THE GLOBE. Huntingdon, Friday, May 10, 1861. LOCAL & PERSONAL. To Friends of the Soldiers.

Any friends of the cause in which our noble soldiers have, enlisted, can have an opportunity of displaying an interest, by sending any contributions of Canton-flannel (unbleached) or money, to the ladies whose names are published in another communication. Will not our country friends unite with us and give us their aid? By a recent communication published in a city paper, it is stated, that our Pennsylvania Regiments were the most poorly clad men in the field. Ladies will you not do something toward remedying the defect in our own company, the Standing-Stone Guards? Do not let it be said that more of our men died from insufficient protection against inclement weather than were killed by

the enemy. Now do not one answer the other by saying the Government will provide everything necessary. How long do you suppose, mon without shelter and exposed to such weather as we have had during the last week, can wait for a change of clothing? The Government will provide in time, but thirty thousand men can not be clothed in a day or a week, and shall our Guards, be the one to wait the pleasure and convenience of the Government? ***

CLOTHING FOR SOLDIERS.—The Ladies of Huntingdon are preparing a box of under clothing for soldiers from this Has just received a new stock of neighborhood, and request all persons willing to contribute, to send Cantonflannel, Gray flannel, for shirts, and woollen socks, or money. The friends of the soldiers in the Huntingdon sending in this box to them any articles of clothing. As it is desired to send the box soon, please send in at once. Ladies in the country are desired to assist in sewing and such as are willing can get the work and necessary information by calling on eithor cessary information by calling on either RLAGS! OUR CORRESPONDENCE.

THE W

Coffee Run, May 7th, 1861. DEAR GLOBE:—Again we take up our pen to give you a few items.-Since our last, stirring times have existed in our locality. Several patriotic union meetings were held, and the "Star Spangled Banner" can be seen proudly waving its gallant folds over many houses about Coffee Run, in short all our men intend having the Stars and Stripes floating over their houses ere long.

Every movement, in our section at present, exhibits an energetic war-spirit. Our citizens stimulated by the thrilling memories of the past, struck with the momentous interests of the WINDOW CURTAIN PAPERS present, and "wide awake" to the glorious destiny of the future, are ready to aid the government bought by the struggles of thousands of patriots, baptized in the blood of our fathers, and pronounced blessed by millions of their descendants. We have long and earnestly been

striving to raise a company here, but our number seems to be too small, and those at a distance are apparently not Oh! that all would come and espouse the noble cause of defending the Flag of our Union, and dwell with increas of our Union, and dwell with increasing rapture on the glorious prerogative of Patrick Henry, "Give me liberty or give me death."

We console ourselves however, by We console ourselves however, by ATTORNEY ANT LAW,

will soon subscribe to that welcome visitor the Globe, which will inevitably convert any man into a "full blooded" patriot: "All into a "fu amidst the quagmires which are greatly yawning for his reception. He
