Later from the Kansas Mines.

The Kansas City Journal of Commerce of Wednesday, the 29th ult., says:
Mr. John Horton arrived in this city yesterday, having left Fort Laramie on the 3d inst. He brings most important and interesting news from the gold mines of the Arkansas, Pike's Peak and Cherry Creek.

All the Indians about the fort and in the vicinity of Deer Creek were removing their goods to the mines. He saw at the fort a Mr. Jackson who had several hundred dollard months. lars' worth of the dust. The greatest excitement existed at Fort Laramie.

The mines were poorly provided with breadstuffs, not having over two months' supplies on hand. They were also entirely destitute of mining tools. Picks and shovels were worth their weight in gold-in fact they could not be had at any price.

There was not a-rocker in the mines. and o sheet iron with which to make riddles. | Peter Etnier vs —— Shoop.

Mr Benjamin Clemmore is now coming in J. & J. A. Hagerty vs Thomas Weston. no sheet iron with which to make riddles. and will be here in eight or ten days, bringing some \$500 of the gold, which he obtained in about two weeks without any tools.

There are now about 280 men in the mines, most of whom are engaged in prospecting Cherry Creek, and in the vicinity of medicine Bow. Seven men worked two weeks and made \$500, with nothing but pans. These are, in short, the particulars furnished us by Mr. Horton, who is a man well known to to every business man in this city. This is certainly the most gratifying intelligence that we have published for several weeks, and it is the more cheering inasmuch as it comes from a man we all know, and upon whose word we can rely.

The Scotch Pipe Contract Forfeited. Washington, Oct. 6,—The Washington Union of this morning contains the follow-

"We understand that the contract of Mr. Lawrence Myers, of Philadelphia, for castiron pipes for the Washington aqueduct, was yesterday forfeited, on the recommendation of the engineer in charge of the work, for the reason that the contractor has not complied with its provisions by delivering the thirty inch pipes within the time specified, viz; the first of October.

"The contract was given to Mr. Myers, though not the lowest bidder, because he offered to deliver these pipes within the specified time. It is clearly proper therefore, that having failed in this condition, the contract should be forfeited.

"We may also state that as the pipes are required for the service of the aqueduct as soon as possible, we presume that they will be purchased from our own makers, who may be able to deliver them soonest; and thus this matter, which has been a sore trouble to some of our friends in Pennsylvania, will be settled in a manner satisfactory to all parties except the defaulting contractor."

A SINGING MOUSE.—One of these little animals inhabits our office, remarks the editor of the Cumberland (Md.) Telegraph. For several years past, he has made his home in it. He has become very familiar with all John R. Gosnell, farmer, Cass. hands, and in broad daylight he can be seen playing around the feet of the compositors, or dancing about the cases, seemingly as little apprehensive of danger as if snugly away in his nest. The paste-cup is his delight, John Hight, farmer, Henderson. but he never objects to a bit of cake, or fruit, William Hagens, shoemaker, Barree. with which his admirers occasionally supply him. He is a most remarkable little animal. Saml. Hatfield, iron-master, Porter. A piece of cake puts him in high glee, and John Hutchison, farmer, Warriorsmark. when he has devoured it he gets in a corner and sings like a canary bird, his notes being sweet and melodious. Sometimes he will sing for an hour without intermission. He is a general favorite—does what he pleases with impunity—and is regarded as a sort of Joseph Kinch, laborer, Franklin. fixture in the office. Even while we are writing he is playing on the table, and is so Wm. Lincoln, farmer, Walker. tame that he suffers himself to be handled without any show of fear.

HARD TIMES.—We have just passed through a season of hard times, but our ancestors Isaac Long, farmer, Juniata. had harder times during the Revolution.— Mrs. John Adams wrote at that period: "I blush whilst I give you the prices current.— All meat from a dollar to eight shillings a pound; corn, twenty-five dollars-rye, thirty per bushel; flour, two hundrd dollars per hundred pounds; potatoes, ten dollars a bush-The dollars referred to were the depreciated continental currency

LYNCH LAW IN TEXAS.—The murderer of Mr. Grant, of Texas, late of Orange county, N. C., and son-in-law of the late Professor Mitchell, has been detected, proving to be Washington Garner, the son of a wealthy but very much dreaded neighbor of Mr. Grant's. Washington was jailed, but about two hundred enraged citizens assembled, broke open the jail, took the murderer out and shot him to atoms.

The Rochester Union says that a petition has been drawn up by the friends of Ira Stout, asking Gov. King to commute his sentence of death to imprisonment for life.

THE GREAT BEAUTIFIER

FOUND AT LAST! SO LONG UNSUCCESSFULLY SOUGHT, FOUND AT LAST! For it restores permanently gray hair to its original color; covers luxuriantly the bald head; removes all dandruff, itching and all scrofula, scald head and all cruptions; makes the hair soft, healthy, and glossy; and will preserve it to any imaginable age, removes, as if by magic, all blotches, &c., from the face, and cures all neuralgia and nervous head ache. See circular and the following.

Dover, N. H., Feb. 2d, 1857.

Prof. O. J. Wood & Co.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to-day we were compelled to send to Boston for a quantity, (the 6 dozen you forwarded all being sold,) while we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers; and the approbation, and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALof our vicinity, fully convince us that it is A MOST VAL-UABLE PREPARATION.

Send us as soon as may be one gross of \$1 size; and one dozen \$2 size; add believe us yours very respectfully.

(Signed,)

DANIEL LATHROP & Co.

Hickory Grove, St. Charles Co., Mo., November 19, 1856.

Prof. O. J. Wood—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative; we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby recommend your Restorative, as a perfect recrop of hair as any other child. We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully,

SARAH A. HIGGINBOTHAM.

GARDINER, Maine, June 22, 1855.

PROP. O. J. Wood—Dear Sir: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it

is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My Hair has now attained its original color. You can recommend it to the world without the least fear, as

my case was one of the worst kind.

Yours respectfully,

DANIEL N. MURPHY.
