SARAH JOSEPHA HALE. Complete in one large volume of near 800 pages, neatly bound in cloth. Price One Dollar and Twenty-Five Cents a copy.

This is a thorough and practical Encyclopædia for the whole country. From its pages, those who have not leisure from business, nor aptitude for mental toil, may obtain information which is the fruit of years of hard study, and an acquaintance with thousands of volumes. The whole is arranged with an Alphabetical Index to every receipt in the whole work, whereby any one can turn to anything Every receipt, every precept in this book is practical, and has been tested, tried and proved worthy of credit .--If properly followed, the directions found in the volume

will infallibly produce the promised result. Those little secrets of the Arts, which professors sell so dear, through long courses of lessons, are here displayed and put in a form that any person may use them with great profit.

Here, for the first time, those golden rules of conduct, which our WASHINGTON framed for his own guidance in early life, are set before the people; extracted from the ponderous historic volumes in which they have hitherto been preserved; these wise maxims will now be accessible to all.

Reasonable Men, Reflect ! The Clinton Democrat remarks, that a few years ago, the opposition to the Democratic party professed to believe that the welfare of the Nation depended on a PROTEC-TIVE TARIFF. Now they have as their candidate for Governor an advocate of FREE TRADE, who was in Congress and voted

against their protective tariff. Later, they professed that the CATHO LICS and FOREIGNERS throatcned ruin to the country, and made it their sole principle of politics that these classes should be prohibited from holding office and voting. So year. essential did they regard this profession, that they organized "Councils" and placed their members under the obligation of an oath to vote against all Catholic and foreign born citizens. Now they openly repudiate the latter half of this profession (hoping by this subterfuge to get the votes of foreign born citizens)-abandon their councils, their oaths, and their party name-and tell us that the fate of the nation now depends on making war on the Southern States!!! Once the tariff was everything-then Catholics and

Foreigners were overything-now Negroes are everything !!! All this shows the opposition to be a party of humbugs, ready to make any profession to suit the times, and sincere in nothing .-

Will sober minded people act with such a party? Why not join the old Democracy, who never change who have made this nation what it is, who have governed it with a degree of success which commands the admiration of the world-the party of the people, the Constitution, and of the whole Nation-who would have white men to govern in ordering the seals. us-who would have the people of every State to live as brethren, in religious bar-

mony and brotherly love-the only party that has the nerve to fight fanaticism in of success-the great party of JEFFERSON and JACKSON, of SNYDER and SHUNK, which proclaims equality of rights and privileges to all white men, and maintains the right of white men to govern themselves everywhere and on all occasions!

HON. WM. P. SCHELL.-The Pennsylvanian in speaking of the nomination of Mr. Schell as the democratic candidate for Senator from this district, remarks-" Mr. Schell is a gentleman of fine talents and much Legislative experience, and in the responsible position of over the United States. To the boon of almost Speaker of the House, which he filled with unexampled good crops, enjoying from the rare acceptability, displayed the finest administrative and business qualities. IIe enjoys an enviable popularity in his District, and we hope to see him triumphantly elected."

JOHN II. LIGHTNER .- We are pleased to coar that with all the bitter opposition made to the success of this gentleman, he is keeping his opponent and the opposition very of the bounties of nature. uncasy. Mr. Lightner is fully competent to discharge the duties of the office to the entire satisfaction of the taxpayers of the county, and should he be elected we believe amount of precious metals in our country-

he will make an excellent officer. E-HENRY GLAZIER, the opposition candi date for Register and Recorder, is a very respectable, honest and clever old gentleman, and because he is such, his political friends blessings. expect everybody to vote for him. J. B. Carothers, the Democratic candidate for the same office, is a man Mr. G's equal in every respect, but he is not nor never has been a Know Nothing, which gives Mr. G. some little advantage in that circle of his peculiar friends. If Mr. C. should not be elected it will not be because he is not as competent to discharge the duties of the office, as honest or as worthy a man as Mr. G. We hope for Mr. C's success.

A National Thanksgiving Day.

The suggestion contained in the following paragraph in the St. Louis Intelligencer, will, we doubt not, meet with a hearty response from all sections of the country :

MORMONS FLEEING FROM SALT LAKE .--- The Omaha Times, Nebraska, says that nineteen wagons, containing upwards of a hundred Mormons direct from Salt Lake, passed through that city last week, on their way back to the States. They have abjured the Mormon doctrine, as practiced in Utah, and express great dissatisfaction at the state of affairs in that country. They report having had great difficulty in getting out of the Mormon Territory, being compelled to travel cautiously from one settlement to another, and finally to seperate and leave in small bands to prevent suspicion and avoid the watchful spies of Brigham Young.

## General Packer.

It is gratifying to observe the manner in which our candidate for Governor is received, on his visits to the various portions of the State. It is a very natural and ordinary thing that politicians should be enthusiastic in the immediate presence of their leader .---In General PACKER's case, however, there is those who know him most intimately. General PACKER's appearance, address and conversation would make a deep impression any<sup>2</sup> where. The young, the inexperienced, and those who live far from seminaries and citics, will, in this book, find directions that will be useful in every emergency of life, and that instruction which will stand them, instead of what is termed an accomplished education. It is a book that should be owned by every male and female in the land, and should be at every fireside.

The experienced housekeeper, whose pride it is to add to the comforts of her home, and the happiness of her family. may here increase her store of useful receipts; others who seek to embellish life by elegant accomplishments, will find in these pages, invaluable directions to further their pursuits. TUE LOST DAUGHTER; AND OTHER TRUE STORIES OF THE HEART. By Mrs. Caroline Lee Hentz. Author of "Lin-da," "Rena," "Planter's Northern Bride," "Eoline," "Marcus Warland," "Love after Marriage," "Robert Graham," etc. etc. Complete in one large duodecimo volume, neatly bound in Cloth, for One Dollar and Twenty five order or in the work over a series of the Dollar five cents; or in two volumes, paper cover, for one Dol.

Read the following opinion of it by the Editor of the "Dollar Newspaper." As a successful writer of sketches, Mrs. Hentz is, in our opinion unequaled in this country, and her continuous stories are marked by all the characteristics that proclaim the true novelist-a natural and ably developed plot, great powers of imagination and construction, purity of feeling, and evident carnestness of purpose on the part of the author, without which the pounds good weight. Who can beat it. reader cannot feel interested in any story, while she possesses also the artistic skill which causes the interest of the reader to increase as the tale proceeds, to the end of the last chapter. All who have read "Linda," and "Rena," or the Snow Bird, will readily acknowledge this; while the "Banished Son," and "Love after Marriage," attest to her excellence as a sketch writer. Every one feels, while reading her tales, that the writer herself must possess the virtue, and patriotism, and religious sentiment she inculcates, and we knew many who had no personal acquaintance with the author who esteemed her as a dear friend.-Mrs. Hentz was the most successful female writer that our country has produced, and Mr. Peterson has published "The Lost Daughter," uniformly with her "Linda," "Courtship and Marriage," the "Banished Son," &c., in a beautiful duodecimo volume. She combined power of delineation and grace of style in a remarkable degree, and was a close observer of human nature, so that all her characters seem as natural as life, while she always had a moral aim in her writings, which commends them to the fireside of every family in the land as profitable and pleasant reading. We must commend to her many former admirers this posthumous edition of her last nouvellettes, and we are sure they will be eagerly inquired for by all whenever the work is announced for sale.

This work is now in press, and will be ready for sale, on Saturday, Sept. 26th. Copies of either edition will be sent to any part of the United States, free of postage, on remitting the price to the publisher, in a letter. Address, T. B. PETERSON, No. 306, Chestnut street, Philadelphia.

THE LONDON TIMES ON SLAVERY .--- On the st of August- the anniversary of West India emancipation-when our American free negroes were celebrating the event and singing hosannahs to Queen Victoria, the London *Times* used the following language:

"The worthy men who extinguished slavery and ruined our West India possessions are very touchy, very obstinate, very inconvertible on that tender point. It is not our business to deny them much justice and truth on their side, or to stand up for the planters who took a line which repelled all reasonable advocacy. But, confessedly taking that grand summary view of the question which we cannot help taking after a quarter of a century, the process was a failure; it de-

stroyed an immense property, ruined thousands of good families, degraded the negroes still lower than they were and after all, increased the mass of slavery in less scrupulous hands. After many attempts at indirect discouragement, we have been obliged at last to recognize and admit persistent slave owners to an equal rank in our commerce.
