COMMENDATIONS:
From Hon. Lewis D. Campbell, M. C., Ohio.
My family and falends all concur in the opinion, that
the (Neuell) picture is more life-like than any thing they
ever saw. My likeness has been repeatedly taken by different Artists in various ways, but I have never yet had
one which presents to true to mature, all the fedures and
expressions of countenance as this. From Hon. E. Joy Morais, late Minister to Italy, The exquisite finish, beauty and softness of your portraits, conjoined with their durability of color and fait duliness as likenesses, cannot full to commend them to the attention and patronage of all who appreciate true art. From Col. James Page. Having occasion for a portrait, I procured one from Mr. Robert Newell, of the city of Philadelphia, a ministure in Oil Colors, under the new process discovered by Ami, and take great pleasure in expressing the satisfaction given me, not only by the occuracy of the likeness, but its artistic finish in all respects, and recommends him to the patronage of those disposed to encourage the bestufful art.
