THE GLOBE.

Huntingdon, Wednesday, Feb. 27, 1861.

LOCAL & PERSONAL. Every Subscriber to The Globe is requested to act as Agent to extend its

circulation and usefulness. Th with the assistance of our subscribers we know we can be put in possession of the means to do so. We wan every subscriber to interest himself, not only in procuring for us additional patronage, but also in putting us in possession of all the local news of the county of interest to the general reader. A little effort on the part of all our patron would be as much to their advantage as to ours, as with increased patronage we would be enabled to give a better paper. We cannot afford to put THE GLOBE at less than \$1.50 a year, and to enable us to deal honestly with all men we must demand the subscription yearly or half yearly in advance. Subscriptions can be sent to us through the mail at our risk, the Postmasters witnessing the same. We earnestly and most respectfully ask friends to make an effort to increase our patronage.

THE GLOBE JOB PRINTING OFFICE. Connected with THE GLODE, we have a Job Office fu nished with a more extensive assortment of the latest style of types and materials than can be found in any other enables us to put out all kinds of job work with dispatch

Increiore, Accounting a or three rods, on the frozen road be- Canal, or as near to it as practical, fore he got him stopped, tearing off from Hollidaysburg to the most availhis overcoat and losing a pocket book able connection on the Pennsylvania Railroad, at any point west of Huncontaining twelve hundred and eightyfive dollars in Bank bills. The pocket of the said Railroad, the company now book was found the next day, but the owning the canal may not be required bills were taken out. Mr. Laird has to keep it open for navigation. offered a reward of three hundred dollars for the money. We sincerely hope Mr. L. may get his money,—he is an a clever fellow, and has the sympathy will increase the value of all such propof the whole community.

"THE BROAD TOP MINER."-We have received the first number of the by A. Tyhurst, Esq., of this place. The and that John N. Swope, and David Watson be added to said Committee. Miner gives satisfactory evidence that Mr. T. is fully competent to make his paper one of the most interesting in will be liberally encouraged. Success to " The Broad Top Miner."

gave exhibitions on Thursday and the same. Friday evenings of last week, which were well attented by an appreciative public. The speeches were well defivered, and the dialogues well performed. Altogether it was a very good effort and reflects great credit on those who had it in charge.

SAD ACCIDENT .- We are sorry that it is our duty to chronicle, in this our first number, a serious accident which might have resulted in death, and of Coffee Run. On Thursday evening | Senator from Kentucky, and I am as | terest. You give it to me, and then a of last week, he was returning home anxious to protect the wool interest as man engaged in another branch of the from Newburg in a two-horse carriage, and whilst passing through the narrows about two miles the other side of Mr. James Entriken's, one of the carriage wheels caught in the branches of a small tree that had fallen down, and projected out over the road. He stopped and got out to remove the projecting branch, and while doing so, his horses became frightened, and starting to run, he jumped and caught one of ped and got out to remove the projectto run, he jumped and caught one of them by the bridle rein and endeavored to stop them, but they dragged him along for some distance, until his hold were broken, besides being otherwise injured. Dr. J. H. Wintrode was called in and dressed his wounds. We are pleased to learn that he is convalescing as speedily as can be expected. -Broad Top Miner, Feb. 22.

Senator Douglas on the Tariff.

Remarks of Hon. S. A. Douglas, of Illi-

nois, in the Senate of the United States, February 16, 1861. Mr. Douglas said: Mr. President, my constituents have the same interest involved in this question as those which happened to Mr. Simon Cohn, of the Senator from Michigan and the gan would be injurious to the woolis one that we do not produce, one one compensate for the other in the that we cannot produce; and yet the end, and give equal benefits and equal gave way and he fell, the horses and introduction of those coarse wools cre- burdens to every class of the commucarriage passing over him. He was ates a market for our wools of a better nity. character. They are necessary to be knocked insensible, and lay in the road some time before he was discovered.—

character. They are necessary to be mixed with each other for certain we are aiming at in this bill. I am afraid that the bill does not accomplish manufactures; and hence we encourage of the complete that we do it. The not expect it to be put in He was taken to Mr. Entriken's, where the market for the wool that we do it. I do not expect it to be put in it was ascertained that two of his ribs produce by making any that does not such a shape that I can vote for it; come in competition with it free of but I am determined that I will help duty, and allowing them to be mixed, to perfect it, and make it as little obthus increasing the manufacture of jectionable as possible, in order that, the article at home. I would have no if it does pass, it shall have the ket for every pound of wool made in

America. This is the result of my examinations and reflections upon the subject. A NEW STYLE OF NOTE PAPER AND The theory proposed by the Senator from Kentucky, that all these duties ought to be ad valorem, is a beautiful theory. I admit it. I think the theory is just; and if the practice were as We take pleasure in calling attention | good as the theory, I would not listen to the advertisement of R. Newell's Gallery of Art. The testimonials are of the first character.

to anything but an au valorem cars,
But I suppose, if you will take the pains to inquire and investigate this question, you will find that there is a to anything but an ad valorem duty .greater departure from the ad valorem tariff than there is under one of specific | taken, there were, in the United States, cards for Sunday Schools, just received and duties. I suppose it is no longer a secret, and no man informed on the sub-

JUNIATA VALLEY RAILROAD.—The that it may be said to be the constant riends of the proposed "Juniata Val- habit of foreign importers to make false invoice, sustained by an affidavit ng on the 9th of February, at the can cheat the Government out of one President, and John N. Swope, See'y.) dress from Paris without getting a letter for payment at one price, and an invoice sworn to at about half the price, the President. The report of the to pay duties on. They order the article; and Chairman of said Committee. The as a matter of course, a false invoice it, and then a bill with double price My opinion is that this must be stopped. I am informed, and believe

now before the Legislature of Penna. being driven out of business rapidly. incorporating the Juniata Valley R. R. It is hard work to get an American to Co., was read by the acting Secretary. believe that it is moral and right to im-A Committee was then appointed to tained by false affidavits. On the contained by false affidavits. draft resolutions, expressive of the timent of Europe there is a very differsense of the meeting. The following ent idea in regard to custom house named gentlemen were appointed by oaths. A man would not stand respectable for intelligence as a merchant over there, whose conscience would shrink from favoring his customer on John R. Neff, John Gemmil, Maxwell this side by these little appliances of foor, Geo. C. Bucher.

The committee retired and after a this reason, while I endorse the theory short absence, reported the following of ad valorem duty, I cannot close my eyes to the fact that it is a series of unmitigated frauds; and we must try Whereas, a large extent of country to arrive at the practical honest imporing on the Juniata river east from tation, even if we have to put specific follidaysburg, including a portion of duties in some cases to prevent these Morrison's Cove south of Williamsburg, frauds. I will not go for a specific duand a large portion of Canoe Valley, ty, except where I think it is essential are dependent for the transportation to correct fraud, and to protect some of their produce, articles of manufac- American interest either from fraud or

Now, sir, in regard to this item of known that the said Canal is fast fal- wool, it is said that very fine wools may be brought in mixed with dirt, and other filthy substances, to reduce ers to place it in a condition of usefultraveling in a carriage from Peters- the Canal propose to extend such as- We all know, especially those of us burg to Alexandria on Monday night, sistance for the purpose of substituting who investigate the question, that the 18th inst., his horse took fright a Railroad for the present canal, as to those tricks have been played; and and ran off and broke loose from the place it in our power to construct the there is a provision in this bill that said Railroad. Therefore, Resolved, guards against them. That provision s, wherever there has been any admixture with inferior material of any kind, so as to bring the price below 18 cents, the very highest duties shall be be paid, charging 9 cents duty in that case, in order to prevent fraud. That tingdon, and that upon the completion is the best guarantee that I can get against frauds in regard to coarse wools. Then, I come back to the point from

which I started: that the free list, so completion of this Railroad would not cerned, is beneficial to the wool-grower, instead of injurious. I am not sur prised that some Senators look with for I thought it was an absurdity wher I first heard the proposition advanced: but an investigation has satisfied me it is clearly so. I do not intend to go into the discussion of this tariff questo investigate it as thoroughly as I would like. I have endeavored to examine it, and I have made some pro-A motion was made by J. M. Kin- gress. I think I have got along as kead to reduce amount of capital stock | well as some Senators, and perhaps a little better. I have learned enough about it to know that I know scarcely anything about it at all; and a man pleased to learn that the enterprise 000. The amendment was accepted, makes considerable progress on a question of this kind when he ascertains On motion, resolved that the pro- that fact. I feel that we are striking On motion, resolved that the proceedings of this meeting be forwarded are trying to protect and save one which, as they will renergy, perseverance, and permanent hone. EXHIBITION.—The scholars of the to the newspapers in Huntingdon and branch of industry, we are striking a Methodist E. S. School of this place, Blair counties, with request to publish deadly blow at another. A tariff involves two conflicting principles, which are eternally at war with each other .-Every tariff involves the principles of protection and of oppression, the principles of benefits and of burdens .-Every duty levied upon the the importation of a foreign article which comes in competition with our home production is a protection to that extent .-Every duty levied upon a raw material which we do not manufacture here is a tax upon the manufacturer of that article here. Thus you find that by protecting one interest perhaps you will oppose another. For instance, if I am ingaged in the manufacture of pig iron, I want a duty that will protect they can be; but certainly I do not iron business comes and says that the agree with them in the position they pig iron I manufacture is his raw mahave taken. I believe the amendment terial, and by protecting me and my terial, and by protecting me and my proposed by the Senator from Michi- manufacture of that article you put a tax on his raw material, to his injury. grower; and if we are to look at the He has been injured to the same exquestion as one of protection to the tent that I have been benefited; and wool-grower, I prefer the bill as it then he wants protection on another stands to the amendment proposed point, to make up for the loss on the comes in competition with one pound is so to adjust these conflicting princi-of American wool. That cheap wool ples of benefits and burdens as to make

> I take it for granted that is what objection to amending the bill by add- best influences upon the country that ing that wools of a cerain value, of the we can hope for from a tariff bill at finest quality, may come in free. I this session of Congress. I should not am willing to allow those under fifteen have uttered a word but for the reand sixteen cents, and those over a marks of the Senator from Michigan certain higher limit, to be free. Put in defence of the wool interest, and your duty between those two, and the remarks of the Senator from Kenthen you will protect every wool-grower, and make an additional maring interest in the West, in which remarks I think they have both mistaken the interest of our section of the country, so far as this question of wool is involved.

A new religious corporation nas been established in Algeria, under the name of " The Ploughing Fathers." These monks have imposed on themselves the task of ploughing successfully and gratuitously all the unculti vated portions of the soil of that colony, which they will then make over to the State, for the use of omigrants.

When the census of 1850 was 7,475 miles of completed railway in operation. The year 1860 dawns upon ject will pretend to question any longer | us with no less than 31,179 miles.

TOROPOSALS Will be received by the subscriber for mining and diterring into cast the coal from the Powelton and Bar et Collei ies, for one year, ending March first, 1862. The coal to be delivered at so much per ton, of 2240 bes, aforesaid, in the best marketable condition, free from

s Moresand, in the best intractions contain the contact and of such exciption as may be designated by the orders of the ubscriber.

The contractor will be provided with such mining tools and including mules house. For as now here, then

Clock, A. M. Feb 13, 1861.-4t. TOMES FORTHE INDUSTRIOUS. GARDEN STATE OF THE WEST. The Illinois Ceneral Railroad Company have for Sale 1,200,000 ACRES

Of Rich Farming Lands in Tracts of Forty Acres and Upward, on Long Credit and at Low Prices. MECHANICS, FARMERS, AND WORKINGMEN. The attention of the enterprising and industrious por on of the community is directed to the following state tents and liberal inducements offered them by the ILLINOIS CLATRAL RAILROAD COMPANY, Which, as they will perceive, will enable them, by prope

Comparatively speaking, very fittle capital.

LANDS of LIMNOIS.

No State in the valley of the Missi-sippi offers so great an inducement to the settler as the State of Hilmois—There is no portion of the world where all of the conditions of climate and soll so admitably combine to produce those two great stuples, corn and wheat, as the prairies of Hilmois. speaking, very little capital,

RICH ROLLING PRAIRIE LAMPS, The deep rich loam of the prairies is cultivated with such wohderful heility that the farmers of the Eastern and Middle States are moving to Illinois in great numbers. The area of Illinois is about equal to that of England, and the soil is so tich that it will support twenty militons of people.

EASTERN AND SOUTHERN MARKETS. These lands are contiguous to a railload seven hundred nifles in length, which connects with other roads and nav-igable lakes and rivers, thus affording an unbroken com-municatation with the Eastern and Southern markets.

APPLICATION OF CAPITAL. Thus far capital and labor have been applied to develop ng the soil; the great resources of the State in coal and ton are almost untouched. The invaliable rule that the nechanic arts flourish best where food and fuel are cheap-it, will follow at an early day in Illinois, and in the course st, win inflow as mean a small three measures in the next ten years the natural three measures to case warrent ten ten that a sea five hand and the control that the state of lilinois he various manuacturing employments.

RALINOIS STATUTE ILLINOIS.

RALLOUD STEEL OF LEADORS.

Over \$100,000,000 of pivate capital fave been expended on the rathead system of Illinois. Inasmuch as part of the income from several of these works, with a valuable public fand in hands, got of diminsh the State expenses, the taxes are light, and must consequently every day decrease.

The State debt is only \$10,105,398 14, and within the last three years has been reduced \$2,250,746 80; and we may reasonably expect that in ten yesis it will become extruct. PRESENT POPULATION. The State is rapidly filling up with population; 863,026 persons having been added since 1860, making the population 1,719,496—a tatio of 102 per cent, in ten years.

AGRICULTURAL PRODUCTS.

The agricultural products of Illinois are greater than these of any other State. The products sent out during the past year exceeded 1,600,000 tons. The wheat crop of 1860 approaches 35,000,000 bushels, while the coin crop yields not less than 149,000,000 bushels. FERTILITY OF SOIL. Nowhere can the industrious farmer secure such immediate results for his laber as upon these pranic soils, they being composed of a deep rich loam, the fertility of which is unsurpassed by any on the globe.

TO ACTUAL CLLTIVATORS. TO ACTUAL CULTIVATORS.

Since 1854 the Company have sold 1,300,000 acres. They sell only to actual colliculars, and every contract contains an agreement to cultivate. The read has been constructed through these tands at an expense of \$30,000,000. In 18 to, the population of the 49 counties through which it passes use only 335,598, since which 47,023 have been added, making the whole population 814,891—a gain of 143 per cent.

Expension of the thrift of the people, it may be

As an ovidence of the thift of the people, it may be stated that 600,000 tons of freight, including 8,000,000 bus of grain and 250,000 barrels of flour, were forwarded over the line last year.

EDUCATION. EDUCATION. Mechanics and workingmen will find the free school system encouraged by the State and endowed with a large tevenue for the support of schools. Their children can live in sight of the church and school house, and grow with the prosperity of the leading state in the Great West-with the prosperity of the leading state in the Great West-

ern Empire,
