter those whom but a few months before they were sworn to proscribe. Fremont himself is despicable, an ingrate and a renegade -a traitor to his former political principles and a hypocrite in religion, denying princi-ples which have been proven upon him beyond doubt or cavil.

We do not wonder at the uncasiness of the Fremont press upon the question of their candidate's religious opinions. Had Black Republicanism known him before they nominated, he never would have been selected as their candidate. They, under the name of Know Nothings, proclaimed hostility to all Catholics; they spread the poison of proscrip-tion among their followers, and it is but a just retribution if those they indoctrinated in bigotry now refuse to support one whom they were taught to proscribe.—Pittsburgh Union.

Kansas Iniquity Disclosed.

The Utica Gazette, a FILLMORE paper, publishes the following exposure of Black Republican iniquity, which cannot be too strongly stigmatized by every patriot in the land.

AUGUSTINE L. GRIM. There never was a better ticket presented to the voters of Huntingdon county for their suffrages.

County Surveyor.

J. SIMPSON AFRICA has announced himself as an independent candidate for re-clection. He has filled the office during the past three years to the entire satisfaction of all concerned, and we are sure that the voters cannot "make a change for the better."

THE FUSION .- The late action of the Republican and American Committees, has thrown the opposition into greater confusion than those parties were before the Major, and his "big brothers," succeeded in bringing about that so-called "fusion !" If County Committees can annul the action of County Conventions, we can not see the necessity of County Conventions at all. As the Tickets now stand, the Democratic has been put in nomination by the Representatives of the party, while "the fusion" has been put in nomination by persons who had no authority to nominate, but who insolently and daringly took the power out of the hands of their parties. We are satisfied if the opposition are !

people of the Union and Constitution against the traitors, disunionists, and disorganizers who seek to destroy the best and fairest government that the world has ever seen. The New York News truly says that the old Jackson spirit is abroad; the fire that a quarter of a century burned in the bosom of Democrats is awakened; new issues, new foes and new tactics have been found, but the old Democratic party has not yielded a jot of its old landmarks, has not retreated a foot, and has only deduced from its principles new applications to meet the heresies of the Nativist, the bigot and the sectionalist.

MASS MEETING AT HOLLIDAYSBURG .- Saturday the 11th inst. is the day appointed for the holding of the mass meeting at Hollidaysburg. Let the friends of James Buchanan, of the Constitution and the Union, of Civil and Religious Liberty, turn out in their might altar of their country. It is expected that this meeting will be the largest that has ever been held in this region of Pennsylvania.-Let Huntingdon county be well represented!

True and False Patriotism.

The following extract from the great speech of an Old Line Whig, the Hon. GEORGE EVANS, Ex-United States Senator from Maine, expresses volumes in few words:

"If we have no flag of our own flying; if we have no trumpet to call us as Whigs; if amid the smoke and dust of the strife and conflict of other parties, I can see the flag of the Union flying anywhere; if, amid the noise and din of arms, I can hear the trumpet of the Union sounding the rally, I shall not stop to inquire who leads the forces to protect it." We commend this patriotic determination to those Old Line Whigs who prefer Mr. Bu-CHANAN'S election to that of Col. FREMONT, and yet have it in contemplation to vote the FREMONT fusion State Ticket in October, thereby aiding a candidate whom they profess to hold in utter detestation and abhorrence.

The charges made in the Journal of last week, that Mr. Boon, Superintendent of

the Huntingdon & Broad Top Road, discharged old Mr. Bowser, at Fisher's Station, because he was a Fremonter, and put in his place an Irish Roman Catholic, is a ridiculous falschood. The man appointed in Bowser's place, is old Henry Fisher, an honest manufactured to order by the Abolition agents, | and industrious old gentleman, and about as just a day or two previous to the election. | far from being a Catholic as Billy Brewster is. The reasons why Bowser was discharg-

ed, is well known in the neighborhood of that station. Mr. Boon does not trouble himself about the politics of any man on the road.

Another Evidence.

A gentleman of Indiana writing to a friend in this State says:

"The other day, a white man huzzaed for Buchanan, in Nobleville, when a Negro drew

a pistol and killed him on the spot. The murderer is now in jail awaiting his trial." "Gentle Sister, we greet thee." The Democratic meeting in Dayton, Ohio,

on the 17th, is said in several telegraphic re-ports to have been the largest ever held in the Union. One account runs thus :---

"The greatest Democratic convention ever assembled in the United States, is being held here to-day. Over one hundred and sixty thousand strangers are here, and there are eighty thousand persons in the procession alone. The whole western portion of our state has turned out en masse. There are five stands erected, and speakers holding forth on each. Much euthusiasm prevails. The great arch is one of the largest and best ever crected in the United States. There is this state will give her electoral vote for Buchanan.-Boston Post.
