HUNTINGDON, PA.

LOCAL & PERSONAL. A BOUNTY FOR VOLUNTHERS.

A meeting of the citizens of Huntingdon borough was held last (Monday) night, and it was ordered that ONE HUNDRED DOLLARS should be paid every man on being mustered in as a volunteer to the credit of the borough. Under the new and old call of the President, the quota of the borough will be forty-three; this number will report immediately and receive one hundred dollars each. Since the new call of the President the bounties in away. the cities and counties have been greatly reduced, and we think one hundred dollars will be as large a bounty as will be paid volunteers in any other part of the State. Eight or ten have already accepted the bounty.

FREQUENT.-Marriages in this county, and also in neighboring counties, are becoming of common occurrence since the first of this year. The young folks, especially the "feebler sex," are making good use of the advantages of Leap Year, by leaping into the matrimonial Elysium. FLAX. FLAX.

HE HIGH PRICES RULING FOR Cotton Goods has compelled public attention to be more capecially directed to the culture of Flax. It can be mad by some attention, one of the most valuable products a farmer can preduce; an acre readily producing 50 to 60 Dollars worth of fibre and seed. Great care should b taken by growers to have their Flax spread very thin

should be turned, and subject to exposure until all the stalks got a groy color, and the lint readily separates from the wood by a gentle rub. It should on a very dry day be tied in bundles, and is then ready for the mill. As a general thing too much sood is sown on an acre. Unless the ground is very rich one Rushel per acre is sufficient. If the ground is very

strong one and one fourth bushel is ample.
