C. BARNARD'S PENS U. BARMARD'S PENS
have been introduced into the United States, still a marked preference is given them over all others for the following reasons: The "Corrugated Metal" PENS do not corrode; they will not splatter or cut through the thianest
paper; they have an easy gliding motion, a certainty of
equally diffusing the ink, softness of point, and great durability.

The following testimonials, selected from numerous
others, are respectfully submitted:

CALCULATOR is simple, that any one who knows how to
add, subtract, multiply and divide, can easily solve any ordinary example that arises in business per arrive at it o
true result of any estimate required.
The chief sim of the author has been to eschem theory
and philosophy in figures, alming only at facts and simplicity, belief sim of the author has been to eschem theory
and philosophy in figures, alming only at facts and simplicity, believing that business men care little about spending time in disenseing the philosophy of rules, or the
science of figures, deeming it sufficient for their purpose
to be able at a moment, by reference, to arrive at the true
result. The CALCULATOR differs in this respect from all
result. The CALCULATOR disenses acculations—it is, in the hands
of the beacher in the sechool room—it facilia
that the and insures correctness.
