

Semi-Weekly Globe.

W. M. LEWIS, Editor and Proprietor. A. THURSTON, Associate Editor.

Published weekly, except on Sundays, at \$1.50 a year—50 cents for six months—30 cents for three months—in advance.

HUNTINGDON, PA. Thursday afternoon, Jan. 2, 1862.

NOTICE.

We have not the time nor the inclination to dun personally, a large number of persons who have unsettled accounts upon our books of several years standing.

NEW TERMS.

All orders for printing, including advertisements and Executive Notices, must be paid for in advance.

The News.

We are slightly disappointed. We had reason to expect important news from the army on the Potomac.

The English Fury.

It will be three or four weeks before we can hear of the effect in England of the release of Messrs. Mason and Slidell.

Having made our peace-offering to Great Britain, it is proper that we should wait to hear how it is received, and that we should not retaliate, as we fairly might, with vituperation against the English people and Government.

VARIETY ENVELOPES.—Coleman & Co's splendid Variety Envelopes are for sale at Lewis' Book Store.

Books, &c., FOR THE HOLIDAYS.—The place to get Holiday Presents for old and young is, at Lewis' Book Store.

WALL PAPER.—A handsome stock of next year's styles has been received at Lewis' Book Store, direct from the manufactory in New York.

CARRIER'S ADDRESS TO THE PATRONS OF THE GLOBE

January 1st, 1862.

When last I sang my thankful lay, I numbered blessings that had passed your way; In peace you lived, with plenty crowned—

A clergyman in one of our Eastern States in an assembly of his brethren, began to complain of the onerous form rendered to his cloth.

Another class of obstacles is found in the instability of the teacher's profession. We find no fault, nay, we commend the lofty patriotism of those of our associates who have forsaken our peaceful pursuits for the conflicts of arms.

On motion, a committee of three were appointed to prepare exercises for the session. Chair appointed—R. McDivitt, H. McKibbin and S. B. Taylor.

On motion the opening address of the president was requested for publication together with the minutes of the Association.

The Association then adjourned to meet in the public school room at 6 o'clock in the afternoon.

Society met pursuant to adjournment and called to order by the president. Prayer by the County Superintendent.

The committee on business reported the subject for discussion, the best method of teaching Arithmetic.

An address was delivered before the Association by Mr. Edwards, of Franklinville, on Physical Education, accompanied by illustrations and exercises with the use of the apparatus according to Dr. Lewis' System of Gymnastics for the use of schools.

A lecture was then delivered by Prof. Singing of the New York University. Subject—"The Scandinavian Mythology."

THE SUBJECT OF PHYSICAL EDUCATION

The subject of Physical Education was introduced and a resolution offered by Mr. Owen to the effect that the exercises of the soldier known as the company drill as a gymnastic exercise, is entirely sufficient to meet the wants of our schools for boys, and could be extended to the present time with entire safety.

The subject of teaching Grammar was opened by the President and continued by Messrs. McDivitt, Campbell, Edwards and Brown, and on motion, closed for the present.

A few remarks were made to the Association by the County Superintendent, who, in conclusion, offered the following resolution, which was unanimously adopted.

Resolved, That we commend the high patriotism and self-sacrificing devotion which has prompted so many of the teachers of our county to abandon the rod and furrow for the sword and musket, to enter the ranks of our country's defenders.

Some feeling and appropriate remarks were made by the President in conclusion, when the Association adjourned subject to a call from the Board of Managers.

On motion, a committee of three were appointed to prepare exercises for the session. Chair appointed—R. McDivitt, H. McKibbin and S. B. Taylor.

On motion the opening address of the president was requested for publication together with the minutes of the Association.

The committee on business reported the subject for discussion, the best method of teaching Arithmetic.

OUR ARMY CORRESPONDENCE.

CAMP GREENBAY, Va., Dec. 29, '61. FRIEND LEWIS:—Your humble servant having sojourned for the past few weeks among the tented inhabitants of the southern part of the Potomac, I have had under my eye the folds of the stately banner of the Union.

Minutes of yesterday session read and approved. An Essay was read before the Association by Mr. Edwards, of Franklinville, on Physical Education, accompanied by illustrations and exercises with the use of the apparatus according to Dr. Lewis' System of Gymnastics for the use of schools.

A lecture was then delivered by Prof. Singing of the New York University. Subject—"The Scandinavian Mythology."

THE WAR IN MISSOURI.

OTTENVILLE, Mo., Dec. 31.—One of our men, captured by the rebels near Clinton, and carried to Springfield, has just returned, having left that place on Christmas. He says Gen. Price, with 8,000 men, had taken all the houses in Springfield for the use of his troops, turning women and children into the streets.

DEAR FRIEND:—This is Sabbath and has been a very nice day. We were out on review this forenoon. Governor Curtin, Simon Cameron, Bayard Taylor, and several other distinguished persons were to see us.

Col. Higgins has resigned; he became dissatisfied with our Colonel and intended to go to the States. He is now in the West. Our whole regiment regret it very much, and would like him to stay, but he says he will go. I am very sorry for it. I will feel when he leaves, but still I will get along fine. We have good officers in our company and very clever men.

WAR NEWS. NO BATTLE AT PADUCAH. INTERESTING FROM FORTRESS MONROE.

STAMPEDE OF REBELS FROM NEAR BETHEL. ILLNESS OF GEN. MCLELLAN.

WASHINGTON, Jan. 1.—To-day is the first which we have been vouchsafed during the present season, in this latitude.
