tinedon county the undersigned will expose to public sale on the premises;
On Thursday, the 2d day of June, 1864, A two o'clock, P. M., on said day, the interest of Genl. James true, doceased in all the following described real estate situate in said county, known as "The Mill Creek Furnace Property," it:
All the own undivided half part of a tract of land situate in the township of Brady near the menuh of said county, known as "The Mill Creek, containing 180 acres and 4-p prefices, about 50 acres of which are cleared for same target the menuh of said county, having thereon a large blast Furnace with necessary machiney for blowing the same citiler by steam or water; an excellent grist mill, with four run of stenes, smatt machiney for blowing the same citiler by steam or water; an excellent grist mill, a full complement of dwelling houses for manager and hands to reside in ; all of which buildings are near the Penna. Caud.
Also-The one undivided half part of a piece or parcel of land adjoining the above tract and lying between the same and the Juniata River, containing 10 acres and 121 perches; and hands include Mill Creek from the line of the above mentioned tract to its junction with the Juniata triver, and is good botton hand with two dwelling houses are rected on J. 4. Milliken, containing 22 increasent and by the same and the Juniata River, burthased from J. 4. Milliken, containing 23 increasent lines with struct and the same and where the tract and the Juniata triver, parchased from J. 4. Milliken, containing 23 increasent lines with a containing 24 increases with a same and the furnace, all increase functions and the other and a site of a same structure of a same day in the day of the same structure of a same dimension of a same structure of a same struct pince "," Algo-The one multivided half part of a tract of landsituate in said township of Henderson; containing 197acress and 134 perches, situate about three miles northeastof the Furnace, on the waters of Mill Creek---adjoininghands of Thomas Reed, Michael Hawn and others, havingmode for ","Initial of Thinks Reck, arthous favor and the Wates field form."
Also a the undivided half part of all the interest which J. Dorzey had, and held n and to a tract of land contract and the nume of Iarel Plennington, on which is the base of the second sec FLAX. FLAX. HE HIGH PRICES RULING FOR Attest) Executors of John Nuclear Contents (John Carlier Contents) (John Carling Contents) (John Nuclear Contents) (John Nucl DANL. W. WOMELSDORF, Clerk O. C. Cotton Goods has compelled public attention to be more specially directed to the culture of Flax. It can be made by some attention, one of the most valuable products a farmer can produce; an acre readily producing 50 to 6 Dollars worth of fibre and seed. Great care should be taken by growers to have their Flax spread very thin when rolling; when watered sufficiently on one side, it should be turned, and subject to exposure until all the from the wood by a gentle rub. J. E. GREENE, DENTIST. Office removed to opposite the store of D. P. Gwin, in the square, Hill street, Huntingdon, Ps. April 13, 1864. strong one and one fourth bushel is ample. Deg 16, 1863.

The property this Powder possesses in in-creasing the quantity of Milk in Cows, gived it an importance and value which should place it in the hands of every person keeping a Cow. By actual experiment it has proven that it will increase the quantity of Milk and Oream twenty per cent., and make the Butter firm and sweet. In fattening Cattle, it gives them an appetite, loosens their hide and makes them thrive much faster. H O G S S. HOGS.
