THE HUNTINGDON GLOBE, A DEMOCRATIC FAMILY JOURNAL, DEVOTED TO LOCAL AND GENERAL NEWS, &C.

Line upon Line--Here and There a Little.

A CONTRAST .- The Pennsylvania Railroad is better managed than the Banks. Whilst the latter (although in a state of suspension and virtual insolvency, because of their inability to pay their honest debts,) are declaring dividends for their stockholders-the managers of the former have wisely determined on the postponement of the payment of the dividends to its stockholders, prefering to pay off their debts before attempting to divide the profits of the concern.

GRAIN FOR EUROPE.-There are now loading grain and flour at this port, (says the N. Y. Journal of Commerce,) the large number of thirty ships, all for Europe. They will average about 20,000 bushels for each ship. Such a wholesale exportation of these two great staple articles of agricultural produce is unprecedented.

AP We owe some of our subscribers an apology for sending them copies of THE GLOBE imperfectly printed. It is impossible for us to have our work well done at all times unless we do it ourselves. We shall try to have THE GLOBE perfect hereafter.

A PROFITABLE BUSINESS .- About the best thing, it would seem, that a man could do in the way of providing for his family, would be to get killed on a railroad. We observe that a widow in Massachusetts recovered \$18,000 damages againt the Boston and Worcester Railroad Company, the other day, for having killed her husband.

A HARD MONEY STATE .- There is nothing but specie in Arkansas, there being no banks. Taxes are paid in gold and silver, and the State pays nothing but the "hard" out. The State Treasury is well provided with gold and silver, having more than will keep the Government for two years.

Good Rules .- When a Reading girl gets married, she requires her new husband to send all the editors in the city, a bottle of Berks county wine, which they call "Catawba." She makes the DUTCH cake, and sees that it goes along-and then the printers have a feast.

The Delaware county girls are more intellectual, and their rule is a better one. They enjoin upon the happy man who obtains their hand and heart, the necessity of subscribing for a county paper-and he does it.

The latter rule should be adopted by the girls of this county. THE GLOBE is only \$1,50 in advance, and a marriage notice in the bargain. Who will be the first to give us a call? P. S.-Cake not declined

DRUNK OR SOBER-keep off the railroad track. No less than four men have been killed and several wounded within two weeks, on the Central.

PANIC STRUCK .-- An old gentleman called in our sanctum yesterday to inquire of the extent of the panic. He has a fine farm, heavy crops, fat cattle and other stock on hand; owes nobody, but every body owes him; has specie enough to see him through a six 'months,' and won't sell his fat stock or produce until the panic is over or prices come up to his figures. We supposed him a happy man until he said he was too poor to subscribe for a county paper.

NOT TO BE FOUND-the man upon whom was visited that "fearful judgment." If is not in the neighborhood of Mount Union, as stated by a number of our exchanges. AN EXCEPTION TO THE GENERAL BULE .--- A few days since a man gave us a call and sold us a half bushel of apples at the rate of 621% cents per bushel. Some three hours after he called again and gave us back a "fip," stating that he had sold the rest of his load at 50 cents a bushel and would not take a higher price from one man than he received from others. We give it as our candid opinion that that Education is her watchword and Wisdom that man sleeps sound after he gets through with the labors of the day.

255-The Hollidaysburg "Standard" says the liquor businces is at a dead stand in that place. No wonder the landlords there and everywhere else, have objections to the "panic" reform. What could not be accomplished by persuasion is now being accomplished by necessity. What 'a glorious time this, to revive the Washingtonian fire.

Bor-John Schmidt is a German banker in Louisville .--He suffered a run, was obliged to suspend, but dil not clese his doors. He simply stuck up a notice in high dutch that he was going to have some money pretty soon. Two days after he took down the notice, and put up another, stating that he had \$15,000 on hand. There was another run, and the \$15,000 was soon gone. John put up the old notice again, and the next day was again in funds, when. in accordance with his old plan, he changed the notice .--At last accounts there was no run on John Schmidt, and his depositors had all came back to him. That was

Our Motto---"Truth and Interest." The teachers and a number of citizens of Franklin, held an Institute in Cool Run

For the Globe

School-house, November 6th and 7th, 1857. The meeting was organized by appointing Mr. Laporte, President, and electing A. R. Miller, Secretary. The minutes of the previous meeting were then read and adopted. On motion, Mr. Houck delivered an excel-

lent introductory address, after which, the following subject was presented for consideration: "The perfections and imperfections of our Common School System," and was opened by A. R. Miller.

A gentleman from Blair County then entertained the audience nearly three quarters of an hour, with a very wearisome "talk."----The discussion was interestingly continued, until a very late hour, by Messrs. Benj. Hardon, J. D. Brown and others. Mr. Mattern,

Esq., was then called to give his views upon the subject; he responded in an able and interesting manner.

Notwithstanding the falling rain and mud-dy roads, the house was fairly filled with parents and children; who, by their good attention, manifested a strong educational interest in this district. On motion, adjourned, to meet on the following morning at 9 o'clock. Morning Session. Mr. Ewing in the Chair. The subject of teaching Reading was very appropriately introduced by J. D. Brown instructing a class of little girls. On motion,

the subject of securing the attendance and attention of scholars, was introduced, and discussed by teachers and citizens until noon. The Afternoon Session, was occupied by teachers giving their methods of instruction in Arithmetic and Geography.

The following resolutions were offered and adopted :

Resolved, That we view our "School Sys tem" as the palladium of our "Religious Institutions," and the safe-guard to our glorious nheritance bequeathed to us by our forefathers.

Resolved, That we return to the citizens of this district, our due thanks for their interest manifested in behalf of our Institute, and

for their hospitality shown towards us. Resolved, That we, as an Association, re-turn to the Editor of the HUNTINGDON GLOBE, our thanks for the free publication of our proceedings from time to time.

The next meeting was appointed for Spruce Creek School-house, on Friday, the 20th inst. Opening address by Mr. Bathurst. Subject of discussion: "The object of an Education." On motion, adjourned.

It is but just to add, that the interest of Franklin in the welfare of her schools and in the education of her youth, is unsurpassed by that of her sister townships. Her Insti-tutes are growing in strength and increasing in interest. Justly of her, may it be said, her pursuit. Then I would say to teachers: "Act-act in the living present,

Heart within, and God o'er head." A. R. MILLER, Secretary.

The loss of one young member of the family group The loss of one young member of the family group is an affliction which weighs heavily on a parent's heart.— To see two snut hed away by the unsparing hand of Death within the brief space of a fortnight, are occurrences rare-ly realized and make unusual demands upon parental af-fection. This family has indeed felt the hand of affliction. The people among whom they dwell deeply and truly feel the weight of their bereavement, and need only occasion to express their words and feelings of consolation_to the mourning family. Let the fourd narrents flud consolation nourning family. Let the fond parents find consolation in the hope that the spirits of their departed children have been called to enjoy a higher and better sphere.

Also to Invalids Retreat, Author of "Letters to Invalids, IS COMING! See following Card.

DECEMBER APPOINTMENTS. HARDMAN, Physician for the $\sum_{\text{disc}}^{\text{R.}}$ disease of the Lungs, (formerly Physician to Cincin-nati Marine Hospital.) will be in attendance at his rooms as follows : Huntingdon, "Jackson's Hotel," Tuesday, December 15.

Dr. Hardman treats Consumption, Bronchitis, Asthma, Larryngittis and all diseases of the throat and lungs, by Medical Inhalation, lately used in the Bromton Hospital, London. The great point in the treatment of all human maladies, is to get at the disease in the direct manner.— All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. If the lungs are dis-cased, breathe or inhale medicated vapors directly into the lungs. Medicines are antidotes to disease and should be application of this principle to the treatment of the lungs, for it gives us direct access to those intricate air cells, and tubes which lie out of reach of every other means of ad-ministering medicines. The reason that Consumption, and other diseases of the lungs, have heretofore resisted all treatment has been because they have never been ap-proached in a direct manner by medicine. Thy were in-tended to act upon the lungs, and yet were applied to the stomach. Their action was intended to be local, and yet, they were so administered that they should only act con-ctitutionals. stomach. Their action was intended to be local, and yet, they were so administered that they should only act con-stitutionally, expending their immediate and principal ac-tion upon the unoficiality stomach, whilst the foul alcers within the lungs were unmolested. Inhalation brings the medicine in direct contact with the disease, without the disadvantage of any violent action. Its application is so simple, that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or in-taction in the lance degree with the stomach configure of terfere in the least degree with the strength, comfort, or

HORRIBLE MASSACRE.-An entire train of emigrants from Missouri and Arkansas, bound to California, by way of the Great Salt Lake, have lately been massacred by the Indians at the Mountain Meadows, some distance south of the most southern Morman settlements.
