Our Flag Forever.

Know of no mode in which a loyal citizen can so well demonstrate his devotion to his country as by displaying the Flag, under all circumstances, and under every administration, regardless of party politics, against all assaults, at home and abroad.—STEPHEN A. DUGLASS.

UNION STATE TICKET.

FOR GOVERNOR
ANDREW C. CURTIN.
FOR SENATE
HON. DANIEL AGNEW,
of Beaver County.

UNION COUNTY CONVENTION.

For Assembly,
DAVID EITNER, of Cromwell.
For Prothonotary,
WILLIAM C. WAGONER, of Brady.
For Register and Recorder,
D. W. WOHLSCHLAGER, of Franklin.
For Treasurer,
DAVID BLACK, of Huntingdon.
For County Commissioner,
JOHN HOUSHOLDER, of Penn.
Director of the Poor,
JOHN LOGAN, of Barree.
For Auditor,
ABRAHAM HARRIS, of Morris.

The Union County Ticket.

The proceedings of the Convention which placed in nomination the ticket at the head of this column, will be found in to-day's Globe. We are not personally acquainted with all the nominees, and therefore cannot speak of them at this time as freely as our friends might desire we should. We can say, however, without the fear of successful contradiction, that the Union ticket, so far as honesty and capability is in question, ranks at least against that put in nomination by the rebel sympathizers. This conceded—the next and most important question which arises, is, which of the two tickets represent the loyal people? We find the rebel sympathizers—the enemies and slanders of our brave soldiers—the Vallandighamites, the Hugheses, the Beckwithites, the Monitorers, and every traitor in the country who can rejoice when our army meets with reverses, and who can cheer for Jeff Davis, while our brave brothers are lying upon the battle-field wounded, dying and dead, all advocating the election of the ticket put in nomination by the bogus Democracy. On the other hand, we find every outspoken loyal man—every earnest friend of the soldier and the Government—every enemy of the rebels and the rebellion—every enemy of aristocratic and tyrannical governments—every enemy of traitors and treason, all advocating the election of the Union ticket put in nomination by Union men who have heretofore acted with different party organizations.

We rejoice that we find no difficulty in making a choice of tickets to support, and we feel very confident that if every loyal man in the county could feel that it was his duty as a good and patriotic citizen to cast his vote for a certain and treasonable organization to save his country, and act accordingly, the majority for the ticket would be thousands instead of hundreds.

The issue is a plain one.—The success of our arms, our country now and forever—against a rebel sympathizing treasonable organization.

The Bogus Democratic Ticket.

The Monitor faction of the county met in County Convention on Wednesday last, and put in nomination the following county ticket to be badly beaten in October:

Assembly—John Zemanor, of Franklin.
Prothonotary—Merrill Harvey, of Barree.
Register and Recorder—D. W. Wohlschlag, of Franklin.
Treasurer—Samuel B. Davis, of Huntingdon.
Director of the Poor—John P. Dugan, of Barree.
Auditor—John P. Dugan, of Barree.
Governor—Daniel Francis of Walker.
R. M. Speer, II. L. Harvey and II. A. Wakefield were appointed Senatorial Conferees. It is understood they are to give R. F. Haslet a complimentary vote, then to urge the claims of little John Gesna. We should like to see John the nominee of the Monitor party. He might buy up the leaders as he did last winter, for Governor, but he can't buy up the honestly disposed voters who think and act for themselves.

The people will not be slow in giving their opinion of the political character of the Convention, after learning the fact that honest Dave Clark was placed at the head of the county organization by electing him Chairman of the County Committee. Dave is the acting agent of the Monitor stockholders, and as Chairman of the County Committee he expects to get hold of the appropriations generally made by State Committees, and

The Duty of Citizens at the Present Moment.

A LOAN was drawn from the spacious pen of Mr. Charles J. Biddle, Chairman of the Democratic State Central Committee, has been published. From beginning to end it is devoted to a denunciation of the Administration and "the Abolitionists." It says not one word in commendation of the rebels; not one word in commendation of the Union soldiers. There is not a sentence in it that can in any way be construed to signify a desire to prosecute the war or to punish the rebels as they are trying to destroy the nation. Every measure adopted by Congress to put down the rebellion is condemned in the bitterest language. It is by such doctrines and on such a platform that the Copperhead leaders hope to bring Pennsylvania in opposition to the cause of the Union, in behalf of which so many of her sons have bled and died. Our truly patriotic citizens must exert themselves to save the State from such a disgrace. They must organize and endeavor to frustrate the plans of the traitors who are laboring to put down the rebellion in this State. They must do all in their power to re-elect the loyal and faithful Governor, who has thus far sustained the honor of Pennsylvania as a member of the Union.

A Warning.

While we deeply regret that any State should be cursed with a disloyal Governor, we should be unwise did we not profit by the misfortunes of New York. Philadelphia is warned of the evils of an unfaithful Governor by the condition of New York State. Loyal as she is, powerful and great, New York is forced to expiate the sins of her Governor, who has thus far sustained the honor of Pennsylvania as a member of the Union.

The Democratic Candidate.

The extreme hostility of the leaders of the Democratic party to the Government and the cause of the Union is shown in the nomination of their candidate for the Governorship—George W. Woodward. Judge Woodward is a Secessionist. His words prove it. The man who seeks other proof must be either ignorant of the English language or curious to see the vast extent of the contradictory evidence. He is neither more nor less than a Secessionist, and as such must be recognized throughout the campaign. Just after the election of Mr. Lincoln, and before the war began, a meeting was held in Philadelphia, at which Judge Woodward was one of the speakers. His theme was, in the course, the condition of the South, and his purpose to show that the South had been basely wronged and outraged by the Federal Government. He then proceeded to read a long and elaborate speech in pamphlet form, and distributed them generally through the country. Since then he has never recalled them, nor has he ever made a word for his speech in pamphlet form, but we must not permit it to be hidden. The treasonable words we have quoted are those which have been the basis of his speech in pamphlet form, and which were fired in the war, text of the rebellion, and therefore they must be the text of the campaign.

The Siege of Charleston.

News from Rebel Sources up to the 10th inst.—The Whole Fleet and Land Batteries in Action.

Washington, August 18.

A dispatch was received this morning by the Government, dated the 17th inst., from a distinguished military officer in Tennessee, stating that the bombardment in Charleston Harbor on Saturday was awful, and that the firing from Gilmore's land batteries on Morris Island, and from the Monitor, was chiefly directed against Fort Sumter. The combined land and naval fires of the Federals seemed to be engaged.

The information published in the Rebel was received at Charleston from Charleston by telegraph, and the light was going on when the paper went to press on Sunday. The officer who communicated the contents of the Rebel to the Government says the editor instead of making any boasts about the result of making the least jubilant feeling over the situation of affairs at Charleston, exhibits the most positive evidence of gloom.

On Monday last week, Orderly Sergt. II. C. Logan, accompanied by a squad of men from Capt. Schrock's company, called on deserter Albert Owen, and after some controversy with him, succeeded in compelling him to lead the way to a place where was secreted nearly one thousand cartridges belonging to the Government.

The Duty of Citizens at the Present Moment.

Daniel Donoghue, Esq., one of Philadelphia's most gifted lawyers, and a gentleman always identified with the true Democratic party, lately made an address before the Senate of Union College, Schenectady, New York, and subsequently at Franklin and Marshall College, at Lancaster in this State. The addresses, which abounded in original ideas and patriotic sentiments, concluded as follows:

"Come forth, virtuous citizens, from the workshop and the factory—from the store, the study, and the farm—from the closet, the college, and the altar, and by the historic memories of the Revolution, by the victories won in foreign wars, by the blood of our countrymen—our dear brothers—shed in this sublime struggle for the life of the nation, by the brave and noble deeds of three generations enjoyed, by the love we bear our children, by our hereditary hatred of royalty and despotism, by our sympathies with oppressed humanity, by our hopes of the triumph of right, justice, and liberty all over the world, let us call on the people to rise, as our fathers did, and dedicate life and honor to the restoration of the Republic.
