The Latest News.

Important from Fortress Monroe. Advance of United States Troops—Fatal Mistake—Firing upon Friends—Repulse of the U. S. Troops—A Masked Battery—Twenty Five Killed and One Hundred Wounded—The Expedition to Harper's Ferry—The Convention at Wheeling—The Point of Rocks Abandoned—Rumors from Harper's Ferry.

Red, White, and Blue.

Red, White, and Blue. The horse of the Union... The horse of the Confederacy... The horse of the Republic...

Baltimore, June 11.—The steamer from Old Point Comfort has arrived with the following intelligence, dated at Fortress Monroe last evening. Gen. Butler having learned that the rebels were forming an entrenched camp with strong batteries at great Bethel, nine miles from Hampton on the Yorktown road, he deemed it necessary to dislodge them. Accordingly, movements were made last night from Fortress Monroe and Newport News.

FROM WASHINGTON.

Important Arrest at Alexandria. WASHINGTON, June 10, 1861. Last night some soldiers of the Fifth Pennsylvania regiment reported that they had seen a suspicious black, with a negro driver, in one of the principal streets of Alexandria, and immediately First Lieutenant John P. Ely and Second Lieutenant Missioner, of company G, and Lieut. Burger, of company H, under command of Capt. McFar, provost marshal of the same regiment, not only took the negro and his lack in charge, but also his master, Mr. Faucei, who keeps a livery stable in the town.

At the same time, Gen. Benedict's regiment and a detachment of the Vermont and Massachusetts regiments, at Newport News, moved forward to form a junction with the regiments from Fortress Monroe, at Little Bethel, about half way between Hampton and Great Bethel. The Zouaves passed Little Bethel at about 4 o'clock A. M. Benedict's Regiment arrived next and took a position at the intersection of the roads. Not understanding the signal, the Zouave regiment in the darkness of the morning fired upon Col. Townsend's column, marching in close order and led by Lieut. Butler, son of Gen. Butler, and also killed with two pieces of artillery.

GREAT WORK ON THE HORSE.

THE HORSE & HIS DISEASES: BY ROBERT JENNINGS, V. S. M. D. Professor of Pathology and Veterinary Surgery in the Veterinary College Philadelphia, &c.

WILL TELL YOU OF THE Origin, History and distinctive characteristics of the various breeds of Horses, and the nature of the animal, and how to select and condition of the horse; Illustrated with numerous explanatory engravings. THE HORSE AND HIS DISEASES: WILL TELL YOU OF Breeding, Feeding, Stabling, and the management of the horse, with the best modes of administering medicine, also, how to treat Biting, Choking, Hoarse, Straining, Colic, Hiccups, Profuseness, and other vices which would be subject with numerous explanatory engravings.

PHILADELPHIA MARKETS.

Table with columns for various commodities like Flour, Wheat, and other market prices.

CHAMBERSBURG, June 12, '61.

DEAR "GLOBE"—I left you rather unexpectedly, on Monday noon—visited Camp Curtin in the evening, found outposts of the "Huntingdon Infantry," Capt. Harrison, and "Scott Infantry," Capt. Dare, all enjoying good health. We left Harrisburg on yesterday morning—arrived here at noon—visited Camp Chambers in the afternoon—met with many of our "boys" belonging to Bell, Neff, and Lloyd's companies, and found them generally in good health, but tired waiting for a fight. We unexpectedly ran against our old friend James Ellis, who passed through the Mexican war. I assure you the meeting made us feel as if we were at home. Mr. Ellis is a member of a Johnstown company. We also met with friend Wm. C. McCaully, belonging to a Centre county company. On our way in from Camp Chambers we also met with Capt. Jos. Johnston, of Petersburg. He reports his men in general good health. We will visit his Camp to-day. Camp Miller and Camp McClary are broken up—the military are opening new camps on the road leading to Greencastle, and they can be seen in every direction, right and left, two, three and four miles from this place. Quite a nutty occurred in the 2d Regiment yesterday. Two full companies and a portion of a third, not receiving proper rations, left their camp and came to town and got on a "high horse." During the afternoon, two companies of regulars were ordered to hunt up and take back into camp the men who had left without leave of absence. Before dark the most of the men were coaxed and driven back. There will be care taken that their rations are better hereafter. While writing, some fifty army teams are passing, loaded with provisions—Everything has a warlike appearance here.

There is not less than twenty thousand men encamped between this place and Greencastle, some eleven miles distant, and the number will be swelled to not less than thirty thousand before the close of the week. Be not surprised if you hear of a noise in the neighborhood of Harper's Ferry before Sunday noon next. We shall remain the week to see what new movements shall turn up—and report. The mail will close in a few moments, so I close. Yours, W. L.

We have received a copy of the "Pennsylvania Flyer," printed by the "ragged boys" of the Fifth Regiment. It looks well and is very ably edited by Lieut. Ely, of company G. Its work is done by Samuel Lawson, Jacob Ely, Henry Hissler, Alfred Pearson, Frank Reinsnyder, A. Kinney Buoy, Robert Smith and George Simpson, the latter three are of the "Standing Stone Guards" of this place. Success to the undertaking.

COMING TO THEIR SENSES.—The Atlantic brings the important intelligence that the British Government have decided not to allow the entry of private troops into their ports. This news is interesting to us, and a good deal more so to the folks of the cotton realm. If it be true, it knocks a very large stone from the underpin of the edifice of secession, Monarchy.

Terrorish overhauls eastern Virginia, like a black platoon. Planters are in constant fear of their lives, slaves are deserting, crops are poor, while only war, with its devastation and horror, stares them in the face.

Gen. Patterson has placed an operator in the telegraphic office at Chambersburg, whose business it will be to supervise all the dispatches relating to the movements of the army going from that office.

Drs. Keff and McKinney of this county, have received the appointment of assistant army surgeons. To what regiments they have been attached has not yet been stated.

The Albany regiment being back, the Zouaves left on the field that the supposed enemy was a friend. They had in the meantime fired nine rounds with small arms, and the Germans, the Zouaves hearing the fired turned and fired also upon the Albany boys. At day break Col. Allen and Col. Carrington's regiments were ordered to the fort to support the main body. The mistake at Little Bethel having been ascertained, the buildings were burnt, and a Major with two prominent secessionists, named Livery and Whiting, were made prisoners.

The troops then advanced upon Great Bethel in the following order: the Zouaves, Col. Wheeler, Lieut. Col. Washburne, Col. Allen and Col. Carr. At that point our regiments formed and successively endeavored to take a large masked battery of the secessionists.

The effort was futile, our three small pieces of artillery not being able to fight with the heavy rifle cannon which the enemy, according to some accounts thirty in number.

The rebel battery was so completely masked that no men could be seen, but the flashes of the guns only. There were probably less than 1000 men behind the battery of the rebels.

A well concerted movement might have secured the position, but Brig. Gen. Pierce, who commanded the expedition, seemed to have lost his presence of mind, and the Troy Regiment stood an hour exposed to a galling fire. In order to save what length given, but at that moment Lieut. Greble of the U. S. Army, and in command of the Artillery, was struck by a cannon ball and instantly killed. He had spiked his gun and was gallantly endeavoring to withdraw his command.

Capt. George W. Wilson, of the Troy Regiment, after the order to retreat, took possession of the gun, and with Quartermaster McArthur, brought it off the field, with the corpse of the beloved Lieutenant.

They brought them to the fortress this evening. There are probably 25 killed and 100 wounded. Lieut. Butler deserves the greatest credit for bringing off his regiment, and wounded. Several of the latter are now in the hospital here.

It should have been stated that Col. McCleskey's regiment formed a reserve, and that Col. Wheeler's regiment moved from Newport News during the day. The armed vessels which left for Newport News, excepting the Camberland. All the regiments are now probably at their former quarters.

Much indignation is manifested against Brigadier General Pierce. Gen. Butler has been ubiquitous, doing all in his power to save our men and the honor of our cause.

From Frederick and Harper's Ferry. FREDERICK, Md., June 11.—From a gentleman well conversant with the localities in and around Harper's Ferry, who left Hagerstown early this morning, I learn that 10,000 United States troops are in the place, and Chamberburg, from whence they are marching.

Yesterday the Virginians destroyed about 25 canal boats in the vicinity of Harper's Ferry, with some intention, it is supposed, of preventing their being used to transport troops across the Potomac.

The rebel troops recently at the Point of Rocks, have certainly been withdrawn, and are now with the main body at Harper's Ferry.

Much dissatisfaction has been reported to exist among the Kentuckians, on the Maryland Heights, and a rumor is current here, that in a few days they intend displaying the Stars and Stripes, and probably deserting in a body.

Advance of the Northwestern Federal Column Towards Harper's Ferry.—Virginia Rapidly Reinforcing the Federal Army. CINCINNATI, June 11.—A special dispatch from Gratton to the Gazette, says the Indiana General has experienced no trouble in reaching Cumberland, no traitors in reaching Cumberland, no secessionists were seen, and the Cumberland people were friendly.

One hundred army surgeons, and a full supply of horses, etc., are at Parkersburg, en route for Gratton.

SALT! SALT! SALT! Just received from the Ohio and Salt Company, 500 barrels of pure salt, for sale at 25 cents per barrel. F. H. B. & S. CO.
