From the Bedford Gazette. and the attendance and zcal manifested in THE ABOLITION CANDIDATE FOR SENATOR.

Read his Record and Note his Inconsistencies

WM. H. KOONTZ, the Abolition candidate for Senator in this district, was a member of the "Fillmore and Donelson State Committee of Pennsylvania," under the direction of which committee were placed the interests of the "American" nominee for the Presidency and Vice Presidency, in this State, during the last campaign. This Committee held a meeting at the Washington House, in Philadelphia; October 16, 1856, where and when Gen. Koontz was present. During its sittings, the Committee was visited by depusittings, the Committee was visited by denutations from the Abolition, and Abolition-Know-Nothing, Fremont State Committees, These Fremont hucksters hovered about the Fillmore Committee like so many cormorants, eager for the prey which they thought so easily to clutch in their greedy talons; but they were repelled at every onset and spurned from the presence of the men they were tempting to join them in their igno-minious purposes. Two, or three, of the twenty-three members of the Fillmore Committee, present at the meeting referred to, alone were willing to sacrifice their party and its candidates to the interests of John C. Fremont. Foremost among these stood WM. H. KOONTZ. Whenever a proposition was made by the Fremont Committees, he voted for it. Whenever an arrangement was proposed that was favorable to the Abolition candidates, his voice was raised in its favor. He voted for the following resolution offered by FR. JORDAN, of Bedford:

"Resolved, That if the friends of Fremont " and Dayton accept and support the Ameri-"can Electoral Ticket, at the ensuing elec-"tion, we are willing that said Ticket may " cast the Electoral vote of the State for Fre-"mont and Dayton, in case it will defeat "Mr. Buchanan, and will not elect Fillmore "and Donelson."

This was nothing more, nor less, than an-attempt to dispose of the Fillmore strength for the benefit of Fremont, for well did both JORDAN & KOONTZ know that Mr. Fillmore would not receive a sufficient number of Electoral votes to elect him, and, therefore, they were deliberately plotting to trans-fer the Fillmore party to the ranks of Fre-mont and Abolitionism. But, when they found themselves foiled in their dastard attempt, in order to save their credit with their "American" constituents in their respective counties, they afterwards voted for a resolution refusing to alter the "Straight Fillmore Electoral Ticket," and rejecting the overtures of the Fremont Committees, and which was couched in the following emphatic language:

"Resolved, That we decline to accept either "of the propositions of the Republican State "Committee, satisfied that the Electoral "Ticket already in the field is the only one "on which all opposed to Mr. Buchanan can "successfully unite; and pledging it to un-"compromising opposition, and to the defeat "under any and all circumstances of "his "election."

On this resolution Koontz was found voting in the affirmative, thus veering completely about from the position he had assumed in supporting the propositions of the Abolitionists. With this action, the Fillmore committee adjourned, and thus not only left the "Straight Fillmore Electoral Ticket" in the field, but adopted it as THE Ticket to be supported by the friends of Fillmore and Donelson, and that, too, with the approving voice of Wm. II. Koontz. But behold the sequel! A day, or two, subsequent to this meeting of the Fillmore Committee, this same Wm. II. Koontz who had agreed that the "Straight Fillmore Electoral Ticket" was the one that should receive the support of the Fillmore men of Pennsylvania, went, side by side, with FR. JORDAN, into a "Buzzard Feast' Convention of the two Fremont Committees, and assisted in forming that most shrewdly planned of 'ALL political gull-traps, the Abolition "Union Electoral Ticket!" Nor did his labors for the benefit of the) Fremont party, end here. He went about from place to place, making speeches in favor of the "Union Electoral Ticket," and denouncing the "Straight Ticket" which he himself had endorsed. He wrote and published a letter in which he acknowledged that he met with the Fremont Committees, and took part in forming the "Union Electoral Ticket," and in which he tried to defend that Ticket, and said that the logic of the "Straight Americans" in opposing a 'Union' with the Abolitionists, to him "savored very considerably of corruption and dishonesty." Such are some of the tergiversations, somer-settings, ground-and-lofty tumblings, shiftings and turnings in politics, performed by the present Abclition candidate for Senator. We ask the honest and intelligent people of Bedford county,---is such a man worthy of your support? Will you, can you, send such a bundle of inconsistencies to Harrisburg as the representative of your political sentiments

HOOK SCHOOL HOUSE, Sept. 4, '57.

The Spruce Creek Teachers' Institute that was so profitably and successfully carried on during the past winter, re-opened on Friday evening, 4th inst., in Mr. J. D. Brown's school room, near Spruce Creek, known as the "Hook School House."

Mr. H. T. White was called to the chair and A. R. Miller appointed Secretary. By request, Mr. Brown stated the object of the meeting, proposed the following subject for discussion, "What are the reciprocal duties of teachers, parents and directors?" and called upon Mr. Eldgedge to open the same, which he did with some able remarks. The discussion was continued by Messrs. B. F. Brown, Miller, Houck, Byer and others.

Mr. John Isett, Sr., then arose and addressed the meeting with practical and forcible suggestions, and offered the following resolution :

Resolved, That a committee be appointed especially to visit, once a week, the Hook school

The resolution was adopted and Mr. Isett ppointed chairman of that committee. The subject before the meeting was then resumed, and warmly discussed, and a deep interest excited in both teachers and citizens.

Arrangements were made for a subsequent meeting to be held in Miller's school room on Eden Hill, Friday evening, 18th inst., when the subject of this meeting will be further discussed and other topics introduced. Association adjourned to meet as above.

The Secretary in commenting on the meet-

ng, truly says-" that strong interest is awakened in teachers and parents in this vicinity, for the advancement of the education of youth. The spark of intellect is already enkindled in the minds of the young and their friends, and our united efforts are requisite to secure permanent results."

dered from the subject which was on my mind when I commenced writing. Mr. J. D. Brown expressed his pleasure at meeting so many of his fellow-laborers, and informed us that he had called a meeting of the parents and citizens of the vicinity to be held at his school room that evening. At the proper hour we repaired thither, and truly we were presented with a refresh-ing sight. We found the walls adorned with a heautiful set of Outline Mans. Osgood's

CORRESPONDENCE OF THE GLOBE.

MR. EDITOR:-While travelling in the cars on Friday evening, 4th inst., I became acquainted with a couple of young men who were on their way to engage in the profession of teaching school in Franklin township.

The old saying that "birds of a feather flock together," was that evening fully illustrated to be a true one, for when we arrived at Spruce Creek we were joined by Messrs. J. D. Brown, A. R. Miller, H. T. White and G. P. Eldredge, gentlemen known as active members of our profession, and the first two of whom are already engaged in said township.

L

By the way, I must say a word in description of Franklin township. It is one of the largest, richest and most influential townships in our county. The land is equal to any in the county, and the great number of iron works and other wanufactories prove that it is rich in minerals, and inhabited by an industrious and persevering people.

It is not only of this that Franklin township may boast, but also of her moral and intellectual worth. There is not a licensed tarern in the whole township, but instead, there are three churches, nine school houses, and six or eight Sabbath schools !

The School Directors have proved themselves worthy of the trust committed to them,

Medical Inhalation, lately used in the Bromton Hospita
London. The great point in the treatment of all huma
maladies, is to get at the disease in the direct manner
All medicines are estimated by their action upon the orga

Inhalation is based. If the stomach is diseased we tak
medicine directly into the stomach. If the lungs are di
eased, breathe or inhale medicated vapors directly int
the lungs. Medicines are antidotes to disease and shoul
be applied to the very seat of disease. Inhalation is th
application of this principle to the treatment of the lung
for it gives us direct access to those intricate air cells, an
tubes which lie out of reach of every other means of a
ministering medicines. The reason that Consumption
and other diseases of the lungs, have heretofore resiste

all treatment has been because they have never been ap-proached in a direct manner by medicine. They were in-tended to act upon the langs, and yet were applied to the stomach. Their action was intended to be local, and yet, they were so administered that they should only act con-stitutionally, expending their immediate and principal ac-tion upon the unoffending stomach, whilst the foul ulcers within the lungs were unmolested. Imhalation brings the medicine in direct contact with the disease, without the disease of any violent action. Its application is the disadvantage of any violent action. Its application is the meadvantage of any volent action. Its application is so simple, that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or in-terfere in the least degree with the strength, comfort, or business of the patient. Other Diseases Treated,-In relation to the following dis-

eases, either when complicated with lung affections or ex-isting alone, I also invite consultation, I usually find them promptly curable. Prolapsus and all other forms of Female Complaints, Ir-

regularities and Weakness. Palpitation and all other forms of Heart Disease, Liver
