Ann Arron, November 6, 1856.

Prof. O. J. Wood—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often cheated by quackery and quack nostrums, hair dyes, &c., I was disposed to place your Restorative in the same category with the thousand and one londly trumpeted quack remedies, until I met you in Lawrence county some months since, when you gave me such assurance as induced the trial of your Restorative in my family—first by my good wife, whose hair had become very thin and entirely white, and before exhausting one of your large bottles, her hair was restored nearly to its original brown color, and had thickened and become beautiful and glossy upon, and entirely over the head; she continues to use it, not simply because of its beautifying effects upon the head and mind. Others of my family and friends are using your Restorative, with the happiest effects; therefore, my scepticism and doubts in reference to its character and value are entirely removed; and I can and do most cordially and confidently recommend its use by all who would have their hair restored from white or gray thy reason of sickness or age.) to original color and beauty, and by all young persons who would have their hair beautiful and glossy.

Very truly and gratefully yours.

CARLYLL, ILL., June 28, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effects. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative it has recumed its original color, and I have no doubt, permanently so.

TINRIVALLED ATTRACTIONS!-EMERSON'S MAGAZINE
AND PUTNAMES MONTHLY,
TWO GREAT MAGAZINES IN ONE!!
Y THOUSAND COPIES THE FIRST MONTH!! MAGNIFICENT PROGRAMMS FOR 1858.
TWENTY THOUSAND DOLLARS IN SPLENDID WORKS

OF ART. FIVE-DOLLAR ENGRAVING TO EVERY SUBSCRIBER

THE GREAT LIBRARY OFFER—AGENTS GETTING
RICHIT!

The union of Emerson's Magazine and Putnam's Monthly
has given to the consolidated work a circulation second to
but one similar publication in the country, and has secured for it a combination of literary and artistic talent probable invivaled by any other Magazine in the world. Duably unrivaled by any other Magazine in the world. ably unrivated by any other Magazine in the world. During the first mouth, the sale in the trade and demand from subscribers exceeded 90,000 copies, and the numbers already issued of the consolidated work are universally conceded to have surpassed, in the richness of their pictorial illustrations, any magazine ever before issued from the American press. Encouraged by these evidences of favor, the publishers have determined to commence the new volume in January with still additional attractions, and to offer such inducements to subscribers as cannot fail to offer such inducements to subscribers as cannot full to place it, in circulation, at the head of American magazines. With this view they now announce the following splendid programme. They have purchased that superb and costly steel-plate engraving.

"THE LAST SUPPER,"

and will present it to every three-dollar subscriber for the year 1658. It was engraved at a cost of over \$5,000, by the celebrated A. L. Dick, from the original of Raphael Morghen, after Leonardo Da Vinci, and is the largest steel-plate orgraving ever executed in this country, being three times the size of the ordinary three-dollar engravings.

The first impressions of this engraving are held at ten dollars, and it was the intention of the artist that none of the engravings should ever be offered for a less sum than five dollars, being richly worth that amount. Thus every three-dollar subscriber will receive the Magaziné one year—cheap at three dollars—and this splendid engraving.

TWENTY THOUSAND DOLLARS IN WORKS OF ART.

In addition to the superb engraving of "The Last Supper," which will be presented to every three-dollar subscriber for 1858, the publishers have completed arrangements for the distribution, on the 25th of December, 1858, of a series of splendid works of art, consisting of one hundred rich and rare Oil Paintings, valued at from \$100 to \$1,000 each. Also 2,000 magnificent Steel-Plate Engravings, worth from three to five dollars each, and 1,000 choice Holiday Books, worth from one to five dollars each, making, in all, over three thousand gifts, worth twenty thousand dollars.

Inclose \$3 to the publishers and you will commence receiving the Magazine by return mail. You will also re-

ceiving the Magazine by return mail. You will also receive with the first copy a numbered subscription receipt entitling you to the engraving of "THE LAST SUPPER."

1st. Because its literary contents will, during the year, embrace contributions from over one hundred different

criters and thinkers, numbering among them the most writers and thinkers, numbering among them the most distinguished of American authors.

2d. Jacause its editorial departments, "Our Studio," "Our Window," and "Our Olio," will each be conducted by an able editor—and it will surpass, in the variety and richness of its editorial contents any other magazine.

2d. Because it will contain, during the year, nearly six hundred original pictorial illustrations from designs by the first American artists.

5th. Because you will be very likely to draw one of the three thousand prizes to be distributed on the 25th day of becember, 1858—per haps one that is worth \$1.000.

Notwithstanding that these extraordinary inducements can hardly fail to accomplish the object of the publishers without further efforts, yet they have determined to continue through the year,

THE GREAT LIBRARY OFFER.

To any person who will get up a club of twenty-four subscribers, either at one or more post offices, we will present a splendid Library, consisting of over Forty Large Bound Volumes, embracing the most popular, works in the market. The club may be formed at the club price, \$2 a year, without the engraving, or at the full price, \$3, with the Last Supper to each subscriber. List and description of the Library, and specimen copy of the Magazine, will be forwarded on receipt of 25 cents. Over 200 Libraries, or \$,000 volumes, have already been distributed in accordance with this offer, and we should be glad of an opportunity to furnish a Library to every school teacher, or to some one of crery post office in the country. of every post office in the country.

AGENTS GETTING RICH. The success which our agents are meeting with is almost astonishing. Among the many evidences of this fact, we are permitted to publish the following:

Very truly and gratefully yours.

SOLOMON MANN.

Friend Wood: It was a long time after I saw you at Bissfield before I got the bottle of Restorative for which you gave me an order upon your agent in Detroit, and when I got it we concluded to try it on Mrs. Mann's hair, as the surest test of its power. It has done all that you assured me it would do; and others of my family and friends, having witnessed its effects, are now using and recommending its use to others as entitled to the highest consideration you chain for it.

Again, very respectfully and truly, yours.

for the purpose of supplying the demand for the
COMBINATION PORTABLE STEAM SAW-MILL,
and they improved machinery and other improved machinery.

They have purchased the entire machinery business heretofore carried on by J. M. Emerson & Co., also the Montgomery Works at Yonkers, on the Hudson, near this city, and with the experience and facilities combined in its or-

ganization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment. The Combination Saw-Mill was patented October, 1856, The Combination Saw-Mill was patented October, 1856, and is now generally acknowledged to be the cheapest, and most practical, and efficient lumber manufacturing machine in the world. A number of them are in successful operation in different sections of the country, Canada, Cuba, and South America, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opinion of those who are using the Combination Mill:

MESSAS, EMERSON & CO.—Gentlemen: I have tried the saw-mill: purchased of you, and will say that it performs well, and more than meets my expectations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little

pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to sapply the boiler. We are able to cut 3,000 feet of beautiful lumber in 12 hours, with something less than one cord of wood.—
It is the very thing we have so much needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill.

Yours respectfully,

Louisville, Tennessee.

Yours respectfully, JESSE KERR, Jr., Louisville, Tennessee.

The company has purchased Lund's Patent Feed Arrangement, which is illustrated and described in the Scientific American for October 24. This adds greatly to the chiciency of the mill.

Sholes, editor of the Kenocha "Tribune and Telegraph" says, "The piano was received in good order, and is pronounced an excellent instrument by good judges, the tone of it is particularly commended, as is indeed its external workmanship and finish, compared with its cost." Speaking of the Horace Waters' Pianos and Melodeons at the Crystal Palace the "New York Disptach" says:—
"A number of these pianos and pedal bass organ melodeons, from their great power, and fullness and richness of tone, attract the very general attention and commendation of visitors. Waters' "New Scale" is recognized by artists as not only a sensible but innortant improvement artists as not only a sensible but important improvement
