Broad Top in Motion.

The citizens of Carbon township assembled at Crawford School House on Saturday evening, February 2d. Samuel Brooks Esq., was called to the chair. Richard Owen and Joseph Diggens were elected Vice Presidents, and J. Addison Moore and M. Barry secretaries. On motion, the Chair appointed a committee of three to draft a memorial to Congress, expressing the sense of the meeting on our National troubles.

Messrs. M. Barry, Levi Evans, and Edward McHugh composed that committee and reported a memorial, asking Congress "to allay if possible the present political excitement by the passage of the Crittenden Border States or any other compromise measure calculated to adjust our present difficulties."

Dr. C. W. Moore, Levi Evans, Edward McHugh, and A. W. Evans spoke on the necessity of some early solution | fifth of the relief that will be needed, of our country's difficulties. The meet-ing, composed of all political parties, seed for the people to plant, even this and could not escape. Their continued unanimously adopted the Memorial, after which 130 signed it. On motion, it was agreed, that the proceedings of this Meeting be published in the Globe and Journal & American. The meeting adjourned sine die.

100 A very amusing paragraph is to be found in the remarks of Hon. Robert McLane, of Maryland, at the Baltimore Secession meeting on Friday evening last, as reported in the Baltimore Sun of Saturday morning, which is as follows:

"By the living God, fellow-countryrun red with blood before it shall be pared for battle, though they do not crossed. Shall it be said in Boston, in shall be the line? [Cries of 'No.'] I with you to the Susquehanna. [Cheers] those levying war.-Chicago Democrat. For what? To prevent a single hu-

ment whereof was intended to be se cured by the said mortgage, it shall be the duty of the said Trustees to enter satisfaction on the record thereof, and cancel and surrender the same to the Company.

Starvation in Kansas.

Measures for the Relief of the Sufferers. ATCHISON, Feb. 2.-Messrs. Hvatt and Arney have had a conference with Gov. Pomeroy, and have decided to establish relief depots at three prominent points in the State, as the only way to reach the sufferers in the dis-

tant settlements. The statements ta-ken yesterday by Mr. Hyatt from the lips of some of them show that the worst has not yet been felt. The calrienced on the Yorkshire moors than amity becomes hourly greater-forty that which prevailed during the past week. The snow storms were conthousand of the people need aid now, tinuous and heavy, occasionally attendand the number is increasing hourly.

Mr. Hyatt has written a letter to the cd with thunder, and in some of the Kansas Legislature urging the pro-priety of immediately addressing a memorial to the Legislatures of the ped, and the partridges and grouse at once into the establishment of the relief depots. By personal inspection Malton half dead with cold and hunger. ison, he finds over eighty car loads of birds are found dead. The works on provisions between those places, which added to the previous relief received, makes nearly four million pounds, all ed, and the laborers reduced to great

Pomeroy's funds are nearly exhausted in paying the freights to Atchison, and great labor a passage was made to the more money is greatly needed. Mr. Arney will return to Mendota,

and then continue his efforts with the State Legislature for means to purchase seed wheat, for which over 100, 000 bushels at least will be needed.

WHAT IS TREASON ?-In the whisky insurrection it was decided that "An insurrection, committing acts of vio-lence in arms with a view to render void an act of Congress, or to prevent its execution by force and intimidation, is a levying war against the United States. In the case of Burr's insurrection, it Freedom has been all aglow for some
