MEN WANTED
FOR THE INVALID CORPS.

Only those faithful soldiers who, from wounds or the hardships of war, are no longer fit for active field duty, will be received in this Corps of Honor. Enlistments will be for three years, unless sooner discharged. Pay and allowance same as for officers and men of the United States infantry; except that no premium or bounties for enlistment will be allowed. This will not invalidate any pensions or bounties which may be due for previous services.

For the convenience of service, the men will be selected for three grades of duty. Those who are most efficient and able-bodied, and capable of performing guard duty, etc., will be armed with muskets, and assigned to companies of the First Battalion. Those of the next degree of efficiency, including those who have lost a hand or an arm; and the least effective, including those who have lost a foot or leg, to the companies of the Second or Third Battalions; they will be armed with swords.

The duties will be to act chiefly as provost guards and garrisons for cities; guards for hospitals and other public buildings; and as clerks, orderlies, &c. If found necessary, they may be assigned to forts, &c.

Acting Assistant Provost Marshals General are authorized to appoint officers of the Regular Service, or of the Invalid Corps, to administer the oath of enlistment to those men who have completely fulfilled the prescribed conditions of admission to the Invalid Corps, viz:

1. That the applicant is unfit for service in the field.
2. That he is fit for the duties, or some of them, indicated above
3. That, if not now in the service, he was honorably discharged
4. That he is meritorious and deserving.

For enlistment or further information, apply to the Board of Enrollment for the district in which the applicant is a resident

By order of JAMES B. FRY, Provost Marshal General.
J. D CAMPBELL,
Captain and Provost Marshal.

HART-TOWN, Crawford Co., Pa., May 16, 1863.
MESSRS. J. & J. H. DUVALL,

Gentlemen:—* * * We received our Portable Engine and Saw Mill all in complete order, perfectly satisfied with the Saw Mill and Engine. Everything works to our entire satisfaction, beyond our expectations. We sawed 4,000 feet white-oak boards in five hours, and with good could have sawed more in the same time.

For further reference, we would refer you to Samuel Millikin, of Hollidaysburg, Pa., who has one of our first class 20-horse power Portable Engines and Circular Saw Mills in operation at Tipton Station, Blair county, Pa.—He authorized us to say this Mill and Engine has given such entire satisfaction, that, since starting it, he has sent in his second order for a Mill and Engine of same size.

PENS! PENS!!

GET THE BEST!

THE BEST IS THE CHEAPEST!

C. BARNARD'S

Celebrated "Corrugated Metal" Pens

ARE FOR SALE

AT LEWIS BOOK STORE,

Agent for the county.

PRICES—25 cts. per dozen or $2 per gross.

THE "CORRUGATED METAL" PENS, made by C. BARNARD, are the best Commercial and School Pens, without exception to any.—They are used by all the principal Banks and Government Departments, Public and Private Schools; also, by the most prominent Commercial Houses throughout the United States and Canada.

But a short time has elapsed since

C. BARNARD'S PENS

have been introduced into the United States, still a marked preference is given them over all others for the following reasons: The "Corrugated Metal" PENS do not corrode; they will not splatter or cut through the thinnest paper; they have an easy gliding motion, a certainty of equally diffusing the ink, softness of point, and great durability.

The following testimonials, selected from numerous others, are respectfully submitted:

I have used the Metallic Pens of Mr. C. Barnard and highly approve of them. C. BARSTOW,
President of St. Nicholas Bank, New York.

We have used the Pens of Mr. Barnard, and find them to be as he represents, and take pleasure in recommending them to the public. WELLS, FARGO & CO.,
A. MULLIGAN, *Cashier.*

C. Barnard's Pens have been tried, and are highly approved in this office. S. G. OGDEN,
Auditor U. S. Custom House, New York.

Having tried the corrugated Pens made by Mr. Barnard, I can recommend them as excellent.
SAMUEL L. BREESE,
Commandant Navy Yard, Brooklyn.

We add ours to above recommendations.
H. B. CROMWELL & CO., New York.

I have no hesitation in saying Barnard's Pens are decidedly the best I have ever used. S. C. HAY,
Agent United States Express Co., New York.

We can confidently recommend Mr. C. Barnard's Anti-Corrosive Pens as the best ever brought under our notice, without exception.
WILKINSON, STETSON & CO.,
Park Place, New York.
T. B. HUGHES, *Cashier.*

We have been using the Pens of Mr. C. Barnard, and take great pleasure in recommending them to the public, as they are an excellent article, and all he represents them to be. A. J. CLINTON,
Secretary Eagle Insurance Co., New York.

Upon trial we have found Mr Barnard's Pens to be excellent. FRED. PROBST & CO., New York.

I would recommend Mr. Barnard's Pens as a superior article to any I have used.
GOUVR. KEMBLE, New York.

We add ours to the above recommendations.
UNDERHILL, HAVILAND & CO., New York.

Of all Pens I have ever used, Mr. Barnard's have given me more satisfaction, and I can recommend them to the public as being entirely anti-corrosive.
E. POIRER, New York.

After six months' constant use of C. Barnard's Anti-Corrosive Pen, we can confidently recommend it as the best metallic pen we have ever used, finding from the above experience that it does not actually corrode.
S. McLEAN & CO, New York.

PRACTICAL CALCULATOR.

PRACTICAL CALCULATOR.

ROHRER'S PRACTICAL CALCULATOR,
A Book of Plain Rules and Calculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical, such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR is simple, that any one who knows how to add, subtract multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works in the hands of the teacher in the school room—it facilitates time and insures correctness.

THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone work, of grain and grain bins of coal and coal bins, of wood, of solids, of liquids of circular, square or irregular vessels, of cisterns and vats, of roofing, of plasterer's, painter's, glazier's, paver's, plumber's, paper hanger's and upholsterer's work. It treats of currency and of foreign and domestic exchange, of the decimal system, of reduction and its extended application to business, of simple and compound interest, and their entire application to business transactions, with the laws and usages governing the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equation of payment and of partnership accounts, of assessment of taxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE

Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to the lawyer, the justice of the peace, the conveyancer, and real estate broker, to the assessor, the banker, the clerk, to the civil engineer and the surveyor, to the carpenter and bricklayer, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the paver and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published.

☞ Price, 50 cents. For sale at Lewis' Book Store.
