ROHRER'S PRACTICAL CALCU-IATOR,

A Book of Plain Rules and Calculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Polition, published by J. B. Lippincott & Co., Philadelphia. cont of Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, and a at ise every day in the common pursuits of Business. It is at a subject the common pursuits of Business. It is at a subject to the subject book of reference, pertaining to calculations, that has ever been published. The Every example in the book is worked out in full and stated in a plain manner, so that when a parallel casa articles, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR is simple, that any one who knows how to add, subtract multiply and divide, can easily solve any ordinary example that arrises in business, or arrive at the transport of the continuous subject to each of the subject to the subject to the continuous of the author has been to eschew theory and philosophy of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business usen care little about speading time in discussing the philosophy of raise, or the sellow at a moment, by reference, to arrive at the research of the back of a a moment, by reference, to arrive at the research of the back of a content, by reference, to arrive at the rule of the back of a content, by reference, to arrive at the rule of the back of a content, by reference, to arrive at the rule. to be able at a moment, by reference, to unive at their purpose to be able at a moment, by reference, to unive at the fur result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred wo ks—it is, key to practifal business calculations—it is, in the hand of the business man, what the key to mathematical works in the hands of the feacher in the school room—it facilitates time and insures correctness.

THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick
