The property this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which shorld place it in the hands of every person keeping a Cow. By actual experiment it has proven that it will increase the quantity of Milk and Cream twenty per cent., and make the Butter firm and sweet. In fattening Cattle, it gives them an appetite, loosens their hide and makes them thrivo much faster.

POHRER'S PRACTICAL CALCU-

Omeganer. New Eddion, published by J. B. Lippincott & Co., Philadelphia.

This work contains 204 pages, and upwards of 500 Rulor and Examples, entirely and thoroughly practical.—ch as arise every day in the common pursuits of Busiless. It has already passed through a number of editions in rapid succession, and is pronounced by all classes of business men to be the habdlest book of reference, portaining to calculations, that has over been published.

Every example in the book is worked out in full and stated in a plain manner, so that when a parallel case arises, those referring to the work will find no difficulty in solving it; in a word, the general arrangement of the OALCULATOR is simple, that any one who knows how to add, subtract, multiply and divide, can easily solve any ordinary example that arises in business, or arrive at the true result of any estimate required.

The chief aim of the author has been to eachout theory and philosophy in figures, aiming only at facts and simplicity, believing that business men care little about spending time in discussing the philosophy of rules, of the science of figures, deeming it sufficient for their purpose to be able at a moment. By reference for arrive at the true result. The CALGULATOR different in this respect from all other Arthhedics of the day and kindred works—it is a key to practical business calculations—it is, in the hands of the business mean convention works—it is a the hands of the teacher in the school room—it facilit tates time and insures correctness.
