Terrible Excitement in New Orleans. A Vigilance Committee Organized—Capture of the Arsenals and Prisons-The Citizens in Arms.

NEW ORLEANS, June 3.—In consequence of "disorder, outrage, and assassination, which has so long prevailed here unchecked," a Vigilance Committee has been formed, and bids fair to be as formidable as the reform movement which existed in San Fran-

We are in the midst of a revolution. Last night the Vigilance Committee assembled in large numbers, took possession of the arsenal

on Jackson square, and the prisons.

This morning the Executive Committee calls for all law and order men to join them, and announce their determination to carry out their measures of reform.

Nothing else has as yet transpired. At 7 o'clock this morning the cannon were loaded and posted upon the arsenal. Two hundred armed men are on guard.

SECOND DESPATCH.

New Orleans, June 3, 10 o'clock A. M.—

The following appeared this morning: "The citizens of New Orleans, after years of disorder, outrage, and unchecked assassination, the people, unable and unwilling either to bow down in unresisting submission to a set of ruffians, or to abandon the city in which their business, their social sympathies, and their affections cluster, have at the Vigilance Committee, and many of their length risen in their might, have quietly leaders are well known Know-Nothings. taken possession of the arsenal and buildings in Jackson square, and have established there the headquarters of a Vigilance Committee, pledging each to the other, to mainand law-abiding citizen, to restore public or-der, to abate crime, and expel or punish, as they may determine, such notorious robbers and assassins as the arm of the law has, either from the infidelity of its public servants, or the inefficiency of the laws themselves, left unwhipped of justice.

An attack was lay at the principal office, where the character of this movement will be explained and the determination of the people more fully made known. All has been done noiselessly thus far. All will continue noiselessly, dis- fusion. passionately, and justly. But the ruffians who have dyed our streets in the gore of unoffending citizens and spread terror among the peaceable, orderly, and well-disposed must jerity. The Vigilants are still behind barrileave or perish. So the people have deter-(Sigued), Vox Poruli! Vox Der!!

The True Delta extra says that seven to eight hundred men are under arms, and now at 10 o'clock, several arrests have been made. It is reported that opposition will be made, in which case a severe battle will be

ordered out by the Mayor.

NEW ORLFANS, June 3, 112 A. M.—The Common Council is now in secret session, and considerable confusion exists among them. There is also great excitement in the street.

The Council has taken possession of the First district armory, in which it is said there are but ten rounds of ammunition.

A battle is expected this afternoon. More arrests have been made.

The Vigilance Committee, it is said, have offered to give up their present stand, provided the city authorities will vest the police duties in them. The Vigilance Committee is composed of men of all political parties, and the movement cannot, therefore, be attributed to any particular party. It is conceeded, that if the Vigilance Committee succeeds in its efforts, that the American party cannot elect their candidate for Mayor, Gerard Stith, at the election on Monday next.

New Orleans, June 4—Afternoon.—Fif-

ty men, having two cannon, have just taken possession of canal street. They are said to be organized by the Vigilance Committee for punishment, and whose surrender to justice

had been demanded from the city authorities.

NEW ORLEANS, June 4—Evening.—The
compromise has been effected, and the Mayor has resigned the municipal authority into the hands of the Vigilance Committee.

Tragedy in Texas---Seven Persons Mur-

Belton, Bell Co., Texas, May 18, 1858.-I have to record an awful tragedy that occurred in Brown county, in this State, last week. The Vigilance Committee is supported by Two entire families consisting of ten per-ll the respectable citizens, and the municimoney, with the exception of three children, the oldest a little girl eight years old, and the night. There is an immense gathering one an infant, who was found sucking its mother's breast, twenty-four hours after she had been murdered. They were murdered by four men from Lampassas county, who professed to be out on a surveying expedition. They knew that those families had money, and they went disguised as Indians, thinking that by murdering the whole families, none but Indians would be suspected. The little girl however recognized one of them, who had frequently been at her father's house.

She made her escape into the field where her father was ploughing, where she found him murdered. She then went nobly to work with her little hands, and completely covered him up with dirt, to keep the buzzards off until she made her way to the nearest settlement, and gave the alarm. Important from Camp Scott—The Mormons
in Arms and Determined to Resist—The Troops at Camp Scott Living on Mule Meat. LEAVENWORTH, June 1st., via St. Louis, June 3d.-Intelligence from camp Scott to

the 6th of May has been received at the Fort. On that day two Mormons came into the camp from the city, having despatches from Governor Cumming for Secretary Cass. The troops were expected to move towards the valley by the end of May. Nothing was known at the camp at this date, of any proceedings within the city. The foregoing intelligence came by mail to the Fort.

The expressman who brought it supplies the following additional particulars: He left Fort Laramie on the 18th inst.

At Fort Kearney, the commanding officer directed him to inform Colonel Monroe that he had information that Governor Cumming had been expelled from Sult Lake City, and that the Mormons were in arms, and determined to resist the army to the last. Also, requesting Col. Monroe to push on as speed-

ily as possible.

This information, it is understood was received at Fort Kearney through the mail brought by this messenger, to whom it was committed verbally for lack of time.

Col. Hoffman's command, which was not seventy-five miles beyond Fort Laramie, had encountered snow two and three feet deep,

All the streams were very high. The peace commissioners were obliged to swim the River Platte. They had passed Fort Laramie.

It was reported that the troops at Camp Scott were living on mule meat. No official information had been received at the Fort, (Leavenworth) but the authority of the foregoing intelligence is regarded as unquestionable.

Remarkable Answer to Prayer.

The following facts were recently stated at a prayer meeting in Spring Chapel, Boston, and communicated to the Independent by one who heard them. They are surely of such course, have their voucher, who will doubt-less be able to ascertain the name of the pastor here mentioned, and we cannot but hope they will procure from the pastor an authentic statement of the facts for publication, and thus more fully satisfy the minds of many thousands of their readers.

At the close of a prayer-meeting in a country village, the clergyman observed that a little girl about twelve years of age remained upon her knees, when most of the congregation had retired. Thinking the child had fallen asleep, he touched her, and told her it was time to return home. To his surprise, he found that she was engaged in prayer, made upon the Vigilance Committee on Sat-urday night. The Vigilance Committee lost ask in prayer, believing, ye shall receive." ask in prayer, believing, ye shall receive."— She looked at her pastor earnestly, and inquired, "Is it so? Does God say that?" He took up a Bible and read the passage aloud. She immediately commenced praying, "Lord, send my father to the church. Lord send my father here!" Thus she continued for about half an hour, attracting by her earnest cry the attention of persons lingering about the

Ann Arror, November 6, 1856.

Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its heautifying effects upon the hear, but because of its heautifying effects upon the hair, but because of its heautifying effects upon the hair, but because of its heautifying therefore, my scepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidently recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair thy reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours, SOLOMON MANN.

FRIEND Woop: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it.

Again, very respectfully and truly, yours.

SOLOMON MANN.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful offects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and I have no doubt, permanently so.
