PRACTICAL CALCULATOR.

ROHRER'S PRACTICAL CALCULATOR,
A Book of Plain Rules and Calculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical—such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to *calculations*, that has ever been published.

Every example in the book is worked out in full, and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR *is simple, that any one who knows how to* add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eschew theory and *philosophy in figures, aiming only at facts and simplicity*, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR *differs in this respect from all* other Arithmetics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works in the hands of the teacher in the school room—it facilitates *time and insures correctness.*

THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone work, of grain and grain bins of coal and coal bins, of wood, of solids, of liquids of circular, square or irregular vessels, of cisterns and vats, of roofing, of plasterer's, painter's, glazier's, paver's, plumber's, paper hanger's and upholsterers' work. It treats of currency and of foreign and domestic exchange, of the decimal system, of reduction and its extended application to business, of simple and compound interest, and their entire application to business transactions, with the laws and usages governing the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equation of payment and of partnership accounts, of assessment of taxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE

Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to *the lawyer, the justice of the peace, the conveyancer*, and real estate broker, to the assessor, the banker, the clerk, to the civil engineer and the surveyor, to the carpenter and bricklayer, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the paver and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any book published.

PENS! PENS!!
GET THE BEST!
THE BEST IS THE CHEAPEST!
C. BARNARD'S
Celebrated "Corrugated Metal" Pens
ARE FOR SALE
AT LEWIS BOOK STORE,
Agent for the county.

PRICES—25 cts. per dozen or $2 per gross.

THE "CORRUGATED METAL" PENS, made by C. BARNARD, are the best Commercial and School Pens, without exception to any.—They are used by all the principal Banks and Government Departments, Public and Private Schools; also, by the most prominent Commercial Houses throughout the United tates and Canada.

But a short time has elapsed since

C. BARNARD'S PENS

have been introduced into the United States, still a marked preference is given them over all others for the following reasons: The "Corrugated Metal" PENS do not corrode; they will not splatter or cut through the thinnest paper; they have an easy gliding motion, a certainty of equally diffusing the ink, softness of point, and great durability.

The following testimonials, selected from numerous others, are respectfully submitted:

I have used the Metallic Pens of Mr. C. Barnard and highly approve of them. C. BARSTOW,
President of St. Nicholas Bank, New York.

We have used the Pens of Mr. Barnard, and find them to be as he represents, and take pleasure in recommending them to the public. WELL, FARGO & CO.,
A. MULLIGAN, *Cashier.*

C. Barnard's Pens have been tried, and are highly approved in this office. S. G. OGDEN,
Auditor U. S. Custom House, New York.

Having tried the corrugated Pens made by Mr. Barnard, I can recommend them as excellent.
SAMUEL L. BREESE,
