Commutation on the Draft. The Harrisburg Telegraph says :-There seems still to be much misunderstanding in reference to the period for which the \$300 commutation heretofore paid, will exempt a conscript. The Provest Marshal General has deeided this point very clearly, and in order that the decision may be fully understood, we have endeavored thus to simplify its true meaning: All commutations of \$300, if made at any time PRIOR to February 1864, DOES EXEMPT FOR THREE YEARS. In February the law was changed so that the payment of \$300 henceforth exempted only for the impending draft; while since the passage of the act of this month there is no commutation whatever. All who The Recent Call for 500,000 Men. are henceforth drafted, and are found liable must serve in person or by substitute. Defeat of the Rebels by Gen. Crook.

HARRISBURG, July 20 .- Important despatches were received here last night, from which it is indicated that our forces are steadily and successfully pursuing the rebels who recently ravaged the eastern portion of Maryland, and that the pursuing party is wresting large amounts of plunder from the rebels.

General Crook, while in the pursuit

on Monday last, overtook the enemy at Snicker's Gap, Va., where a sharp and for a time terrific encounter took place. The rebels fought like devils, anxious to save the grain and cattle they had succeeded in carrying that far from Maryland . Gen. Crook, however, was as determined that they should not escape and whipped them thoroughly, capturing over 300 wag-ons heavily laden with grain, and took many prisoners.

As usual, the enemy left his dead and wounded on the field to be buried and cared for by our troops.

LATEST FROM SHERMAN

Washington, July 25. A dispatch received to-day from Gen. Sherman states that his loss in the battle of Friday last was less than 2000, while that of the enemy cannot be less than 7000, owing to the advantage Sherman took of their effort to turn his left column. There is no official information to show our forces have entered Atlanta.

B. C. NORTHROP, Agent.
WHAT EVERYDODY KNOWS, viz.—
That from well galvanized will notrust;
That a simple machine is better than a complicated one
That a wringer should be selfendjusting, durable, and fficient; That Thumb-Screws and Fastenings cause delay and rouble to regulate and keep in order; lit; That wood bearings for the shaft to run in will work That the Putnam Wringer, with or without cog wheels That the ruthan Wringer, with or without co-vill not tear the cluthes; That to Putnam Wringer has all the advanta of one of the disadvantages above named; That the Putnam Wringer has all the advantages, and ot one of the disadvantages above named; That all who have tested it, pronounce it the best-Vringer ever made; That it will wring a Thread or a Bed Quilt without alterration. We might fill the paper with testimonials, frut insert only a few to convince the skeptical, if such there be; and we say to all, test Putnam's Wringer. Test it there oughly with any and all others, and if not entirely sails factory, return it.

Putnam Banufacturing Co:

oughty with any means that factory, roturn it, the most practical experience that from well galvanized with zinc will not oxidize or rust from well galvanized with zinc will not oxidize or rust possible, and I can cheerfully recommend it to be the best in use.

Many years' oxperience in the galvanizing business enable me to indorse the above statement in all particulars.

enable me to Indorse the above statement in all particulars.

New York, January, 1864.

We have tested Puttuan's Clothes Wringer by Practical working, and know that it will do. It is cheap; it is simple; it requires no room, whether at work or at rest; a child can operate it; if. does its othy thoroughly; it saves time and it saves wear and tear. We carriestly advise all who have much washing to do, with all intelligent porsons who have onch washing to do, with all intelligent porsons who have anch such such such such pay for itself in a year at most.
