EMERSON'S MAGAZINE

AND PUTNAM'S MONTHLY,

TWO GREAT MAGAZINES IN ONE!!

NINETY THOUSAND COPIES THE FIRST MONTH!!!

MAGNIFICENT PROGRAMME FOR 1858.

TWENTY THOUSAND DOLLARS IN SPLENDID WORKS OF ART.

FIVE-DOLLAR ENGRAVING TO EVERY

SUBSCRIBER.

THE GREAT LIBRARY OFFER—AGENTS GETTING

RICH!!!!

The union of Emerson's Magazine and Putnam's Monthly has given to the consolidated work a circulation second to but one similar publication in the country, and has secured for it a combination of literary and artistic talent probably unrivaled by any other Magazine in the world. During the first month, the sale in the trade and demand from subscribers exceeded 90,000 copies, and the numbers already issued of the consolidated work are universally conceded to have surpassed, in the richness of their pictorial illustrations, any magazine ever before issued from the American press. Encouraged by these evidences of favor, the publishers have determined to commence the new volume in January with still additional attractions, and to offer such inducements to subscribers as cannot fail to offer such inducements to subscribers as cannot fail to place it, in circulation, at the head of American magazines. With this view they now announce the following splendid programme. They have purchased that superb and costly steel-plate engraving, "THE LAST SUPPER,"

"THE LAST SUPPER,"
and will present it to every three-dollar subscriber for the
year 1858. It was engraved at a cost of over \$5,000, by
the celebrated A. L. Dick, from the original of Raphaci
Morghen, after Leonardo Da Vinci, and is the largest steelplate engraving ever executed in this country, being three
times the size of the ordinary three-dollar engravings.

The first impressions of this engraving are held at ten
dollars, and it was the intention of the artist that none of The first impressions of this engraving are held at ten dollars, and it was the intention of the artist that none of the engravings should ever be offered for a less sum than five dollars ubscriber will receive the Magazine one year—cheap at three dollars—and this splendid engraving, richly worth \$5; thus getting for \$3 the value of \$8.

We shall commence striking off the engravings immediately, yet it can hardly be expected that impressions of so large a plate can be taken as fast as they will be called for by subscribers. We shall, therefore, furnish them in the order in which subscriptions are received. Those who desire to obtain their engravings early, and from the first impressions, should send in their subscriptions without delay. The engraving can be sent on rollers, by mail, or in any other manner, as subscribers shall order.

TWENTY THOUSAND DOLLARS IN WORKS OF ART.

In addition to the superb engraving of "The Last Supper," which will be presented to every three-dollar subscriber for 1858, the publishers have completed arrangements for the distribution, on the 25th of December, 1858, of a series of splendid works of art, consisting of one hundred rich and rare Oil Paintings, valued at from \$100 to

dred rich and rare oil Paintings, valued at from \$100 to \$1,000 each. Also 2,000 magnificent Steel-Plate Engravings, worth from three to five dollars each, and 1,000 choice Holiday Books, worth from one to five dollars each, making, in all, over three thousand gifts, worth twenty thousand dollars.

Inclose \$3 to the publishers and you will commence re-ceiving the Magazine by return mail. You will also re-ceive with the first copy a numbered subscription receipt entitling you to the engraving of
"THE LAST SUPPER,"
and a chance to draw one of these "three thousand prizes."

REASONS WHY YOU SHOULD SUBSCRIBE FOR EMERSON'S MAGAZINE FOR 1858.

Ist. Because its literary contents will, during the year, embrace contributions from over one hundred different embrace contributions from over one hundred different writers and thinkers, numbering among them the most distinguished of American authors.

2d. Because its editorial departments, "Our Studio," "Our Window," and "Our Olio," will each be conducted by an able editor—and it will surpass, in the variety and richness of its editorial contents any other magazine.

3d. Because it will contain, during the year, nearly six hundred original pictorial illustrations from designs by the first American artists.

first American artists.

4th. Because for the sum of \$3 you will receive this splendid monthly, more richly worth that sum than any other magazine, and the superb engraving of "The Last Supper," worth \$5.

5th. Because you will be very likely to draw one of the three thousand prizes to be distributed on the 25th day of December, 1858—perhaps one that is worth \$1.000.

Notwithstanding that these extraordinary inducements can hardly fail to accomplish the object of the publishers without further efforts, vet they have determined to con-

without further efforts, yet they have determined to con-

THE GREAT LIBRARY OFFER. THE GREAT LIBRARY OFFER.

To any person who will get up a club of twenty-four subscribers, either at one or more post offices, we will present a splendid Library, consisting of over Forty Large Bound Volumes, embracing the most popular works in the market. The club may be formed at the club price, \$2 a year, without the engraving, or at the full price, \$3, with the Last Supper to each subscriber. List and description of the Library, and specimen copy of the Maguzine, will be forwarded on receipt of 25 cents. Over 200 Libraries, or \$,000 volumes, have already been distributed in accordance with this offer, and we should be glad of an opportunity to furnish a Library to every school teacher, or to some one of every post office in the country.

AGENTS GETTING RICH.

The success which our agents are meeting with is almost

of every post office in the country.

AGENTS GETTING RICH.

The success which our agents are meeting with is almost astonishing. Among the many evidences of this fact, we are permitted to publish the following:

GENTLEMEN: The following facts in relation to what your Agents are doing in this section, may be of use to some enterprising young man in want of employment.—

The Rev. John E. Jardon, of this place, has made, since last Christmas, over \$4,000 in his agency. Mr. David M. Heath, of Ridgly, Mo., your general agent for Platt country, is making \$5 per day on each sub-agent employed by him, and Messrs. Weimer & Evans, of Oregon, Mo., your agents for Holt country, are making from \$5 to 25 per day, and your humble servant has made, since the 7th day of last January, over \$1,700, besides paying for 300 acres of land out of the business worth over \$1,000. You are at liberty to publish this statement, if you like, and to refer to any of the parties named.

Daniel Gregg, Carrolton, Mo.

With such inducements as we offer, anybody can obtain subscribers. We invite every gentleman out of employment, and every lady who desires a pleasant money-making occupation to apply at once for an agency. Applicants should inclose 25 cents for a specimen copy of the Magazine, which will always be forwarded with answer to application by return mail.

SPECIMEN ENGRAYING

application by return mail.

SPECIMEN ENGRAVING.

As we desire to place in the hands of every person who proposes to get up a club, and also of every agent, a copy of the engraving of "The Last Supper," as a specimen, each applicant inclosing us \$3, will receive the engraving, post-paid, by return mail, also specimens of our publication and one of the numbered subscription receipts, entitling the helder to the Mogratine one war and to each war in the the holder to the Magazine one year and to a chance in the distribution. This offer is made only to those who desire to act as agents or to form clubs. Address

Dr. Hardman treats Consumption, Bronchitis, Asthma, Larryngittis and all diseases of the throat and lungs, by Medical Inhalation, lately used in the Bromton Hospital, London. The great point in the treatment of all human maladies, is to get at the disease in the direct manner.—All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into the lungs. Medicines are antidotes to disease and should be applied to the very scat of disease. Inhalation is the application of this principle to the treatment of the lungs, for it gives us direct access to those intricate air cells, and tubes which lie out of reach of every other means of administering medicines. The reason that Consumption, tubes which lie out of reach of every other means of administering medicines. The reason that Consumption, and other diseases of the lungs, have heretofore resisted all treatment has been because they have never been approached in a direct manner by medicine. They were intended to act upon the lungs, and yet were applied to the stomach. Their action was intended to be local, and yet, they were so administered that they should only act constitutionally, expending their immediate and principal action upon the unoffending stomach, whilst the foul ulcers within the lungs were unmolested. Inhalation brings the medicine in direct contact with the disease, without the disadvantage of any violent action. Its application is so simple, that it can be employed by the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least degree with the strength, comfort, or business of the patient.

THE NEW YORK STEAM SAW MILL AND MACHINE COMPANY, CAPITAL, TWO HUNDRED AND FIFTY THOUSAND DOLLARS.

DOLLARS.

This company has been organized with the above capital for the purpose of supplying the demand for the COMBINATION PORTABLE STEAM SAW-MILL, and other improved machinery.

They have purchased the entire machinery business heretofore carried on by J. M. Emerson & Co., also the Montgomery Works at Yonkers, on the Hudson, near this city, and with the experience and facilities combined in its organization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any

ganization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment.

The Combination Saw-Mill was patented October, 1856, and is now generally acknowledged to be the cheapest, and most practical, and efficient lumber manufacturing machine in the world. A number of them are in successful operation in different sections of the country, Canada, Cuba, and South America, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opinion of

The following letter expresses the general opinion of those who are using the Combination Mill:

MESSES. EMPRSON & CO.—Gentlemen: I have tried the MESSUS. JARRISON & CO.—Contiemen: I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expectations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the Lager, which was much more than sufficient to supply the boiler. We are able to cut 3.000 feet of beautiful lumber in 12 hours, with something less than one cord of wood.—
It is the very thing we have so much needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill.

Yours respectfully,

Competent mechanics are sent out to put up and set in operation our machinery, when required.

We also manufacture Shingle Machines, Planing Machines, Sugar-Mills, and Machinery in general.

Special attention paid to getting up Shafting and Pullies for manufactories, and all kinds of mill-wright work.

This company are selling in great numbers a Patent Conical Burr.Stone Mill, for flour, corn meal, and all kinds of feed, which is pronounced by experienced millers, both in this country and Europe, the best mill ever constructed. It will grind more grain in the same time, and with half the power, of any mill of the same price in the market.

We also furnish other styles of Grist-Mills, when required.

PER SQUARE FOOT.

WM. LEWIS, Huntingdon, Agent for Huntingdon county.
This improved Patent Felt makes a Cheap, Durable and
Perfectly Waterproof Roofing, for Churches, Chapels,
Public Halls, Rahroad Stations, Houses, Cottages, Verandalls, Farm Buildings, Cattle and Sheep Sheds, and
every other description of Buildings, in lieu of Tin, Zinc,
Shingles, Tiles, Thatch, &c.

It costs only a fraction of a Tin or Shingle Roof and is
more durable as it maither convorts. Chapter and the

more durable, as it neither corrobes, cracks nor leaks.
It is made of the strongest and most durable materials, and saturated with the best of Asphalte.
It is made up in Rolls, 25 yards long, 32 inches wide, and can be easily applied by any unpracticed person, with a few tacks. it is invaluable for Lining the Walls of Wooden Houses, GRANARIES, BARNS, &c., as rats or other vermin and insects IT IS IMPERVIOUS TO WET, and being a NON-CONDUCTOR, counteracts the heat of SUMMER and the cold of WINTER, equalizing the temperature within every building where it is used.

it is used.

To the Agriculturist, it makes a CHEAP and EFFECTUAL ROOFING, for FARM BUILDINGS and SHEDS; a COVERING for CORN and HAY HICKS, also a DEFENCE for Sheep during snow, and in the Yard as a loose covering for Turnips and other Folder in Winter—the use of this FELT proves a great other Fodder in Winter—the use of this Felt proves a great annual saving to the Farmer.

It is suitable to every climate.

It is light and portable, being in Rolls, and not liable to damage in transportation.

When used under Tin or other Rodfind, it forms a smooth body for the metal to lie tightly on, whereby the Tin wears much longer, not corroding beneath; at the same time diaddening Sound. Also being a non-conductor, it keeps the upper grown cook, in Summer, and being Warren.

keeps the upper nooms cool in Summer, and being Water-PROOF, prevents the Roof from LEAKING. August 19, 1857.
