General Foster's Nomination at His Home.

Grand Democratic Ratification Meeting-Speech of General Foster.

The Greensburg Democrat brings us the proceedings of the Democratic ratification meeting held there-the home of Gen. Henry D. Foster-on the evening of his nomination

by the Reading Convention for Governor.-The town was brilliantly illuminated, and the Court House, where the meeting was held, was thronged to suffocation by the neighbors and friends of General Foster, anxious to testify their gratification at the very unexpected news. James C. Clarke, Esq., presided, and a motion being made to invite General Foster to address the assemblage, the chair, in putting the motion, said :

In rising to put the motion just made, I do not know that I am called upon to make any remarks of the meeting; every one present is aware of its object. We have, but a few hours since, learned that the Democratic State Convention, assembled in Reading, has most unexpectedly, and by acclamation, placed in nomination, as the Democratic candidate for Governor of the great State of Pennsylvania, our distinguished fellow-townsman, General Henry D. Foster; [cheers] and we have met here, spontaneously, as it were, to rejoice and congratulate each other upon that nomination, and to ratify by our united voices tonight the action of the Convention-a ratification, which, although at the right time and place, coming as it does from the grateful hearts of the immediate friends and neighbors and personal acquaintances of General Foster, is but the prelude to the greater ratification which will be given by the people of Pennsylvania at the ballot-box on the second Tuesday of October next. [Renewed cheers.] Fellow-citizens of Westmoreland county, I most heartily congratulate you; I congratulate the people of Pennsylvania on this auspicious nomination. The manner in which it was made, unsolicited as it was-and even against the wishes of the recipient-assures us that the Democratic party of the State is again returning to the good old times of its purity and integrity when the office sought

the man, and not the man the office ; [great applause;] when the only questions asked were, is he honest? Is he capable? The unprecedented unanimity with which the nomination was made, and the unbounded enthusiasm which followed its announcement, augers that we have but to do our duty in the coming political contest and a glorious victory will follow. But I will not detain you longer from the pleasure I know you all anticipate, of listening to the voice of acceptance of this highly honorable nomination

Mr. President and Fellow-Citizens :--- I confess, that a few hours ago, no man in Pennsylvania less anticipated the action of the Democratic State Convention, and of my fellow-citizens here present, than myself. I had no expectations that I would be selected

Horrible Barbarities Committed in Cal- Extraordinary Affair at a Lunatic Asylum in Ohio. ifornia.

The San Francisco correspondent of the New York Herald writes:

THE PITT RIVER INDIAN WAR-HORRIBLE BARBARITY .--- The correspondence and papers in connection with the hostilities carried on against several tribes of Indians in the Northern part of the State by a party of volunteers under General Kibbe have been laid before the Legislature. A claim for \$80,000 has been presented as the cost of the service.-The conduct of the whites was most barbarous. Hundreds of Indians-men, women and time. children-were slaughtered in cold blood by one party, called the Pitt River Rangers .--They attacked a rancheria at night, and never paused until about five hundred Indians,

of all ages and both sexes, lay dead on the ground.

The statements of United States officers and some stock owners, who had their cattle stations in the neighborhood of the Indians, go to show that the Indians were peaceable and well-disposed up to the advent of the volunteers and border-men, and had treated the few whites among them well, although they had the power, if they were so disposed, to destroy them and appropriate their stock .---One statement is made, on the authority of an officer of the United States Army, which should be forthwith investigated. Lieuten-ant Dillon reports that Thomas Henly, accompanied by some of his people, in August last, proceeded to Eel River and captured a few Indians that resided there in huts. Mr. Henly, it seems, did not charge these people with any thing. He only considered they were too near him, and might steal. One of the Indians was unable to walk. Henly shot him, or ordered him to be shot. He excuses he wished to escape from a room. himself on the ground that the man looked like a bad Indian.

The public indignation is very great against these villain volunteers, not one of whom was killed during the so-called campaign. It is locked up for the night, he set to work, and high time that the United States should do something to protect from wholesale slaughter and shutter, so as to enable him to remove the unfortunate Indians of California. The wars against them invariably got up for speculative purposes.

Stephen A. Douglas.

The American Democrat, published at Carlisle, says :---

"The indications are that the 'Little Giant' will receive the nomination for President at Charleston. Of the instructed delegates, Judge Douglas has a greater number han all others combined, and it is well understood that a large number of those who are uninstructed will support him. The action of the recent Convention at Reading will go very far towards bringing about this result. Whilst the delegates from this State will go to Charleston without instructions. and whilst it is well known that a majority of them are opposed to Mr. Douglas, it is equally well known that a portion of the del-egates will support him. This was not an-

pipated, as it was generally conceded that Pennsylvania would instruct for some one of the other candidates. We can cheerfully support either of the gentlemen who have been named for the Presidency, by the Democracy of the various sections of the country, but we are free to confess that we look apon Stephen A. Douglas, as the most available, and the man eminently fitted to lead the Democratic hosts against the Black Republican column."

The Reaction at the South.

" Cleveland," the far-famed Washington correspondent of the Cincinnati Enquirer, A Lunatic Cuts a Hole in the Floor with False Teeth, Picks a Lock with a Pin, Cuts Out a Window-sash and Shutter with a Ring, and Escapes.

From the Cleveland (Ohio,) Herald, March 5.]

Among the inmates of the Northern Ohio Lunatic Asylum is a person named Wheedon, once a highly respectable citizen in good circumstances, and said to have been a member of the former coal firm of I. C. Pendleton & Co. He has been in the asylum for some

For some time past he has manifested a strong disposition to escape, and the utmost care and vigilance has been exercised to frustrate his designs, but not always with success. Before being placed in his sleeping-room at night, he has been always stripped and carefully examined to prevent the secreting of any instrument, and all his clothes but his shirt, pantaloons and stockings taken away. In spite of these precautions, he has succeeded three times within a few days in escaping from his room.

About two weeks since he took a set of false teeth out of his mouth, and by constant work contrived with them to saw a hole through the floor of his chamber, making a hole sufficient to admit of his dropping through into another part of the house, and thus escaping. He was traced and caught at the house of Mr. Pendleton, on Euclid street.

A few days since he secreted a pin, and with that exceedingly unlikely instrument he managed to pick the lock of his door, and escaped into the hall, where he was fortunately arrested. He then stated that a pin was of more value than ten thousand dollars when

Last Saturday night he was carefully examined, as usual, before being placed in his room, but succeeded in secreting a small brass ring, split at one part, in his hair. On being with the ring he cut through the window sash them from the window. He then took the coverlid of the bed, and tore it into strips, with which he made a rope reaching nearly to the ground, a distance of some twenty-five or thirty feet. Some of the cotton batting with which the coverlid was wadded, he placed in his stockings to protect his feet, as he had no shoes. Then dressing himself in shirt, trowsers and stockings, he slid down the rope and escaped.

Striking across the country to the Eight-mile Lock, he then took the tow-path of the caual, and walked down to University Heights, where he arrived yesterday afternoon. The officers of the asylum on his track came on him yesterday (Sunday) afternoon. He was very quiet when arrested, and spoke freely of his escape, and made no resistance to being taken back to the asylum. We question whother this series of extraordinary escapes can be well matched.

Dreadful Affair in Arkansas---Two Men and a Woman Hung by Lynch Law. From the Memphis Appeal, March 3d.]

In Crittenden county, Arkansas, not far from Marion, and eight or ten miles from this eity, lived a man named Robinson and his wife. On last Tuesday night but one, February 21, no one being in the dwelling but Robinson and his wife, just as he was retiring for the night, a shot fired by some person outside came crashing through the window-it was well aimed, and the unfortunate man fell before his wife a corpse. Who could have done so hellish a deed was a mystery.-Strong excitement arose in the neighborhood, and Robinson being a favorite with his neighbors, a determination was expressed that justice should be done. Investigation led to the discovery of suspicious conduct on the part of the wife of the murdered man. So dark and damning were the indications of her guilt, that she was arrested and placed in jail on Friday of last week. The wretched woman, overcome with horror and fear, sought to save herself by denouncing others, and made a full confession. She stated that she had formed an intimacy with a man whose name our correspondent has omitted to give us, and wished to marry him, and for one hundred dollars she hired his brother to do the deed of death by which she might be set free from her husband. He performed his fatal task only too well. On Wednesday the two men implicated were arrested and placed in custody .---Day before yesterday, the exasperated people dragged the criminals from the jail to the woods, and there hung them until they were dead. The woman was reserved, but was to be hung yesterday, as the populace were determined that all who were concerned in the assassination of Robinson should cumber earth no longer.

The Tide Becoming Irresistible.

The editor of the Harrisburg State Senti nel, in his paper of Saturday last says :-"During the last ten days we paid a visit to the Federal capital and mixed considerably with the people as well as with the politicians from all parts of the Union, and, never before, during an active political life of over twenty years, did we witness so overwhelming a sentiment in favor of one man for a high position as has everywhere manifested itself in behalf of Stephen A. Douglas for the Presidency.

The most happy augury, however, in this connection, was to find so intense a feeling in his favor among Southern men. During our short stay in Washington we met with many intelligent Southern gentlemen, from the lips of whom we heard the declaration over and over again that "Judge Douglas is the choice of the *People* of the South, and, were it not for a few noisy fire-eaters, who through the boiling of the political cauldron have, unfortunately, been thrown to the surthey imbued with the belief that his nomination alone can prevent the election of a Black Republican, that many of them hail the reits deliberations.

DOUGLAS! DOUGLAS !- The cry is, everywhere, Douglas! So manfully does he bear himself in the U.S. Senate against foes in the Democratic party and foes outside of itwith such statesman-like ability does he handle every subject which he touches-so firmly has he planted himself on Democratic truth and the avowed principles of the party-so fearless is he in his uprightness of purpose, that he has taken by storm the public heart of the nation, and with one accord, East, West, North and South, the PEOPLE proclaim him to be their choice for the Presidency. It matters little now what the politicians may do--what schemes they may resort to, what resolutions they adopt at Washington or elsewhere, the nomination is already, in effect, made, and, as we said some time ago, the or place the success of the party in jeopardy. The people—like truth—are mighty and will prevail.

GOOD FOR OLD BERKS!-One of the most intelligent and influential Democrats of Berks county, the Old Gibralter of the Pennsylvania Democracy, writes the Harrisburg State Sentinel an enthusiastic letter, in the course of which he says:

"The nomination of Gen. Foster was a God-send to us here. We are all united again. Now, for God's sake, give us Douglas! With Douglas and Foster we can make Old Berks stronger than ever. heart, and upon its platform I shall surely stand. Great questions of public policy and of vital interest are agitating the country to its very centre. Those questions must be settled, and settled upon sound, national, constitutional grounds. They must be settled not for the benefit of the North-not for the benefit of the South-not for the exclusive benefit of any section, but for the best interest and the common good of the whole coun-

The flattering manner in which this nomination was made, compels me to accept it. I should be false to my principles, false to my party, false to my friends here and elsewhere, by and through and for whom it has been given, if I failed to accept it. I take it from the Democratic party, and if that party goes down, standing as it does upon principles of justice and of right, I am content to go down with it.

To you, my neighbors and my friends, I can hardly find words to express my gratitude for this spontaneous exhibition of your friendship for me. Here, of all other places, it falls most flatteringly upon me. You have known me for many years, and to you I owe all that I am. Wherever situated, and whereever my lot may be cast in the future, my heart shall always be turned to my present home, where my imperfections have always been overlooked, and a meed of praise awarded me far greater than my deserts. I thank you, again, for this warm mani-

festation of your kind regard, and, believe me, I shall cherish it through all the years of my life. During the delivery of these remarks he

was frequently interrupted by the wildest applause, and when he sat down the Court House fairly shook under the cheers of the multitude.

DOUGLAS IN CALIFORNIA.-Recent information of a reliable nature from California is most gratifying to the friends of Senator Douglas. The very best assurances have been given that California will be represented in the Charleston Convention by a full Douglas Delegation. The Democracy of the Golden State are unitedly and enthusiastically in favor of the Illinois Giant.

Senator Latham, the young and gifted successor of the lamented Broderick, has just arrived at Washington, and now occupies his scat in the Senate. He is bitterly opposed to Gwinn; and while he will give his support to the Administration, in an interview with Mr. Buchanan, he is reported to have told him frankly that he was the personal and political friend of Judge Douglas. So we go.

PARACIDE IN JACKSON COUNTY, OHIO.-The Jackson, Ohio, Standard, furnishes the particulars of a shocking murder committed in that county on the night of the 13th instant. The victim was Daniel Winchell, an old resident of Jackson township, and the assassins were one of his sons, his son-in-law and nephew. As he was about entering his door, one of the above parties knocked him down, one of the accomplices seized him, and carried him a short distance from the house, cut his throat with a knife, and then held him over a hole already dug in the ground for the reception of his blood. His body was then tied up in a sheet and thrown into a neighthe neighbors. A little son of the decased, gave the information which led to the discovnow in jail.

A WOMAN-VOTER .- Much amusement was created at the polls of the 3d Ward yesterday, by an attempt to carry "Woman's rights" into active exercise. The wife of a voter, who was confined to bed by illness, appeared and demanded to cast her husband's vote.---Upon a refusal, she became quite irrate, and to pay the interest due on the railroad bonds front of the polls. She was at length quieted and conducted away.-Alex. Gaz.

NEW POST OFFICE STAMP .--- A new post office stamp has been invented by a gentleman in the city of Philadelphia, which is calculated to meet a public want that has long been felt. The peculiarity of the new patent stamp is this: It leaves its impression not only on the envelope enclosing a letter, but upon every fold of the letter itself. This is effected by means of a steel die, the letters and figures upon which are formed by a serics of fine points, which pierce the envelope and its contents in such a manner as to impart, ineffaceably, the name of the post office and date upon which the letter is mailed,-Since the general introduction of envelopes. much inconvenience has been suffered from the want of such an invention.

In numerous instances, as every business man knows, letters containing orders are received in which the name of the post-town and the date are entirely omitted, and upon which the post-mark has been so imperfectly impressed as to be unintelligible. For this reason post dates on envelopes are not received in court evidence, and very properly so, from the fact that wrong envelopes could be easily substituted to make out a case .---With the steel-pointed stamp, however, all these disadvantages are effectively obviated.
