PRACTICAL CALCULATOR.

ROHRER'S PRACTICAL CALCU-A Book of Plain Rules and Culculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincoll & Co., Philaddiphia. cott & Co., Philadolphia.

This work contains 204 pages, and upwards of 200 Intess and Examples, entriety and throughly practical, such arise every day in the common pursuits of Business II has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handlest book of reference, pertaining to calculations, that has ever been published. Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALULLATOR is simple, that any one who knows how te add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to exchew theory and philosophy in figures, aiming only at facts and simplicity, belles ing that business me are little shout sponding time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business, calculations—it is, in the hands of the teacher in the school room—it facilitates time and insures correctness.

Measurement of Land, of Lumber of Brick and Brick Work, cf Stone and Stone work, of grain and grain bins, of coal and coal bins, of wood, of solids, of liquids, of circular, square or irregular vessels, of oistorns and vats, of roofing, of plastror's, painter's, glazer's, paver's, plamb, er's, paper hanger's and upholsterers' work. It treats of currency and of foreign and domestic oxchange, of the decimal system, of reduction and its extended application to business of simple and connected. decimal system, of reduction and its extended application to business, of simple and compound interest, and their entire application to business transactions, with the laws and usages governing the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equation of payment and of partnership accounts, of assessment of faxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisement to mention. IT IS JUST THE BOOK FOR THE

Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to the lawyer, the justice of the peace, the conveyancer, and real estate broker, to the assessor, the banker, the clerk, to the civil engineer and the surveyor, to the expenter and brickinger, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the paper and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published. ious wants letter than any book published. \$35 Price, 50 cents. Ovor \$100,000,000 of private capital have been expended
on the railroad system of Illinois. Innsumeh as part of
the income from several of these works, with a valuable
public fund in lands, go to diminish the State expenses,
the taxes are light, and must consequently every day decrease. The State debt is only \$10,105,998 14, and within the last three years has been reduced \$2,059,746 80; and we may reasonably expect that in ten years it will become extinct.

The State is rapidly filling up with po AGRICULTURAL PRODUCTS.

Since 1854 the Company have sold 1,300,000 acres. They sell only to actual cultivators, and every continue contains an agreement coulivies. The road has been constructed through these lands at an expense of \$30,000,000. In 1850, the population of the 49 counties through which it passes was only 335,508, since which 470,293 have been added, making the whole population \$14,801—again of 143 per cent.

EVIDENCES OF PROSPERITY. As an evidence of the thrift of the people, it may be stated that 600,000 tons of freight, including 8,600,000 bus. of grain and 250,000 barrels of flour, were forwarded over the line last year.

EDUCATION. DEPURATION.

Mechanics and workingmen will find the free school system encouraged by the State and endowed with a large revenue for the support of schools. Their children can live in sight of the chunch and school house, and grow up with the prospecity of the leading state in the Great Western Empire.
