THE GREAT LIBRARY OFFER—AGENTS GETTING RIGH!!!!

The union of Emerson's Magazine and Putnam's Monthly has given to the consolidated work a circulation second to but one similar publication in the country, and has secured for it a combination of literary and artistic talent probably unrivated by any other Magazine in the world. During the first month, the sale in the trade and demand from subscribers exceeded 90,000 copies, and the numbers already issued of the consolidated work are universally conceded to have surpassed, in the richness of their literary contents, and the beauty and profuseness of their pictorial illustrations, any magazine ever before issued from the American press. Encouraged by those evidences of favor, the publishers have determined to commence the new volume in January with still additional attractions, and to offer such inducements to subscribers as cannot fail to place it, in circulation, at the head of American magazines. With this view they now announce the following splendid programme. They have purchased that superb and costly steel-plate engraving.

"THE LAST SUPPER,"
and will present it to every three-dollar subscriber for the year 1858. It was engraved at a cost of over \$5,000, by the celebrated A. L. Dick, from the original of Raphael Morghen, after Leonardo Da Vinci, and is the largest steel-plate engraving ever executed in this country, being three times the size of the ordinary three-dollar engravings.

The first impressions of this engraving are held at ten dollars, and it was the intention of the artist that none or the engravings should ever be offered for a less sum than five dollars, being richly worth that amount. Thus every

dollars, and it was the intention of the artist that none of the engravings should ever be offered for a less sum than five dollars, being richly worth that amount. Thus every three-dollar subscriber will receive the Magazine one year—cheap at three dollars—and this splendid engraving, richly worth \$5; thus getting for \$3 the value of \$8.

We shall commence striking off the engravings immediately, yet it can hardly be expected that impressions of so large a plate can be taken as fast as they will be called for by subscribers. We shall, therefore, furnish them in the order in which subscriptions are received. Those who desire to obtain their engravings early, and from the first me order in which subscriptions are received. Those who desire to obtain their engravings early, and from the first impressions, should send in their subscriptions without delay. The engraving can be sent on rollers, by mail, or in any other manner, as subscribers shall order.

TWENTY THOUSAND BOLLARS IN WORKS OF ART

TWENTY THOUSAND DOLLARS IN WORKS OF ART.

In addition to the superb engraving of "The Last Supper," which will be presented to every three-dollar subscriber for 1858, the publishers have completed arrangements for the distribution, on the 25th of December, 1858, of a series of splendid works of art. consisting of one hundred rich and rare Oil Paintings, valued at from \$100 to \$1,000 each. Also 2,000 magnificent Steel-Plate Engravings, worth from three to five dollars each, and 1,000 choice Holiday Books, worth from one to five dollars each, making, in all, over three thousand gifts, worth twenty thousand dollars.

Inclose \$3 to the publishers and you will commence receiving the Magazine by return mail. You will also receive with the first copy a numbered subscription receipt entitling you to the engraving of

and a chance to draw one of these "three thousand prizes."
REASONS WHY YOU SHOULD SUBSCRIBE FOR EMERSON'S MAGAZINE FOR 1858. 1str Because its literary contents will, during the year, embrace contributions from over one hundred different writers and thinkers, numbering among them the most

distinguished of American authors. distinguished of American anthors.

2d. Because its editorial departments. "Our Studio," "Our Window." and "Our Olio," will each be conducted by an able editor—and it will surpass, in the variety and richness of its editorial contents any other magazine.

richness of its editorial contents any other magazine.

3d. Because it will contain, during the year, nearly six hundred original pictorial illustrations from designs by the first American artists.

4th. Because for the sum of \$3 you will receive this splendid monthly, more richly worth that sum than any other magazine, and the superb engraving of "The Last Supper," worth \$5.

5th. Because you will be very likely to draw one of the three thousand prizes to be distributed on the 25th day of December, 1858—perhaps one that is worth \$1.000.

Notwithstanding that these extraordinary inducements can hardly fail to accomplish the object of the publishers without further efforts, yet they have determined to continue through the year,

tinue through the year,
THE GREAT LABRARY OFFER.

THE GREAT LIBRARY OFFER.

To any person who will get up a club of twenty-four subscribers, either at one or more post offices, we will present a splendid Library, consisting of over Forty Large Bound Volumes, embracing the most popular works in the market. Tho club may be formed at the club price, \$2 a year, without the engraving, or at the full price, \$5, with the Last Supper to each subscriber. List and description of the Library, and specimen copy of the Magazine, will be forwarded on receipt of 25 cents. Over 290 Libraries, or \$5,000 volumes, have already been distributed in accordance with this offer, and we should be glad of an opportunity to furnish a Library to every school teacher, or to some one of every post office in the country.

AGENTS GETTING RICH.

The success which our agents are meeting with is almost astonishing. Among the many evidences of this fact, we are permitted to publish the following:

GENTLEMEN: The following facts in relation to what your Agents are doing in this section, may be of use to some enterprising young man in want of employment.—The Rev. John E. Jardon, of this place, has made, since last Christmas, over \$4,000 in his agency. Mr. David M. Heath, of Ridgly, Mo., your general agent for Platt county, is making \$8 per day on each sub-agent employed by him, and Messrs. Weimer & Evans, of Oregon, Mo., your agents for Holt county, are making from \$8 to 25 per day, and your hundle servant has made, since the 7th day of last January, over \$1,700, besides paying for 300 acres of land out of the business worth over \$1,000. You are at liberty to publish this statement, if you like, and to refer to any of the parties mamed. Danel Girkge, Carrolton, Mo. With such inducements as we ofter, anybody can obtain of every post office in the country.

AGENTS GETTING RICH. of the parties named. DANIEL GREGG, Carrolton, Mo. With such inducements as we offer, anybody can obtain with such inducements as we offer, any body can obtain subscribers. We invite every gentleman out of employment, and every lady who desires a pleasant money-making occupation to apply at once for an agency. Applicants should inclose 25 cents for a specimen copy of the Magazine, which will always be forwarded with answer to

application by return mail.
SPECIMEN ENGRAVING. As we desire to place in the hands of every person who proposes to get up a club, and also of every agent, a copy of the engraving of "The Last Supper," as a specimen, each applicant inclosing us \$3, will receive the engraving, post-paid, by return mail, also specimens of our publication and one of the numbered subscription receipts, entitling the holder to the Magazine one year and to a chance in the distribution. This offer is made only to those who desire to act as agents or to form clubs. Address OAKSMITH & CO.,

THE NEW YORK STEAM SAW-MILL AND MACHINE COMPANY, CAPITAL, TWO HUNDRED AND FIFTY THOUSAND

CAPITAL, TWO HUNDRED AND FIFTY THOUSAND DOLLARS.

This company has been organized with the above capital for the purpose of supplying the demand for the COMBINATION PORTABLE STEAM SAW-MILL, and other improved machinery.

They have purchased the entire machinery business heretofore carried on by J. M. Emerson & Co., also the Montgomery Works at Yonkers, on the Hudson, near this city, and with the experience and facilities combined in its organization are prepared to furnish machinery of all kinds at more libefal rates, than has ever been offered at any other establishment. other establishment.

The Combination Saw-Mill was patented October, 1856,

The Combination Saw-Mill was patented October, 1856, and is now generally acknowledged to be the cheapest, and nost practical, and efficient lumber manufacturing machine in the world. A number of them are in successful operation in different sections of the country, Canada, Cuba, and South América, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opinion of those who are using the Combination Mill:

Messus, Emerson & Co.—Gentlemen: I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expectations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3,000 feet of beautiful lumber in 12 hours, with something less than one cord of wood.—

It is the very thing we have so much needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the layer of the timbur which ages the great lumber in the layer of the timbur which ages the great lumber.

for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill.

Yours respectfully, JESSE KERR, Jr.,
Louisville, Tennessee.

The company has purchased Lund's Patent Feed Arrangement, which is illustrated and described in the Scientific American for October 24. This adds greatly to the efficiency of the mill. fficiency of the mill.

THE COMBINATION MILL,

with all the recent improvements, and steam power of 15 horses, is capable of sawing from 3,000 to 4,000 feet in 12 hours, and is sold for \$1,650.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this company. It, is of superior contruction, and sold for 25 per cent. less than other mills of no greater capacity. A mill with 36 to 54-inch saw can be sold for \$450 to \$500, and with a 20-horse engine and boiler is sold for \$2.200.

Steam Engines and Boilers; Engines of from 1 to 100 horse power; Locomotive, Tabular, Flue and Cylinder Boilers furnished at greatly reduced prices from former

Boilers furnished at greatly reduced prices from former quotations.

Drawings, with plans and specifications for buildings and machinery, furnished gratis to our customers.

Competent mechanics are sent out to put up and set in operation our machinery, when required.

We also manufacture Shingle Machines, Planing Machines, Sugar-Mills, and Machinery in general.

Special attention paid to getting up Shafting and Pullies for manufactories, and all kinds of mill-wright work.

This company are selling in great numbers a Patent Conical Burr-Stone Mill, for flour, corn meal, and all kinds of feed, which is pronounced by experienced millers, both in this country and Europe, the best mill ever constructed. It will grind more grain in the same time, and with half the power, of any mill of the same price in the market.

We also furnish other styles of Grist-Mills, when required.

Prof. Wood's Hair Restorative will do all this, see circular and the following:

ANN Annon, November 6, 1856.

Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one loudly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my scepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidently recommend its use by all who would have their hair restored from white or gray (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair (by reason of sickness or age,) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours,

SOLOMON MANN.

FRIEND Wood: It was a long time after I saw you at Blissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you claim for it. Again, very respectfully and truly, yours, SOLOMON MANN.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has resumed its original color, and I have

no doubt, permanently so.

THE LIVER INVIGORATOR!— PREPARED BY DR. SANFORD.—Compounded entirely from GUMS is one of the best purgative and Liver medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the bowels and stomach to carry off that matter; thus accomplishing two purposes effectually, without any of the painful feeling experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses will strengthen and build it up with unusual rapidity.

The Liver is one of the largingle regulators of the will strengthen and build it up with unusual rapidity.
