MAPS-700 ENGRAVINGS.—A IIISTORY OF ALL NA-TIONS. From the carliest period to the present time, the history of every nation, ancient and modern, being separately given. By S. G. GOORICH, author of several works of His-tory, 'Peter Parley's Tales.' &c. It is believed that the above work will be very accepta-ble to the American public. It is the result of years of toil and labor, assisted in his researches by several scholars of known ability, and hus been got up at a great expense by the proprietors. No pains have been spared in the ex-cution of the Illustrations and Maps, which are prepared expressly for this work. Indeed, all the other historical writing of Mr. Goodrich, sink into insignificance, when compared to this, the result of hisriper and maturer years. It is admitted that one hundred dollars could not purchase the same matter in any other shape, and the publishers confidently expect, in consideration of the great literary value of the work, the large sum expended in preparing it for the press, and the exceedingly moderate price at which it is offered, that it will be favorably received by every lover of good books. Muny of our first scholars, di-vines and gentlemen, who have examined the work, have given it their unqualified approbation and commendation, which it richly deserves. DUNFORM RETAIL PAICTS.
