General Army Order No. 45, which prohibits volunteers who do not speak the English language from being mustered into service, is now officially explained as not intended to apply to regiments or companies of foreign nationality, in which the men and officers speak the same tongue but to prevent the enlistment into regiments or companies, whose officers speak the English language only, of men not understanding it, and to induce such persons to enlist under officers whose language they do understand.

REBEL ATROCITIES ON THE BATTLE FIELD.

Shocking Treatment of the Wounded.

Statements of Eyr. Witnesses.

WASHINGTON, July 26.—Now that the smoke of the battle has cleared away, and we have ascertained with tolerable accuracy the extent of our losses, the incidents of the battle rise into a certain prominence they did not possess, which overshadowed by the universal anxiety to get at results, rather than inquire into details.

Now to authenticated facts. Lieutenant S. R. Elliott, of the Seventy-ninth (Highlanders), N. Y., was standing near Col. Cannon, of his regiment, when the latter was struck by a shot and fell mortally wounded.

There was no possibility of mistaking the nature of this group, or their humane errand. The rebels saw a number of men bearing from the field a wounded officer, and instead of withholding their fire, invariably the practice of the civilized foe, they scientifically took the exact range of the retreating group, and brought a whole battery to bear on them, killing nearly half of them before they had succeeded in placing their dying Colonel in a place of safety.

Col. Wood, of the Fourteenth New York Regiment (Brooklyn), being wounded, was placed in an ambulance, and was being carried off the field—this ambulance fired at persistently by a battery of rifled cannon. A projectile from one of these guns at last took off the top of the ambulance, and three of the men, and a Rhode Island Battery, and dismounted their gun. The fire was kept up so unrelentingly that the men in charge were obliged to leave the ambulance.

Surgeon Barnes of the New York Twenty-eighth Volunteers was in the fight all through, and came out of it with a severe injury to his right arm, hand, and all his surgical instruments, having been charged on by the Black Horse Cavalry and compelled to leave the field, being driven from under a tree where he had established his temporary quarters, and where he was attending to the wounds of about twenty of his men, part of whom were Secessionists.

There can, I think, be no reasonable doubt that, if not all, at least certain divisions of the rebel army had instructions not to take any prisoners, and not to let our wounded men be carried off the field. I proceed to adduce my proofs.

It was no easy matter to procure ambulances enough, and it was probably thirty minutes before the Surgeon returned with the necessary assistance. When he returned he found that every one of those wounded men had been bandaged or sewed up, and was dead. They were literally cut to pieces.

Meeting of the Wayne Guards.

At a special meeting of the "Wayne Guards" (late Co. C, 3d Reg. Pa. Vol.) held Saturday evening, Aug. 3d, it was unanimously

Resolved, That we have been placed under lasting obligations to the citizens of Williamsburg for the many favors, in the shape of "Material Aid" received from them during our absence with the Army.

Resolved, That we fully appreciate the splendid reception extended to us by them on our return, and hail it as an assurance that, however others may be disposed to detract from the merits of the three months Volunteers, they at least, approve of our action in the promises, and give us credit for an honorable discharge of the services rendered by and required of us.

Resolved, That we shall ever hold in grateful remembrance the hospitalities displayed by the citizens of Alexandria, Pa., who, although at an unreasonable hour in the morning, provided so generously for our "inner man" on the occasion of our recent passage through that place.

Resolved, That for all these marks of friendly regard we respectfully offer, in return, our heartfelt thanks, with the assurance that while their services are thus acknowledged and remembered, soldiers will never be wanting for the defence of our Government against enemies or traitors.
