TEDICAL SCIENCE. The history of "HOOFLAND'S GERMAN BITTERS," the most remarkable medicine of the day, and TERS," the most remarkable medicine of the day, and the many cures that have been performed with it in cases of LIVER COMPLAINT, DYSPEPSIA, NERVOUS DEBLITY, and diseases arising from a disordered liver or stomach, place it among the most astonishing discoveries that have taken place in the medical world. The diseases to which these Bitters are applicable are so universal, that there are but few of our friends who may not test their virtues in their own families or circle of acquaintances, and prove to their own satisfaction that there is at least one remark among the many advertised medicines deserand prove to their own satisfaction that there is at least one remedy among the many advertised modicines, deserving the public commendation. It is a fact that, in the minds of many persons, a prejudice exists against what are called Patent Medicines; but why should this prevent you resorting to an article that has such an array of testimony to support it as Hoofland's German Bitters? Physicians prescribe it, Why should you discard it? Judges, usually considered men of talent, have and do use it in their own families. Why should you reject it? Clergy men, and those the most eminent, take it; why should not you? Let not your prejudice usurp your reason, to the everlasting injury of your health; if you are sick, and require a medicine, try these Bitters.
