" I know of no mode in which a loyal citizen may so well demonstrate his devotion to his country as by sustaining the Flag, the Constitution and the Union, under all circumstances, and under EVERY ADMINISTRATION, REGARDLESS OF PARTY POLITICS, AGAINST ALL ASSAILANTS, AT HOME AND ABROAD."-STEPHEN A. Douglas.

A UNION CONVENTION.

No Political Parties in this time of National Peril.

TO THE PEOPLE OF HUNTINGDON COUNTY.

Both political parties have met and made their party nominations. What-ever may be said either by the resolutions of the Conventions or by the advocates of the tickets nominated by vocates of the tickets hominated by them, the fact is too palpable that they are both strictly PARTY tickets. The wishes and the hopes of the people were disregarded and disappointed by this action. They want no party tick-ets, and no political strife at this time. They feel that whatever they may have called each other in the past, they can recognize all loyal men as patriots and brethren now, and feeling thus they do not wish to be arrayed in ap-parent hostility. The Country needs the united strength of its people both in council and in the field, to put down Treason. Every man who now as-sumes the duties of office, should do so untrammelled by obligations arising from party nomination and election.— He should feel that he has been called by the whole people to act for them, and against their enemies; and not for a part of them, against the other part. To accomplish this, the people must act for themselves, and disregard the bidding of party leaders and partisans of every name.

We think this is the desire of the people of this county. Every man who find our army no nearer to Richmond has a son or brother in the army thinks more of standing by him, strengthen-ing his hands, than of the success of the first repulse from Bull Run. Perhaps the fault finders, who have parties. declared that the rebel army in Vir-
