# UNION VARIETY CASES.

OLEMAN & CO.'S Variety Envelopes are superceded by their new and beautiful UNION VARIETY CASES, much superior and much to be preferred. They are certainly cheap and very desirable. We wish our friends to call at Lawis' Book and Stationery Store, and see them—to see is to buy.

LATOR,

A Book of Plain Rules and Educations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. D. Lippinic Cott d Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to bo the handlest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel class artises, those referring to the work will find no difficulty it solving it: in a word, the general arrangement of the GALGULATOR is simple, that any one who know how to add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to exchew theory and philosophy in figures, alming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of ruler of the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result and insures content to the purpose result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business calculations—it is in the hands of the teacher in the echool room—it facing tates time and insures correctness.

If the Dusiness man, what the key to mathematical works in the hands of the teacher in the school room—it facility at the lands of the teacher in the school room—it facility at the lands of the teacher in the school room—it facility. THE WORK TREATS OF THE

Measurement of Land of Lumber, of Brick and Bick Work, of Stone and Stone work, of grain and grain bind, of coal and coal bing, of wood, of solids, of liquids, of circular, square furgular vessels, of cisterns and vats, of roofing, of phasterer interest, and respect to the school of the sc IT IS JUST THE BOOK FOR THE l'armer, the morchant, the mechanic, the arthum, gr the professional man. It has proven a valuable furtility to the lawyer, the justice of the peace, the conveyancer, and cral estate broker, to the assessor, the banker, the clerk; to the cital engineer and the surveyor, to the carpenter and bricklayer, to the stouemason and the 'placticat', to the paper hanger and uphelsterer, to the payer and the the paper hanger and uphelsterer, to the payer and the clerk of the paper hanger and uphelsterer, to the payer and the stouemason and the 'placticat' was a survey of the payer than any book published.
