Shipped during week ending May 11, 1859,

Godey's Lady's Book for June, has been received, and is, as usual, filled with the choicest reading matter.

Shipping of Broad Top coal by canal is active. If the prices pay the boatmen, they will have a fine harvest this season.

Rev. O. O. McLean, has accepted a "call" from Iowa City. He left for that place on Tuesday morning, and took with him the kind wishes of this community.

Our little favorite, HATTIE MILLER, on yesterday, made us a handsome present of early vegetables, for which she has our thanks. We are particularly fond of vegetables, and kind hearted little girls.

A very fine article of Ladies' Note Paper, for sale at Lewis' Book, Stationery and Music Store, where every article in his line of business can be had at retail as cheap if not cheaper, than at any other establishment in the State.

Workmen are busily engaged in laying down gas pipes from the corner of Hill street, up Montgomery to Washington street. We are not advised whether the Gas Company intend laying the pipes from one end of the street to the other.

Bouquers.—This is the season for youth the spring time of life-and bouquets. Bouquets-we received one last week, from our neighbor NANNIE-it was the first of the scason-not as large as the one we expect to receive from the same hands when the varieties are in full bloom.

We had the pleasure, a few evenings since, of trying the quality of Mr. C. Long's Ice Cream. His room can easily be found, at his residence over Gutman's Clothing Store, and if his Cream is not found equal to the best, then we may be put down as no judge of the article. Call and taste for yourselves.

LARCENY OF TEN DOLLARS .- On Wednesday last, a colored girl, living in one of the back streets, with her mother and step-father, was arrested, on oath of the latter, on a charge of stealing ten dollars from him. She had a hearing before Esquire Snare, and was sent to board in the county institution for sixty

There has been complaint of late by a number of our subscribers, that they do not receive the "Globe" regularly. The fault is not with us, we place the papers in the P. O. at this place regularly every Wednesday, in time for the mails. Our friends will confer a favor by informing us of any irregularity hereafter. We shall stir Uncle Sam up with a long pole, if he attempts to crush us out by detaining our papers.

Suicipe.-We learn that Mrs. John Richardson, living in Woodcock valley, committed suicide on Saturday morning last, by hanging herself. Mrs. Richardson, had been distressed, to comfort the afflicted, and to remember the iusane for several years, and up till Saturday | forgotten. As piety predominated in her mind, so it inlast, she had never shown any signs of her intentions to take her own life. We are unable to learn the full particulars, at present, but if anything of importance should turn up concerning the case, we will advise our read-

I AND J .- There are no two letters in the manuscript alphabet of the English language which occasion so much trouble, or cause so much misconstruction, as the two letters, I and J, as many persons inadvertently write them. The rule for writing them properly, and which should be universally understood and adopted, is to extend the J below the line, while the I should be written even with the line. If those who write I for J knew how it sometimes puzzles printers, they would remember the above suggestions.

The German Reformed Classis have been in session in this place, since Friday last, and will close to-day. The most of the Clergy in attendance, rank with the most able in the State. On Sabbath last, members of the Classis preached in the Methodist, Presbyterian, Lutheran, Baptist and Reformed churches. Several of the Clergy also visited Alexandria and preached for congregations in that place. The Classis will be long and favorably remembered by the good people of all congregations in this neighborhood.

Concert.-On Wednesday evening last, a blind girl, named Miss Phœbe Looker, gave a concert in the Court House, assisted by the Huntingdon Continentals. We did not attend the Concert, but learn that it was quite a good affair. Miss Looker plays admirably on the melodeon, and sings well. She also read a psalm, printed in raised letters for the blind. She is truly an object of charity, and we are pleased to know that our citizens took such an interest in her behalf. The Continentals also deserve the commendation of our citizens, for the effort which they made, to assist her. They acquitted themselves nobly. We hope that Miss Looker may be well patronized wherever she may go.

THE DIVISION OF CALIFORNIA.—The telegraph brings information, that a bill for the division of the State of California has passed both branches of the Legislature, and gone to the Governor for his signature. This bill s entitled "An Act granting the consent of the Legislature to the formation of a different government for the Southern counties of the State," and undoubtedly looks to the erection of the territory thus set off, into an independent State. The name proposed to be given to it is the "Territory of Colorado."

The steamship Tennessee, which arrived at Quarantine, New Orleans, May 12th, furnishes dates from the Vera Cruz to the 8th inst., and from the city of Mexico, to the 1st. Gen. Robles was at Jalapa with 1000 men. He had issued a decree forbidding the passage of the American mails.

Great confusion reigned at the capital. A change of the Presidency was soon expected. An outbreak it was feared would occur shortly. Miramon was endeavoring to raise money Europe on the church proporty, the Archbishop having consented to its mortgage.

A dreadful accident, resulting from foolishness and carelessness combined, recently occurred at a law school near Gallatin, rennessee. Some of the students were trying (illustrating) the Sickles case, in moot court, when the young man who took the part of Sickles, jerked out a pistol which he did not know was loaded, and shot his most intimate friend, who was taking the part of Key, through the chest. Mr. Tap took the part of Sickles, and Mr. Burke the part of Key. It is a very sad thing, but the shot was purely accidental. It was at first thought Mr. Burke would recover, but mortification has taken place. Mr. Tap has suffered so much in mind that he has two or three times tried to kill himself, but been prevented by his young friends.

Persons laboring under this distressing malady will find Dr. Hance's Epileptic Pills to be the only remedy ever discovered for curing Epilepsy or Falling Fits. These Pills possess a specific action on the nervous system; and although prepared especially for the purpose of curing Fits, they will be found of especial benefit to all persons afflicted with weak nerves, or whose nervous system has been prostrated or shattered from any cause whatever. The discounting particularly whose stemach has been the nearest dyspeptic patient, whose stomach has lost the power of duly converting food into a life sustaining element, is relieved by a single course of the extraordinary Pills. The gastric fluid re-acquires its solvent power, and the crude nutriment which was a load and a burden to the sufferer, while his digestive organization was paralyzed and un-strung, becomes under the wholesome revolution created in the system, the basis of strength, activity, and health. Sont to any part of the country by mail, free of postage. Address Seth S. Hance, 108 Baltimore street, Baltimore, Md. Price—one box, \$3; two, \$5; twelve, \$24.

She descended from a family—the Oberns—whose name, in this Valley, is coeval with civilization. Like her illustrious progenitor, "who kept his wheat for those that had no money and no horse," she was ever ready to relieve the fluenced all her conduct; hence, her silent generosity, meckness of disposition, and veneration of the Sabbath. In the nearest relations of life—as a wife and a mother -her character was eminently lovely. Her gentle words uttered with such peculiar grace, found access ready, to the listener's heart.

To us who were present at that trying time-the hour of death-we felt that many tears and lamentations were there unbecoming, and would have marred the solemn sweetness of the scene—we remembered, full well, her sleepless nights and wasting form. With screnity, nay, joy, we saw her, with uplifted hands, "accepting death as gently and silently as the sky receives into its arms the same than the sa

JAMES GWIN,

TEDICAL SCIENCE. The history of "HOOFLAND'S GERMAN BIT-ERS," the most remarkable medicine of the day, and he many cures that have been performed with it in cases I LIVER COMPLAINT, DYSPEPSIA, NERVOUS DEof LIVER COMPLAINT, DYSPEPSIA, NERVOUS DEBILITY, and diseases arising from a disordered liver or stomach, place it among the most astonishing discoveries that have taken place in the medical world. The diseases to which these Bitters are applicable are so universal, that there are but few of our friends who may not test their virtues in their own families or circle of acquaintances, and prove to their own satisfaction that there is at least one remedy among the many advertised medicines, deserving the public commendation. It is a fact that, in the minds of many persons, a prejudice exists against what are called Patent Medicines; but why should this prevent you resorting to an article that has such an array of tesare called Patent Medicines; but why should this prevent you resorting to an article that has such an array of testimony to support it as Hoofland's German Bitters? Physicians prescribe it, Why should you discard it? Judges, usually considered men of talent, have and do use it in their own families. Why should you reject it? Clergymen, and those the most eminent, take it; why should not you? Let not your prejudice usurp your reason, to the everlasting injury of your health; if you are sick, and require a medicine, try these Bitters.

These Bitters are prepared and sold by Dr. C. M, Jackson, No. 418 Arch street, Philadelphia, Pa., and by druggists and storekeepers in every town and village in the United States, Canadas, West Indies, and South America, at 75 cents per bottle. See that the signature of C. M. Jackson is on the wrapper of each bottle.

Huntingdon, April 6, 1859. sive assortment of READY-MADE CLOTHING, consisting of every article of gentlemens' furnishing goods. We deem it unnecessary to make a newspaper flourish, being confident that a call and an examination of our goods, will satisfy all, that our goods are just what we recommend them to be, well made, of good material, and as cheap as the same quality of goods can be bought in the county of Huntingdon. It is not our desire, as it is not the policy of honest men, to deceive, but this much we will say, that we will guarantee to all who may favor us with their patronage, entire satisfaction as to quality, fit and price. Should gentlemen desire any particular kind or cut of clothing, not found in our stock, by leaving their measure, they can be accommodated at short notice. Call at the corner of the diamond, Long's new house.

M. GUTMAN & CO

April 20. 1850.

The undersigned has purchased the right of Huntinglon and Blair counties, for the DIRECT ACTION TURBINE WATER WHEEL, of Timothy Rose, patented trunglon and Blair counties, for the DIRECT ACTION TURBINE WATER WHEEL, of Timothy Rose, patented trunglen and Blair counties, for the DIRECT ACTION TURBINE WATER WHEEL, of Timothy Rose, patented september 20, 1850. This wheel has been successfully introduced in all the Eastern States, and some of the Western, and wherever introduced, has proven to be the most efficient and economical wheel for Saw Mills, and driving other machinery where there is a quick motion required.

The important features of this wheel for saw mills, are bright their patronage, entire constructed that the cast iron, and for that reason is much less liable to be troubled with ice, as the cast iron generates leat much quicker than the wooden wheel, and not liable to decay. 2d. Its cheapness of construction and the amount of effective power obtained from it. 3d. The manner in which they are constructed, being unlike all other wheels for saw mills. unlike all other wheels for saw mills, making it evident that they are easy of access under any circumstances for repairs, or anything else. The shafts and wheels can be taken out of their place without removing any part of the plum. 4. Its great per centage of power to the water expended, and its uniformity of per centage and power, when the gate is but partially raised.

This wheel claims a superiority over all other water wheels now in use for saw mills, inasmuch as a much larger per centage is saved in the power of propulsion, and works equally well under either high or low heads, and is a valuable power for those who find it necessary to economize in water.

All further information will be cheerfully given by the subscriber at Potter's Mill, Centre county, Pa., who is prepared to put in wheels at short notice and on reasonable terms.
