LOCAL & PERSONAL.

ROBBERY.-Some time after twelve o'clock on Friday night last, a thief or thieves broke into the store and Post office of Wm. Colon, and carried off a quantity of jewelry, a few stamps and some fifteen dollars in small change—the whole in value about \$250.— They gained an entrance through a door at the head of a stairway leading from the basement story occupied by E. C. Summers .-How the thieves got into the basement is yet a mystery. A front door and a back window was broken open, but whether broken from the inside or outside has not yet been satisfactorily decided. The letters in the boxes had been handled and considerably changed from their right boxes, but it has not been ascertained whether any are missing. The robbers are at large, making arrangements, perhaps, to commence a retail business.

SCHOOL BUILDING .- There are now 360 children in attendance at the six Public Schools of this Borough, making an average of 58 for each, while it is conceded that 40 is quite sufficient for the management of one teacher, to say nothing of the injury of health resulting from crowded rooms. In view of these facts, the Directors have under consideration the project of building two additional School rooms, one of which is intended to be used for a high school for both sexes. We hope this measure will succeed. The increasing population demands it, and we see no reason why our public schools should not be carried to a grade equal to any private school in the

To this we beg to add that when you have perfected yourself under these instructions, you may invite a lady to ride with you, or enlist in a regiment of dragoons."

ESCAPE OF Two PRISONERS.—On Friday last, about noon, two prisoners, from Petersburg, this county, who were in the jail yard, scaled the wall while jailor Shoemaker was eating his dinner, and made good their escape. As soon as they were missed, search was immediately instituted, but of no avail. Nothing has, as yet, been heard of them.

Bravo.-On Friday last, some half dozen Bravo.—On Friday last, some half dozen of our young ladies walked to Petersburg, a distance of five miles, got their dinner, and walked home again, before dark. Pretty good, that. Do it often, girls, and we give at points considerably distant from enter other. The average per diem has been, during the past Winter, with rockers, five dollars.—When the smaller gulches and ravines are free from snow, it is confidently expected that richer diggings will be found. But little results of the purchasers.

LOCAL CORRESPONDENCE.

EAST BARREE, April 30, 1800.

To the School Directors of Huntingdon County:—As the 7th of May will record on the pages of History, an event more intimately connected with the educational interests of our county, than any Gubernatorial or Presidential campaign, we, as directors, parents and teachers, are pressed with the all-important question, Who should and who will be our next County Superintendent? We should have a man of but one occupation. A man who will give this calling his whole time and attention. Not a merchant or a minister, but we want a man for Superintendent who is a practical teacher; not one who has taught only, but is teaching at the present. Let the Directors inform themselves of the good qualities and abilities of each candidate, and exercise their good judgment in selecting the one best qualified in every respect for the office. We do not want a man whose educational qualifications are good only, but one who has correct views of the art of teaching, and who has always been a successful teacher. All the requisitions necessary to make a good Superintendent, we feel confident, are found in Prof. Jus. W. Hughes, of Cassville. We, therefore, take pleasure in recommending Prof. Hughes to the Directors of this county, as the man in every way snited to that office.

S. & G. EAST BARREE, April 30, 1860.

INSANITY RESULTING FROM VANITY.-The Lafayette Journal says the sheriff of that county recently took a young fellow to the lunatic asylum from that place, who is remarkable handsome, and whose insanity is believed to have been produced by a morbid development of his self-conceit. Vanity is not satisfied with making people crazy-it has more victims in the grave than the chol-

Denver, April 4, 1860.—Denver was again thrown into excitement, last week, by the announcement that a man had been killed .-On proceeding to the ground I found the victim to be Jack O'Neil, a person long since noted for his crimes, which were still unpunished. It appears that a quarrel had arisen several days previous, which had been renewed on the day before, by very insulting dozen pocket-knives, port monnaies, postage and slanderous language used by O'Neil to Rooker, who commtted the deed. In consequence of this, a challenge passed between them. O'Neil chose bowie knives as weapons, and a dark room for the place. These Rooker rejected, whereupon O'Neil sent word that they would shoot on sight.

With this arrangement of the matter, Rook-er stationed himself in the door of the Western Saloon, armed with a shot gun, loaded with buckshot. O'Neil had occasion to pass by, and as he did so, when Rooker saw him he cried out with an oath, "I've got you now," and immediately shot him. O'Neil, who had turned to go away, fell with his revolver cocked in his hand, simply uttering the words: "Rooker has killed me," and expired in ten minutes. Rooker fled, but soon after returned, and has since received a sham trial, at which he was acquitted.

It will be remembered that O'Neil fled from Kansas City in the night to escape being lynched by the people for committing a rape in connection with another person. He is reported to have killed several persons in Salt Lake, of which deeds he has frequently boasted. He has been quite noted here as a pugilist. His death was looked upon more in the light of the abatement of a nuisance than of anything else, and consequently but little attention was paid to the matter, and it was passed by without a thorough investigation.

The price of town property is rapidly advancing. Lots here, 25 feet by 125 feet, sell for from five hundred to one thousand dollars in the business portions of the town. There is very little property for sale at any price.-At the present time, the mills are unable to supply the demand for lumber.

The bustle of the new year has fairly commenced. Every one has something to do.-Carpenter's wages are now five dollars per rules for riding on horseback, gives this ad- gaged with the plow but for the fact that there are none to be had. The blossoming of flowers on the open prairie indicates the return of Spring. Vegetables are already up in many of the gardens. The renewed activity everywhere manifested, has not been without valuable results in the mines. New and rich discoveries are being made daily. -The Secreto lode has proved itself to be one of the richest ever discovered, at least so far as its quartz is concerned. Specimens of great richness and rare beauty are frequently taken out. No quartz or earth has yet been washed from it.

In grading the new Gregory and Mount Vernon road, where it crosses Clear Creek, a lode which yields very rich quartz, has just been discovered. Specimens have been exhibited from it which are fairly covered with

Just now the Arkansas mines are the great cry. They are about one hundred miles distant, and are reported to extend over all the upper tributaries of that stream. The discoveries in that region were made simultaneously by Cherokees and Americans, though at points considerably distant from each other. good, that. Do it often, girls, and we give richer diggings will be found. But little really has been done anywhere west of the range, towards prospecting the country .-Enough, however, has been done to indicate that the western slope is fully equal to the eastern. The westward tide has at length broken through the deep snows upon the divide, and those vallies, so little known to white men, are echoing with the sound of the axe, the pick and the shovel.

BEAUTIFUL, BUT TRUE.

A few days since, Mr. Jas. H. Beadle, of Huntsville, Alabama, called on us and gave us pormission to publish for the benefit of suffering humanity, the astonishing cure which had been effected in the case of his wife by the use of Dr. Hance's Vegetable Epileptic Pills. He informed us, that at the time his wife commenced using the medicine, her system was so entirely prostrated, by the number of spasms she had undergone, as to reduce her weight to 100 lbs. Since she has been taking the pills, she has entirely got over the spasms and has gained in weight and bodily health. She now weighs at least 200 lbs., and declares she is in better enjoyment of health than ever before in her life. Mr. Beadle also related the case of Mr. Harrison Lightfoot of the same town, who has been entirely cured of the worst form of Epilepsy by these same pills. Mr. Lightfoot's case was so bad that he never passed a week without having an attack, often falling down in the street. He has not had an attack for more than a year. Mr. Beadle thinks that if the pills ever fail in curing a case, it is He has not had an attack for more than a year. Mr. Beadel thinks that if the pills ever fail in curing a case, it is for the want of a proper perseverance on the part of the person in taking them, as he feels assured from observation in the case of his wife, that if they are taken for a sufficient length of time, they will cure any case.
