PRACTICAL CALCULATOR. WITH 97. LOCAL & PERSONAL. NEW GOODS. FOR CTICAL CALCULATO Ar Every Subscriber to The Globe in **DOHRER'S PRACTICAL CALCU**requested to act as Agent to extend its erculation and usefulness. Ga SPRING AND SUMMER. LATOR, A Book of Flain Rules and Culculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippin-cott & Co., Philadelphia. We are soxious to publish a first class newspaper, and He has received a fine assortment of DRY GOODS for Spring and Summer season, comprising a very es with the assistance of our subscribers we know we can be put in possession of the means to do so. We want Conregencer. New Edition, published by J. B. Lippin-cold Co. Philadelphia. This work contains 204 pages, and upwards of 500 littles and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid such to the lap pronounced by rull classes of business calculations, that latest book of reference, pertaining to calculations, that latest book of reference, pertaining to such to the lap pronounced by rull classes of business calculations, that latest book of reference, pertaining to calculations, that latest book of reference, pertaining to such the lap provide the book published. Every example in the book published. The oblight of the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR is simple, that any one who knows how to add, subtract multiply and divide, can easily solvo any or-dinary example that arises in business, or arrive at the true result of any estimate required. The chief and of the author has been to secher theory and philosophy in figures, aning only at facts and simpli-city, beiloring that business mer are little about spec-ling timo in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business calculation—it is, in the bands of the business man, what the key to mathematical works in the hands of the tencher in the science of the able to be able at a moment. The science of the able able of the under of the UKEY THEATE OF THE lent of every subscriber to interest himself, not only in procuring for us additional patronage, but also in putting us in pos-vession of all the local news of the county of interest to the LADIES DRESS GOODS, DRY GOODS in general, READY-MADE CLOTHING, general reader. A little effort on the part of all our patron would be as much to their advantage as to ours, as with increased patronage we would be enabled to give a better paper.
