APPALLING DISASTER.

Total loss of the Steamship Central America -Over Five Hundred Lives Lost-The Ladies and Children saved-Near Two Miltion in Gold Lost.

The steamship Central America from California, foundered on Saturday the 12th inst., when two hundred miles off Cape Hatteras. The Central America had 525 passengers, and with officers and crew, over 600 persons, and \$1,600,000 in gold, principally insured at London, on board.

Statement of Henry H. Childs.

SAVANNAH, Sept. 18.-Henry H. Childs. one of the rescued passengers, states that the Contral America left Havana on the 8th intant, having had delightful weather and a aim sea from Aspinwall to that port. On the afternoon of the day of sailing from Ha-vana we had a fresh breeze, and on Wednesis y it blew very strong. At night it increas-od and rained in torrents. On Thursday the wind blew a hurricane, and the sea ran very ligh. On Friday the storm raged with unabated fury, and at 11 o'clock, A. M., it was isst known among the passengers that the steamer had sprung a leak, and was making water fast.

A line of men was formed, who went to work in bailing the water from her engine room, the fire having been already extinguished by the furnaces being overflowed. We paign. gained upon it so much, that the firemen oth. We consider the second secon continued for only a few minutes, when the fires were again extinguished, and the engine was abandoned. The bailing, however, was continued in all parts of the vessel, and kept ap until she finally went down. During Friday night, the water gained gradually, but | the payment of the public debt, and yet our all being in good spirits, we worked to the best of our ability, feeling that when morning came, we might possibly speak some vessel and be saved.

Still we worked on. About 2 o'clock P. M., the storm lulled a little and the clouds broke away, so that our hopes were renewed and below the negro. way, so that our hopes were renewed and we all worked like giants. At 4 o'clock P. M. we spied a sail and fired guns. Our flag being at half-mast it was seen, and the brig Marine of Boston, bore down upon us. We then considered our safety certain. She came Lear, and we spoke to her and explained our condition. She laid to about a mile distant, and we in only three of the boats saved, pla- for the withdrawal of Ohio from the Union. ced all the women and children, and they were put on the brig.

As evening was fast approaching, we dis-covered another sail, which responded to our call, and came near us. Captain Herdon told our crippled condition, and asked them to lay by and send a boat, as we had none left. She promised to do so, but this was the last we saw of her, except at a distance, which grew greater every moment.

At seven o'clock we saw no probability of keeping afloat much longer, although if we could do so until morning all would be saved in a short time. A heavy sea for the first time broke over her after-deck, and our hopes faded away. Life preservers were then furnished to the passengers, and we sent up two rockets. A tremendous sca then swept over us and the steamer in a moment went down. I think that some four hundred and fifty souls were launched upon the Ocean, at the mercy of the waves. The storm at this time had entirely subsided. We all kept near together, and went as the waves took But those who could not swim became exhausted, and one by one gradually passed to eternity. The hope that boats would be sent to us from the two vessels we had spoken to, soon fled from us, and our trust was alone in Providence. And what better trust could you or I ask for. I saw my comrades fast sinking, and at one o'clock that night, I was nearly alone upon the ocean, some two hundred miles from land. I however heard shouts from all that could do so, that they were not far from me; but I could not see them. Within an hour from this time I saw A vessel, and judged about one mile from me. Taking fresh courage, I struck out for the vessel, and reached it when nearly exhausted but was drawn on board by ropes. It proved to be a Norwegian bark, from Balize, Honduras, bound for Falmouth, England. I found on board of her some three of my comrades, and at nine o'clock the next morning; we had forty-nine noble fellows on board,-And those are all I know of having been saved. We cruised about the scene of disaster until we thought that all alive had been rescued and then set sail. We found the bark short of provisions, and the crew living on gruel. We had some tea and coffee to refresh ourselves; and at noon on Sunday, spoke the American bark (the Saxony,) bound for Savannah; who supplied us with provisions and took five of us on board. Our names are B. H. Ridly, of Maine Tabez Howes, of San Francisco; Samuel W. Look, of Maine; Adolph Frederick, of San Francisco; Henry H. Childs, of New York. The Norwegian barque then set sail for Charleston with the balance of the forty nine passengers. Their names unfortunately. I cannot give. The few I recollect are Captain Badger, of Baltimore; Mr. Frazer. second officer of the Central America; R. F. Browne, of Sacramento; Billy Berch, of the San Francisco Minstrels; E. J. Easton, of San Francisco, and Flelake, of Augusta, Maine.

Republicanism in Practice. The following, taken from an Ohio paper, is, with some changes to suit the locality of our state, as applicable here as there in that abolition ridden state.

From the District Democrat. Facts which we intend to Keep before

3d. That the history of the Republican party is a record of treason, anarchy and revolution; that the Constitution is set at naught, and sister States at variance with each other.

4th. That the Republican party endeavored to stop the wheels of government and paralyze every department of the state by refusing to pass the general appropriation bills.

A RETURNING PENITENT .- The Charlestown Courier says: "Our readers may remember an advertisement of a runaway in our columns some three years since, which excited some characteristic comments from us. BLACK REPUBLICAN HYPOCRISY .--- The Worcester (Mass.) Bay State says: "We have the name of a gentleman who heard Senator Henry Wilson, when in Kansas, tell Messrs. Robinson and Lane, 'Do not vote at the October election! Let them form a slave State .---Aid them to do so if you can without suspi-cion! That is all the capital which we ask for the next Presidential election."" This is a fair sample of Black Republican hypocrisy, and yet, the people of this State are asked to vote for Wilmot, a very chief among the conspirators. The lives of men, women and chil-dren, the peace and security of the Union are nothing, when capital can be made for the next Presidential election. It is time these arrant pretenders were rebuked in a way that will teach them a lesson in the future, and to aid in performing that duty, we ask the cooperation of every honest, intelligent citizen of the old Keystone State.—*Pennsylvanian*.

At Birmingham, Alleghany county, Pa., the other day, a little girl ten years of age played truant from school, for which its parents attempted to punish it by hanging it by the neck with a towel. The child escaped from its parents to a neighboring house almost frightened into fits. The brutes of parents -John and Isabella Morrison-who were drunk, were arrested and committed for the offence.
