DEMOCRATIC NOMINATIONS. FOR GOVERNOR.

Hon. WM. F. PACKER, of Lycoming. FOR SUPREME JUDGE, Hon. ELLIS LEWIS, of Philadelphia.

FOR CANAL COMMISSIONER, NIMROD STRICKLAND, of Chester.

The Know-Nothing and Black-Republican State Convention which met in Harrisburg last week, nominated David Wilmot for Governor, William Millward for Canal Commissioner, and James Veech and Joseph J. cans in this vicinity express hostility to the nominee for Governor. This ticket was not intended to frighten the Democracy, certainly! But look out for "war in Kansas!"

HIGH SCHOOL.—We learn that Mr. S. CAMPBELL will open a school near Shade Gap, the latter part of the present month, for the instruction of young men. Mr. C. has had many years experience as a teacher in Common Schools and Academies, and those desirous of having their children under a competent teacher cannot do better than by placing them in his care. Young men wishing to qualify themselves for teaching will also find Mr. C's. school a proper place to receive the necessary instruction.

Kansas and Her Troubles.

It seems that we are to have a new series of troubles in Kansas, and that the administration of Mr. Buchanan is to be called upon to act promptly in the matter of supplying the place made vacant by the resignation of Governor Geary, by a new appointment.-The opponents of the democratic party in the north, ever ready to take small adventages, seem to think that a new light has broken in upon their darkened fortunes, in regard to the present condition of things in Kansas, and that some little capital may be made for buncombe, by launching out in the most vituperative style against, what they are pleased to denominate, the inefficiency of the new administration—the pro-slavery tendencies of Mr. Buchanan, &c., &c. But we would caution these worthies, not to "halloe till they are out of the woods." Keep cool, gentlemen, and in a few days you will see, that so far as the administration is concerned, aye, so far as the democratic party is concerned, Kansas will be promptly attended to.

We do not believe that the people of Kansas are such egregious outlaws that they cannot be kept in check by a wise, conciliatory and prudent course on part of the man who may be selected to take Gov. Geary's place. But should such a course prove a failure, then let those persons in Kansas, if there are any such there, who disregarding the obligations they owe to society, will persist in committing outrages against law and order, be dealt with as such persons always should be dealt with. Let the strong arm of the law be brought to bear against them, and let its mandates be enforced with all the rigor necessary to command obedience; and if that fails, let them be put under military surveillance; and if eivil law fails let martial law enforce the most implicit obedience. We feel satisfied that the man who may be appointed to succeed Gov. Geary, will be one in whom the whole country will have confidence; that he will possess both the will, courage and ability to discharge the duties of the position .-We would advise the alarmists of the opposition to seek some other source from whence to obtain material for political agitation, to keep up a rotten and sinking cause, than these exaggerated Kansas troubles.-Key-

Declination of Chief Justice Lewis.

It will be seen by the following letter of Judge Lewis, that he declines the re-nomination recently given to him by the Democrat- combined to expel him from his late field of ic State Convention. The determination of official duty. Yet there is nothing in this ly, of Pennsylvania:

WEST PENN SQUARE, PHILADELPHIA, March 25th, 1857. To CHARLES R. BUCKALEW, Chairman of the

Democratic State Committee: Dear Sir-At the late Democratic State Convention, the local claims of the different sections of the State were generously waived for the purpose of securing my continuance in the high and important office of Supreme Judge. The energy with which those claims are now urged for the office recently vacated on the Supreme Bench, shows the extent of the sacrifices then made, and the nature of the dissatisfaction which may exist after one section shall be gratified and the other disappointed by the anticipated nomination. The Convention, when re-assembled, might be able to harmonize these claims, if that body had two nominations to make, instead of one. I therefore feel at liberty to decline, as I now do, the re-nomination tendered to me by the Democratie State Convention. In thus promoting harmony, I consult my own carnest desire to retire from judicial life, and at the same time put the delegates to no inconvenience, as they will be obliged to come together again for the purpose of nominating a candi-

date to fill the existing vacancy. I have been laboriously engaged in judicial duties nearly twenty-four years-a longer Judge in Pennsylvania. The opposition presses seem extremely anxious to revive the old excitements concerning Kansas, from which they derived so much aid and comfort during the last presidential campaign. Lo! the Poor Indian. One of the characteristics, says the Pennsylvanian, of the Government of the United States is and always has been, the mild and paternal treatment of the Aborigines. All that the Indian has to do is to behave himself, and he is protected by our laws, taken care of, and in all respects carefully looked after. In no age of the world and in no country, has a people so little advanced in civilization, been treated with such uniform humanity and consideration by a superior and dominant race.

Yet the people and the government of this country have by no means escaped censure for alleged maltreatment and injustice to the Indians, and there are men at the present moment who regard the course of the United DERER.—David S. A lady in weeds came to the residence of a gentleman in that vicinity, professing to be the widow of his son who had recently died in the far West. She was received and treated as a daughter, made a month's visit, and on her departure borrowed a hundred dollars of the old gentleman to pay her expenses to New York, pretending that her purse had been stolen in the cars.— It came out afterwards that the woman was a servant girl in the son's family, and had there fished up faces enough to act the assumed character beyond suspicion.
