Philadelphia, April 12th, 1856. Philadelphia, April 12th, 1856.

Messrs. Evans & Watson—Gentlemen—It affords us the highest satisfaction to state to you, that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our jewelry, and all our books, papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th instant. exposed to the calamitous fire in Ranstead Place, on the morning of the 11th instant.

When we reflect that these Safes were located in the

fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against fire.

The history of "HOOFLAND'S GERMAN BITTERS," the most remarkable medicine of the day, and the many cures that have been performed with it in cases of LIVER COMPLAINT, DYSPEPSIA, NERVOUS DEBILITY, and diseases arising from a disordered liver or stomach, place it among the most astonishing discoveries that have taken place in the medical world. The diseases to which these Bitters are applicable areas universal that to which these Bitters are applicable are so universal, that there are but few of our friends who may not test their virtues in their own families or circle of acquaintances, and prove to their own satisfaction that there is at least and prove to their own satisfaction that there is at least one remedy among the many advertised medicines, deserving the public commendation. It is a fact that, in the minds of many persons, a prejudice exists against what are called Patent Medicines; but why should this prevent you resorting to an article that has such an array of testimeny to support it as Hoofland's German Bitters? Physicians prescribe it, Why should you discard it? Judges, usually considered men of talent, have and do use it in their own families. Why should you reject it?
