M. Gutman & Co., have just opened a new stock of fall and winter clothing .-From the number of boxes before their door on Monday, we should judge they had enough clothing on hand to supply all creation. There is nothing like having a good stock to select from.

THE COUNTY FAIR .- We hope everybody will be getting ready for the county fair .-There will be a tremendous crowd in town to see the sights-and everybody should bring something to be looked at. The military will number some hundreds, perhaps

SNAKES .- On last Saturday a party while walking on the Ridges, a mile from Sankey's house, killed a black snake, measuring six feet ten inches in length, five inches in circumference. The party on arriving at Sankey's, learned that a snake of this description had been seen in that vicinity a year ago. Great snake country, this.

Horse Thieves .- We understand that for some weeks past, horse thieves have been prowling about the country. The farmers of Woodcock and Hartslog valleys have had quite a large number stolen. We would warn farmers and others throughout the the county to be on their guard, and take every prethis character.

Our new military company was out in fall uniform on Saturday and made quite a creditable display. The uniform is a dark blue frock coat and light blue pants, fatigue cap and yellow plume. Trimmings of coat and pants, yellow. The company was organized by Gen. Magill, and the following gentlemen were elected officers: John C. Watson, Captain; B. F. Miller, 1st Lieut.; John H. Westbrook, 2d Lieut.; Ensign, J. Sewell Stewart; 1st Sergeant, D. S. Westbrook; 2d, N. Corbin; 3d, W. S. Westbrook; 4th, Wm. Rupp; 1st Corporal, Wm. Glazier; 2d, Wm. Cunningham; 3d, Wm. Peightal; 4th, Robt. B. Smith. The company will difficulty was in his right hip, the joint seem- harvesting, and that the work was performed turn out again on Saturday next.

Res Counterfeit Fives on the Farmer's and Drovers' Bank of Waynesburg are affoat .--Our merchants and business men generally he was obliged to step up one stair at a time should carefully examine all notes on this and other banks located at a distance, as the country is filled with well executed counterfeits on nearly all of them. A Reading paper notices a counterfeit five on the Harrisburg Bank, which was attempted to be "shoved" in that city recently.

Counterfeit ten dollar gold pieces are in circulation. They are ingeniously made, and almost defy detection. The genuine gold coin is opened, a quantity of gold taken out, and then the pieces are filled in with some other substance to make the piece of proper weight, and then soldered up. After the operation has been performed the coin is worth about \$4,50.

HUNTINGDON ENCAMPMENT.—The Centre Democrat of last week, says: Active and positive arrangements are being made by our Companies to attend the coming Encampment at Huntingdon. The Bellefonte Fencibles will be in attendance in all force. The Cameron Infantry, Capt. McFarland-the Centre Dragoons, Capt. McCoy-the Independent Dra-Independents, Capt. Foster, we are informed will also attend. General Wolf has pledged the attendance of the old Washington Troop. and we are told that the Eagle Guards talk of going. Centre County will be well represented at Huntingdon, and if the Encampment is not a success, it will not be our fault.

IMPORTANT CAUTION .- If a limb or any other part of the body is severely cut, and the blood comes out by spurts or jerks, per saltem, as the doctors say, be in a hurry, or the man will be dead in five minutes; there is ishment, not only that his short leg was in the eating and drinking line, is attached no time to talk or send for a physician; say nothing, out with your handkerchief, throw it around the limb, tie two corners together, walked about the room several times, then hunger without leaving the cars for that purput a stick through them and twist it around put on his clothes and ran up and down stairs pose. Nutterfield had, in all, stolen four horses from Mr. Middlesworth, and in attempting to steal two more he was shot at and wounded, but managed to escape, and was at large until his arrest last fall, as stated above. THE WHEAT CROP FOR 1860.—Various jour. nals are engaged in the difficult task of estimating the amount and value of the wheat crop of the country, which is now all harvest-However different the estimates may be, it is generally conceded that the wheat crop of this country has been a large one, and that there will be considerable overplus for exportation to meet the demand now made for it in Europe. Taking 1858-59 as the basis of a calculation, and the wheat crop is asagainst 201,000,000 in 1859, and 159,000,000 in 1858. The production by States is given Illinois, 25,000,000; other States, 80,000,000-The surplus is estimated at 61,000,000. In addition to this, it is supposed that from onesixth to one-fifth of the surplus crop of last vear is yet in the hands of producers, giving a total surplus for export of 67,000,000 bushels. The crop in Wisconsin, which, in the foregoing figures, is put down at 16,000,000 is reported to be fully 30,000,000. This, doubtless, is somewhat exaggerated, but the abundance of the crop may be inferred from siding in Beloit, in this State.
