Harrisburg, April 19.—The following additional particulars of the burning of the Harper's Ferry Armory, are furnished by Lieut. Jones, now at Carlisle Barracks.

Lieut. Jones says that he learned yesterday, that six hundred Virginians were approaching by the Winchester road, to seize the Arsenal. He immediately placed piles of powder and straw in all the buildings, and waited patiently the approach of the enemy. The picket guard having given the alarm, the garrison set fire to the outhouses and carpenter shops, the fuses reginning to burn when he commenced his retreat.

The citizens of Harper's Ferry were advancing to seize the Arsenal, and were instantly in arms and followed the soldiers. Two of the Regulars were killed by their fire, and two others deserted before the troops reached Hagerstown. They marched all night, and, missing the train at Hagerstown, took omnibuses to Chamersburg to-day, much exhausted by their night march.
