There shall be an additional section to the third article of the Constitution, to be designated as section four, as follows:

"SECTION 4. Whenever any of the qualified electors of this Commonwealth shall be in any actual military service, under a requisition from the President of the United States, or by the authority of this Commonwealth, such electors may exercise the right of suffrage in all elections, by the citizens, under such regulations as are, or shall be prescribed by law, as fully as if they were present at their usual places of election."

"SECTION 9. No bill shall be passed by the Legislature granting any powers, or privileges, in any case, where the authority to grant such powers, or privileges, has been, or may hereafter be, conferred upon the courts of this Commonwealth."

HENRY C. JOHNSON,
Speaker of the House of Representatives.
JOHN P. PENNEY,
Speaker pro tem of the Senate.

OFFICE OF THE SECRETARY OF THE COMMONWEALTH,
Harrisburg, April 25, 1864.

PENNSYLVANIA SS:

I do hereby certify that the foregoing is a full, true and correct copy of the original Joint Resolution of the General Assembly, entitled "A Joint Resolution proposing certain Amendments to the Constitution," as the same remains on file in this office.

In testimony whereof, I have hereunto set my hand and caused the seal of the Secretary's office to be affixed, the day and year above written.

ELI SLIFER,
Secretary of the Commonwealth.

The above Resolution having been agreed to by a majority of the members of each House, at two successive sessions of the General Assembly of this Commonwealth, the proposed amendments will be submitted to the people for their adoption or rejection, on the FIRST TUESDAY OF AUGUST, in the year of our Lord one thousand eight hundred and sixty-four, in accordance with the provisions of the tenth article of the Constitution, and the act, entitled "An Act prescribing the time and manner of submitting to the people, for their approval and ratification or rejection, the proposed amendments to the Constitution," approved the twenty-third day of April, one thousand eight hundred and sixty-four.

ORANGE JUDD, of the "American Agriculturist," says of the

UNIVERSAL CLOTHES WRINGER.

"A child can readily wring out a tubfull of clothes in a few minutes. It is in reality a CLOTHES SAVER! A TIME SAVER! and a STRENGTH SAVER! The saving of garments will alone pay a large per centage on its cost. We think the machine much more than "pays for itself every year" in the saving of garments! There are several kinds, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments may clog the rollers, and the rollers upon the crank-shaft slip and tear the clothes, or the rubber break loose from the shaft. Our own is one of the first make, and it is as GOOD AS NEW after nearly FOUR YEARS' CONSTANT USE.

Every Wringer with Cog Wheels is Warranted in every particular.

No Wringer can be Durable without Cog Wheels.

A good CANVASSER wanted in every town.

☞ On receipt of the price from places where no one is selling, we will send the Wringer *free of expense.*

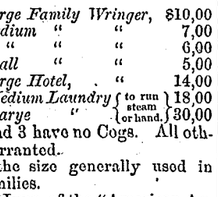
FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

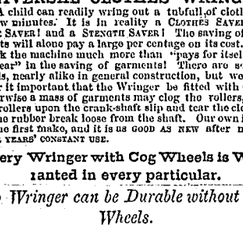
These Powders will strengthen the Stomach and Intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all Diseases incident to the Horse, such as Glanders, Yellow Water, Distemper, Founder, Heaves, Slavering, Coughs, Fevers, Loss of Appetite and Vital Energy, &c.



In poor, low-spirited animals, it has the most beneficial effect.

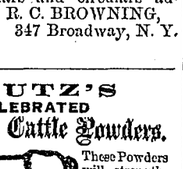
The use of them improves the wind, strengthens the Appetite, and gives to the Horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.

FOR MILCH COWS.



The property this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. By actual experiment it has proven that it will increase the quantity of Milk and Cream twenty per cent., and make the Butter firm and sweet. In fattening Cattle, it gives them an appetite, loosens their hide and makes them thrive much faster.

HOGS.



In all Diseases of the Swine, such as Coughs, Ulcers in the Lungs, Liver, &c. By putting from half a paper to a paper of these Powders in a barrel of Swill, the above Diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented.

PRACTICAL CALCULATOR..

ROHRER'S PRACTICAL CALCULATOR,
A Book of Plain Rules and Calculations for Business Operations, by Martin M. Rohrer, Practical Surveyor and Conveyancer. New Edition, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rules and Examples, entirely and thoroughly practical—such as arise every day in the common pursuits of Business. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the handiest book of reference, pertaining to calculations, that has ever been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the CALCULATOR is simple, that any one who knows how to add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eschew theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, or the science of figures, deeming it sufficient for their purpose to be able at a moment, by reference, to arrive at the true result. The CALCULATOR differs in this respect from all other Arithmetics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business man, what the key to mathematical works in the hands of the teacher in the school room—it facilitates time and insures correctness.

THE WORK TREATS OF THE

Measurement of Land, of Lumber, of Brick and Brick Work, of Stone and Stone work, of grain and grain bins of coal and coal bins, of wood, of solids, of liquids of circular, square or irregular vessels, of cisterns and vats, of roofing, of plasterer's, painter's, glazier's, paver's, plumber's, paper hanger's and upholsterers' work. It treats of currency and of foreign and domestic exchange, of the decimal system, of reduction and its extended application to business, of simple and compound interest, and their entire application to business transactions, with the laws and usages governing the same, together with numerous commercial forms—of legal tender, of partial payment on notes, of banking and bank discount, of equation of payment and of mercantile accounts, of assessment of taxes, of weights and measures, of square and cubic measure, of the square root and its application to business of surfaces, of excavation, and of many other important practical matters not within the scope of an advertisement to mention.

IT IS JUST THE BOOK FOR THE

Farmer, the merchant, the mechanic, the artizan, or the professional man. It has proven a valuable auxiliary to the lawyer, the justice of the peace, the conveyancer, and real estate broker, to the assessor, the banker, the clerk, to the civil engineer and the surveyor, to the carpenter and bricklayer, to the stonemason and the plasterer, to the paper hanger and upholsterer, to the paver and the tiler, &c., &c.; each and all will find it adapted to their various wants better than any work published.

THE "CORRUGATED METAL" PENS, made by C. BARNARD, are the best Commercial and School Pens, without exception to any—They are used by all the principal Banks and Government Departments, Public and Private Schools; also, by the most prominent Commercial Houses throughout the United tates and Canada.

But a short time has elapsed since

C. BARNARD'S PENS

have been introduced into the United States, still a marked preference is given them over all others for the following reasons: The "Corrugated Metal" PENS do not corrode; they will not splatter or cut through the thinnest paper; they have an easy gliding motion, a certainty of equally diffusing the ink, softness of point, and great durability.

The following testimonials, selected from numerous others, are respectfully submitted:
