There is a large crowd in attendance at Court. The Hotels are doing a good business. Pinched quarters pass for 25 cents.

A GREAT MISTAKE .- It is a very great mistake for a citizen doing business in Huntingdon to suppose that because he can, apparently, save a dollar in purchasing a given article in Philadelphia, that he is a gainer to the amount of that dollar. When rightly viewed, it is just the reverse. He is a loser. For his money which should have been kept at home, in circulation here, is now gone from among us, the community impoverished to just the amount he has unnecessarily sent abroad, the ability of his customers to pay him that much lessened, and his prospects of business also to that extent curtailed. It is undoubtedly a suicidal course to pursue, and the man of liberal and enlarged views will be careful never to spend a dollar abroad which can be retained at home. For even to pay a trifle more for any given article here, is better for all concerned than to send away the money out of our circulation. If all would only look at this thing in the proper manner, "times" would soon grow better here.

. TRY IT .- The following is vouched for by a gentlemen who says he knows it is "all right"; "About the first of April take a few large turnips and cut out the hearts of them to form a sort of cup. Fill the cavity with earth, and plant two or three tomato seeds in each. When the seeds have well sprouted. pull up all but the healthiest plant in each they will have the benefit of the sun, the plant will grow very thrifty-the decaying turnips furnishing it food. When the weathin a well prepared soil, not less than three feet apart, make lath frames to keep the vines from the ground, and keep the soil well hilled up around them, and you will have a crop that will astonish the natives. The adearly without setting them back by trans- pline than either Blackstone or Coke have planting."

"A PENNY SAVED IS TWO PENCE EARNED." -This is one of the truest maxims ever uttered by the immortal tamer of the fiery element of the clouds, Benjamin Franklin. It is a truism which lies at the foundation of every man's success in the business affairs of life, and one which should always be kept in view. It will render "man's journey through this vale of tears" happy and prosperous, and make him feel that independence which, under the benificent laws of our free and wholesome government, all should and can feel .-Col. Wm. Summers has opened an auction | To achieve this position all should not only labor with their hands but also with their heads. They should study how to save as well as to earn. When they buy their clothing, their food, and all the necessaries of life, they should ever keep in view their own interests the main chance, and obtain the best and the cheapest, or in other words to make the most out of the money obtained by the sweat of of their brow. "The laborer is worthy of giate Institute will commence on Tuesday 1st | his hire" in cash, so that he may not be oppressed by the rich who use every devise to filch from him large profits. With money in his pocket, he can repair to the new store of William Summers, on Allegheny street, and purchase what he needs at greatly reduced prices, and in that particular carry out the nice injunction quoted above.

THE REVENUE COMMISSIONERS.—From the report of the late Board of Revenue Commissioners, we condense the following statements, relative to our county, which will be interesting to every tax-payer:

Am't of tax assessed at 2½ mills, \$11,666 01 do at 1 per ct., 307 21 18 00 do at 2 do., 5,728 Number of taxables, Rate of tax to each citizen, 2 09 Decrease of valuation by Board, 1,236,545 00

the Revenue Board has decreased the valuation for this county, a considerable item .-The decrease made upon the 21 mill item, amounts to \$300,000. The worthy representative from this district, Theo. II. Cremer, Esq., was instrumental in procuring the desirable change in the valuation; and we agree with the American and Journal that for his untiring efforts and unwearying zeal to bring about the satisfactory result, he deserves the thanks and should receive the substantial token of approbation from every tax-payer in the county.

LOCAL CORRESPONDENCE. "Look as I blow this feather from my face, And as the air blows it to me again, Obeying with my wind when I do blow, And yielding to another when it blows, Commanded always by the greater gust; Such is the lightness of you common men."

DEAR EDITOR:-In your last week's issue, notice a reply to my remarks of the week before, signed "Two of the Thirty;" in which they say they did not think at the time they so boldly asserted there were sixty marriageable girls on Hill street, that it would go so turnip, and let those that remain, stand where readily home to the hearts of "One of the Sixty," and "One of the girls on Hill street." Now, my dear sirs, our hearts are not so easily wounded, that a remark, the truth of turnips furnishing it food. When the weath-er becomes sufficiently warm, set the turnips sleepless nights. We do say, however, that we were struck with astonishment, not with the young man's "boldness and impudence," nor with the assertion, but with this fact, that any young man, in this the nineteenth century, could find nothing better with which to employ his mind, than counting the number of girls who live on a street. We fear we vantages consist in getting the plants started | will have to recommend a more severe disciyet taught him. Our amazement, however.

was not of the same character as was that of a certain married lady, who, after repeatedly asking her husband what was the matter with him, ascertained that all that ailed him was, he was only sober.

"One of the Thirty" says he is amazed at the low estimate of young men of Hunting-

don. We do not see why he should be .-

Were he to take his station (if he has not al-

ready done so,) on one of the corners of Hill or Allegheny streets for one day, and see the number of active and energetic young men who congregate there to discuss the affairs of nations, (or any marriageable lady who may bass,) his amazement would speedily vanish.

He also advises our migrating to a more narriageable clime. He appears to think hat because this is Leap Year, every lady must necessarily be on the hunt for a husband. I hope the young man will not refuse is until he first has the opportunity; at least not say no before he is asked. As to his sour interest is a state of the following notices:

"The authors have turned their intellectual wealth to the best purposes. Such books are botter than hundreds of mere controversial sermons."—R. Shelton Mackenzie.

"Say and Scal' is indeed a true, beautiful home book, the will be read with delight and profit by tens of thousands of our people."—Evening Bulletin.

He appears to think that because this is Leap Year, every lady must necessarily be on the hunt for a husband. I hope the young man will not refuse us until he first has the opportunity; at least not say no before he is asked. As to his sour grapes, we have heard many who declared if they were sour before possessing them, that THE BIBLICAL REASON WHY, afterwards they not only grew tart with time, but added bitterness to their other qualifica-

BEAUTIFUL, BUT TRUE.

A few days since, Mr. Jas. H. Beadle, of Huntsville, Alabama, called on us and gave us permission to publish for the benefit of suffering humanity, the astonishing cure which had been effected in the case of his wife by the use of Dr. Hance's Vegetable Epileptic Pills. He informed us, that at the time his wife commenced using the medicine, her system was so entirely prostrated, by the number of spasms she had undergone, as to reduce her weight to 100 lbs. Since she has been taking the pills, she has entirely got over the spasms and has gained in weight and bodily health. She now weighs at least 200 lbs., and declares she is in hetter enjoyment of health than ever before in her life. Mr. Beadle also related the case of Mr. Harrison Lightfoot of the same town, who has been entirely cured life. Mr. Beadle also related the case of Mr. Harrison Lightfoot of the same town, who has been entirely cured of the worst form of Epilepsy by these same pills. Mr. Lightfoot's case was so bad that he never passed a week without having an attack, often falling down in the street. He has not had an attack for more than a year. Mr. Beadle thinks that if the pills ever fall in curing a case, it is for the want of a proper perseverance on the part of the person in taking them, as he feels assured from observation in the case of his wife, that if they are taken for a sufficient length of time, they will cure any case. TESTIMONIALS OF THE CLERGY. "I have given some attention to the 'Biblical Reason Why,' and feel bound to say that it seems to me to contain a vast amount of information on Biblical subjects, conveyed in a clear manner, illustrated by many valuable cuts, and printed on good paper. It constitutes a valuable addition to the apparatus of the Teacher, Parent, and private Christian."

Right Rev. ALONZO POTTER, D. D., LL. D.

"I have examined the 'Biblical Reason Why,' and find it to be a repartory of facts on Biblical subjects, set forth in a plain and intelligible way. Indeed, I am surprised at the amount of matter that is compressed into this volume. For use in families and schools, I consider it the best book of the kind I have seen."

Rev. JOHN McCLINTOCK, D. D., LL. D.,

President of the Troy University, and Pastor of St. Paul's Church (Methodist Episcopal,) New York. "The attention I have given your book satisfies me that it cannot fail to give important aid to all students of the Bible, and especially that large class who have neither time nor means to bestow on larger or more critical works. The plan of your work is excellent, and the matter well chosen. It should have a large circulation. It will certainly be of great use in the study of the Holy Scriptures."
